Ntanguye gusenga, hari ikintu c'igitangaza cabaye: nagiye numva umuhogo wanje uriko urambana muto, umengo hari uriko aranigura, canke ndiko ndabura impwemu, mpema vyanka. Naragize uwloba bw'ikirenga numvise bibandanije, ahubwo bigenda vyunyuka. Hanyuma niho naja numva ijwi rimbwira riti: "Heba isilamu! Vavanura n'idini rya isilamu!" Naciye niyumvira kandi nemera ko ari Umwami Yesu. Muri ico gihe, ntangura kugeza kwishura mvuga nti "Mwami,

muvy'ukuri, haraheze igithe ntakiri "muri" isilamu canke ntayikurikiza namba."

Ariko rero, nabandaniye kwumva mbura impemu, mpema vyanka, bituma mvuga nti: "Mw'izina rya Yesu, ndaheyve idini rya isilamu". Ibi vyose vyariko biba muburyo butekanye, mu gacerere, kuko hari mu nzu yo gusomeramwo. Ubwo nyene, nja numva kwa kunigurwa nariko ndumva biraheze. Numva ndaruhutse, ndaremurutse! Nca nsubira mu masengesho yanje no mu gikorwa co kwitegurira ihuriro nategerezwa gushikirizamwo ubutumwa. Muvy'ukuri, muri iryo huriro, Umwami yariyerekanye mu bubasha bwiwe, kuko ndibuka ko nabonye abanyeshule bapfukamye, bashemeza Umwami Yesu n'ijwi riri hejuru, bamwishikanako.

Ica nkenerwa gikuru ku bantu bo muri iyi si turimwo muri iki gihe, ni ukwigobotora ku ngoyi z'idini rya isilamu. Kino gitabu kirasigura igituma ibi ari nkenerwa, nuburyo vyokorwa. Kiratanga ivya nkenerwa vyo kumenya hamwe n'amasengesho bishobora gufasha abakristo kwiganzura ku bubasha n'imizana idini rya islamu rifise ku mitima yabo.

Icyumviro ngenderwako c'iki gitabu, ni uko ububasha n'imizana idini rya islamu rifise ku mitima y'abantu vyubahirizwa bikigaragaza biciye mu masezerano (*pactes*) abiri azwi ku mazina ya *shahada na dhimma*. Ayitwa *shahada abo abo islamu bo nyene*, *ayitwa dhimma nayo akabohera abatari aba islamu mu buzima bw'ubuja butegekanijwe n'amategeko y'idini rya islamu*.

Ni ngombwa cane kumenya:

- Ingene umuntu yahora ari umu islamu hanyuma akaba yahisemwo gukurikira Kristo ashobora kuvavanura n'iryo dini, kandi akiganzura ubuyoboke bw'isezerano rya *shahada n'ibijanye* naryo canke birikomokako vyose.
- Ingene abakristo bashobora kwemeza umwidegemvyo wabo hanyuma bagafashwa kwigobotora ukwiyumva ko bari hasi cane (ari abaja) biggeranije n'aba islamu, bikaba bikomoka ku mategeko ya *sharia* biciye mu masezerano ya *dhimma usanga agenga aho hose higanje iryo dini rya islamu*.

Abakristo barashobora gusaba ubwigenge bafitiye uburenganzira kuri ayo masezerano uko ari abiri, kandi ntabundi buryo bocako atari

ukuyaheba bakavavanura nayo. (Nico gituma hari amasengesho ajanye no kuvavanura n'idini rya isilamu yatanzwe mu bice biri inyuma vy'iki gitabu).

Amasezerano abiri

Ijambo ry'icarabu *Islam risigura* “kwishikana” canke “kwemera kuganzwa”. Ukwemera kwa Muhamadi gutegekaniriza isi ubwoko bubiri bw'ukwishikana canke kwemera kuganzwa n'iryo dini. Bumwe, ni ubwo kwishikana no kwemera kwitanga ku muyoboke yemeye idini rya isilamu. Ubundi, ni ukwishikana no kwemera kuganzwa kw'abantu batari aba isilamu, bategerezwa kwemera kuganzwa n'idini rya isilamu, batari abayoboke b'iryo dini.

Isezerano rigenga abayoboke ba isilamu, miryo ryitwa *shahada*, ariyo nama (credo) y'aba isilamu. Ni ukwemeza icese (ukwigira inama icese) ko bemera Allah ari we musa ari Imana, yuko Muhamadi ari intumwa yiwe, hamwe n'ibindi vyose bituruka kuri ivyo vyemezo.

Isezerano rigenga abatari aba isilamu, ariko bategerezwa kwemera kugabwa bakaganzwa mubijanye na politike (intwaro n'uburongozi) n'idini rya isilamu, rizwi kw'izina rya *dhimma*. Ni indinganizo y'amabwirizwa ya isilamu itegekanya ikerekana ikibanza n'imibereho vy'abakristo n'abandi bashimye kutaba abayoboke ba isilamu. Ariko bakabwirizwa vyanse bikunze kwemera kugabwa no kuganzwa nayo.

Ivyo idini rya isilamu risaba rigategeka mbere ko abantu bose iyo bava bakagera (isi nzima) bokwemera bakaganzwa, biciye ku cemezo ca *shahada*, canke ku kwemera ica *dhimma*, ni ngombwa ko birwanywa.

Abakristo benshi bashobora gutegera ko umuntu yavuye mu ki isilamu agakurikira Kristo ashobora gukenera kuvavanura n'iryo dini rya isilamu. Ariko, abakristo benshi bashobora gutangara bumvise yuko abakristo batigeze baba aba isilamu ushobora gusanga basigaye baremerwa bakaganzwa kuvy'umutima n'igitugu c'iryo dini rya isilamu. Kugira ngo babirwanye, ningombwa ko bahaguruka bakavuga ico biyumvira kubitegekanya n'isezerano rya dhimma, bakiyamiriza ubwoba n'ugucinyizwa idini rya isilamu rirondera kubagumizamwo kubera ko atari abayoboke baryo, ribafata nk'abari musi y'abaryegukira.

Tugiye kwhiweza ivyo arya masezerano asenyera ku mugozu umwe mu gushira no kugumiza abantu mu buja bwo kuganzwa, ari yo

shahada na *dhimma*, ashingiyeko, tubatumirira kwemera Kristo, ububasha bw'ugingo bwiwe n'iviza vy'umutima bitanga umwidegemvyo, yahezagije isi biciye ku musaraba. Haratangwa iviyumviro ngenderwako vyo muri Bibiliya hamwe n'amasesgesho bigufasha kwisabira wewe nyene ubwawe umwidegemvyo Kristo yazanye kubwawe.

Uguheba ubwigenge

Abigisha benshi b'aba isilamu baravuga bemeza ko ubwigenge ari “ubwa Allah gusa”. Bavuze uko, baba bashaka kwemanga no kwerekana ko amategeko ya *sharia* ari yo yonyene ategerezwa kwiganza ku yandi mateka yose agenga ubutungane canke ububasha n'ubutegetsi.

Iciyumviro gikuru c'iki gitabu, nuko abagendanyi ba Kristo barekuriwe (bafise uburenganzira bwo), kandi mbere ahubwo bategerezwa (bafise itegeko ryo) kuvavanura n'ubundi bwoko bwose bw'ubwigenge bw'umutima.

Mu vyiyumviro vya gikristo, kuyoboka Kristo bisigura guheba uwo wese yoshaka kwigarurira umutima wawe, maze ukawuhebera Kristu mu buryo butagabanije. Mw'ikete yandikiye Abo I Kolosayo, Paulo avuga ko ukwizera Kristo ari nko gukurwa mu bwami bumwe ukajanwa mu bundi bwami:

Kuko “Yadukijije ububasha bw'umuzimagiza, atwimirira mu bwami bw'Umwana wiwe akunda cane; muri we, niho dufise ugucungurwa, no guharirwa ibicumuro. (Kolosayo, 1:13-14)

Umukenyuro wo mu bijanye n'umutima butangwa muri iki gitabu, ni ugushira mu ngiro iki ciyumviro ngenderwako co kwimurwa mu bwami bumwe tukarungikwa mu bundi bwami. Biciye mu gucungurwa kwabo, abayoboke ba Kristo (abamwizera) baraje mu bwami bwiwe. Kuri iyo mvo, ntibakigengwa na vya vyiyumviro ngenderwako bijanye “n'ubwami bw'umuzimiza”.

Kugira ngo abizera bashobore kwemeza ukwo kwidegegemvyo bo nyene kandi kubanyure bakugire rwabo koko—nkako nyene ni ryo ragi bavukanye—rihushanye n'amabwirizwa y'iki isilamu, ningombwa ko bamanya *aho bimuwe bava*, n'*aho bimuriwe*. Iki gitabu nibwo bumenyi gitanga, kikongera kigatanga n'ivya nkenerwa kugira ngo ubwo bumenyi bushobore gushirwa mu bikorwa.

Inkota si yo nyishu

Hariho inzira nyinshi zo kurwanya ubwo buryo idini rya isilamu ryama rirondera kwiganza hose. Hashobora kuba ibikorwa vy'ubwoko bwinshi, nk'ibifatiye kuri politike (intwaro n'imikenyuro y'uburongozi bw'ibihugu) n'imibano, uguharanira agateka ka zina muntu, ubushakashatsi no gukoresha ibibuvuyemwo, hamwe no gukoresha ibimenyeshamakuru ku mvo zo kumenyekanisha ukuri. Ku bihugu n'ibibano bimwe bimwe, hari ibihe ushobora gusanga biba ngombwa kwikora ku muheto (ingwano), ariko rero inkota ntishobora kuba inyishu ya nyuma ku buryo bwa jihad isilamu ikoresha irwanira ubwiganze.

Igihe Muhamadi yategeka abayoboke biwe gukwiza isilamu mw'isi yose, yababwirije guha abantu batari aba isilamu ibintu bitatu bashobora guhitamwo. Ica mbere, kwari uguhinduka bakaba aba isilamu (shahada), ikindi, kwari ukwishikana muvyerekeye intwaro bakaganzwa muri vyose n'aba isilamu (dhimma), ica gatatu, yari inkota: kurwanira ubuzima bwabo, ariko kwica canke kwicwa, nkuko biri mu nyigisho za Korowani (K9:111; raba kandi K2:190-193, 216-217; K9:5, 29).

Ariko rero, inzira yo kurwanya jiha inguvu za gisirikare, harya ijana nuguhanamirwa mu bijanye n'ubuzima bw'imitima, biza vyiyongera ku guhakwa kuneshwa mu ntambara y'ibirwanisho. Igihe abakristo b'iBulaya bafata ibirwanisho bakaja kurwana bivuna ibitero vy'aba isilamu, bategerejwe kwama mu ntambara yamaze imyaka irenga igihumbi. Ingwano yo guhabuza akarere ka Péninsule Ibérique (Ubumanuko bushira uburengero bw'Uburayi harimwo nk'ibihugu vya Portugali na Esupanye) ariyo bise "Reconquista" yamaze hafi imyaka 800. Haciye imyaka itarenga indwi, abarabu barafashe igisagara ca Roma mu mwaka wa 846 (hanyuma y'umuzo wa Kristo), hanyuma haciye imyaka irenga ijana aba isilamu bafashe bakiganzira Andaluziya (ka karere ka Péninsule Ibérique), mu mwaka wa 853 wakurikiye, Papa Lewo IV yaremereye iparadizo (ijuru) abo bose batanze ubuzima bwabo barwanira amashengero n'ibisagara vy'abakristo vyari bahanamiwe na jihad (ingwano) ya isilamu. Ariko rero, uku kwari ukurwanya isilamu ukoresheje umukenyuro ataho utaniye nuwo nayo yariko irakoresha: nkako, Muhamadi niwe yari yemereye ijuru abapfira ku rugamba rw'idini, si Yesu.

Naho biri uko, inkomezi za isilamu, ntizishingiye ku nguvu za gisirikare canke za politike: ahubwo zishingiye ku kwiganzira imitima y'abantu. Mu kugeza kwigarurira isi, idini rya isilamu ryashize imbere uburyo bwo gukandamiza bushingiye ku mategeko ya sharia yubakiye ku nkingi za shahada na dhimma. Akongera agashigikirwa n'inguvu za gisirikare. Ninaco gituma uburyo butangwa muri kino gitabu bwo kurwanya isilamu no kubohora abantu bakava mu buja bw'iryo dini, nabwo bushingiye ku buzima bw'umutima. Bitegekanijwe ko abakristo babukoresha mu gihe bariko barashira mu ngiro ugutegera umusaraba bafashijwe na Bibiliya kugira ngo bashikire ubugingo burangwa n'umwidegemvyo.

"Atawumukozeko (atari ku bubasha bw'abantu)"

Mu gitabu ca Daniyeli, hariho imbonakazoza ya buhanuzi (y'ukuvugishwa) y'igitangaza, yatanzwe hasigaye ibinjana bitandatu ngo Yesu Kristo aze mw'isi, ivuga umwami yari kuza akaganza ubwami bwashinzwe busubirira ubw'umwami w'abami Alexandre le Grand:

Igihe inganji yabo igira ihere, abanyabicumuro bamaze kurwira, hazovyuka umwami w'umujinya, azi guhinyika. Ububasha bwiwe buzoba bukomeye, ariko ntibuzoba ari ububasha bwiwe we nyene ubwiwe. Azogeseza bitangaje, akore ivyo yigombeye, atunganairwe; azogeseza abahambaye hamwe n'ubwoko bw'abera. Akenge kiwe kazotuma ivy'ubugunge biroranirwa; azokwigira uwuhambaye mu mutima wiwe, ageseze benshi ataco binona; mbere azohaguruka kurwanya Umwami w'abami; ariko azovunagurika atawumukozeko (atari ku bubasha bw'abantu) (Daniyeli 8:23-25)

Ibiranga uyu mwami nivyo yakoze bifise insano y'agatangaza na Muhamadi n'iragi ryiwe, harimwo n'uburyo isilamu yiyumva ko iri hejuru y'ayandi madini yose, ipfa ryayo ryo kugera vyanse bikunze ku vyo rishaka vyose, ugukoresha urwenge n'ikinyoma, ukwigarurira inguvu n'amatungo vy'abandi ikabikoresha kugira ngo yongereze inkomezi n'ububasha vyayo, uburyo isilamu itera ikanesha ibihugu ataco vyinona vyashize agati mu ryinyo ngo biri mu mutekano wuzuye kandi atari vyo, ukurwanya Yesu, Umwana w'Imana akaba n'Umwami wa bose yabambwe ku musaraba, hamwe n'urukurikirane

rw'ibikorwa vyo gucuvya no kugeza gutabatanga abakristo n'abayuda.

Mbe bane, iyi mburakazoza yoba imenyesha Muhamadi n'idini rya isilamu ryamuka mu ngorane zashikiye uyo Muhamadi mu bijanye n'ubuntu n'ubuzima bw'umutima vyamwankiye bikamubera amananiza kuri iyi si, hamwe n'iragi yahavuye asiga, nkuko tubisanga mu buhamya bwatororokanijwe buva muri iryō dini? Iri ragi ryo, riragaragara. Iyo mburakazoza y'umuhanuzi Daniyeli niyaba koko ibura Muhamadi, yotanga icizere cuko hazoba intsinzi isambura ububasha bw'uyo "mwami", ariko iranongera ikagabisha ivuga ko iyo ntsinzi itazoturuka ku "bubasha bw'abantu". Kugira ngo uyu "mwami w'umujinya" (w'ikimwenyi) ashobore kuneshwa, umwidegemvyo ntuzotsindirwa biciye gusa ku buryo bwa politike (intwaro n'uburongozi), bw'igisirikare (umuheto), canke ku butunzi.

Nta nkeka, iyi ngabisho isa n'iyyoranye, twihweje uburyo idini rya isilamu ryiyemeje ko ari ryo rifise uburenganzira bwo kuganza abandi bose. Ubukomezi ico cemezo isilamu yihaye buhagaze kubijanye no kuganza imitima, ari naco gituma uburyo bwo kubirwanya no gushikira umwidegemvyo urama, nabwo butegerezwa gushingira kubijanye n'ubuzima bw'imitima. Harashobora gukenerwa n'ubundi buryo bwo kubirwanya, harimwo mbere n'ugufata ibirwanisho (ingwano), ku mvo zo gutorera inyishu ako karangamutima kagenza idini rya isilamu ko kugaba no kuganza bose, ariko ivyo ntivyogenda bishitse ku muzi nyamukuru w'ingorane ngo ibone kuva mu nzira, iranduranwe n'imizi.

Ububasha bwa Kristo n'ubw'umusaraba wiwe, nibwo bwonyene butanga inzira ishikana ku bushobozi bwo kwiganzura mu buryo burama kandi bwa karangura (budasubira inyuma) aka kiganzo n'agasuzuguro k'idini rya isilamu. Ivyo turavyemera tudakekeranya, iri rikaba ari na ryo shingiro rya kino gitabu, ari vyo vyatumye tucandika. Ihanguro ryaco, ico kigamije, ni uguha abizera Kristo uburyo bwo kubafasha gushikira umwidegemvyo kuri za nkingi zibiri idini rya isilamu ryishimikiza mu kuganza imitima y'abantu.

Akarorero ntanganyigisho: Wokora iki?

Mw'ishengero, uri umukozi mubijanye no gufasha urwaruka, ukaba watumiwe mu nama ihuza abaserukira urwaruka, irimwo n'abakristo batari bake bahambaye bahindutse bava mw'idini rya isilamu. Babaraje mu nzu y'indaro (dortoir) nziza cane y'ishule rimwe, usanga harimwo ibitanda bine mu cumba kimwe cose. Babiri mu bo musangiye icumba, Hassan na Hussein, ni abakristo b'amahasa bahindutse bava mu ki isilamu. Imbere yo kuryama, Patrick, iyindi ndongozi y'urwaruka ibakurira mu myaka, aragutumira hamwe na ba bantu babiri bandi, ngo mwifatanye nawe mu masengesho. Mwese nyene muvyakirana akamwemwe, muja gusenga hamwe nawe, hanyuma Patrick asenga asaba Imana ngo ikingire imitima yanyu muri iryo joro. Hageze hafi isaha icumi zo mu gicugu (4H00 hanyuma y'isaha zitandatu z'ijoro), niho Hassan yatangura kuboroga, biboneka yuko adatekanye namba mu mutima. Patrick, Hussein, na wewe, murakikiza Hussein kugira ngo mumusengere. Uko Patrick yasenga, niko ahubwo Hussein yarushirizaho gutekerwa n'ubwoba.

Patrick abwira Hussein ati: “Ko wahindutse uva mw'idini rya isilamu, woba warihakanye icese amasezerano, indagano n'ibindi woba waremeye gukora mu buzima bwawe bwo hambere (ukiri umu isilamu)?”

Hussein aca asa nuwtangaye cane, yaguye mu gahundwe, avuga ati: “ivyo vyo ni ibiki? Ntabintu nkivyo twigeze tugira mw'idini rya isilamu. Umve: ntakindi twagira atari kuja ku musigit, ubu naho turi abakristo. Umuvukanyi wanje Hassan, afise ingorane yo kuja arasanga yararutse umutima, nkuko bishikira abandi bose. Ibi, ntaho bihuriye n'amadini.” Hanyuma Hussein arakuraba, akubaza ati: “Wiyumvira yuko hari ibintu twari gutegerezwa kuba twarahakanye icese? Wiyumvira ko hari idayimonni iyi canke iriya yoba yihishije mu buzima bwacu, canke ibindi bintu bisa nkivyo?”

Womwishura iki?

Reza yari umusore yari yarafashe ingingo yo kuva mw'idini rya isilamu agakurikira Yesu Kristo. Mw'ikoraniro ryabayé umusi umwe ku kagoroba, asabwa kuvuga igitabisho co guhakana icese idini rya isilamu. Nakanyamuneza kenshi, aratangura ayo masengesho. Ariko rero, muri ayo masengesho, hageze ko avuga amajambo "Ndiyemeje icese guheba akarorero ka Muhamadi", biramutangaza cane gusanga adashobora kuvuga ijambu "Muhamadi". Ibi vyaramubabaje cane, kuko naho yari yakuriye mu muryango w'aba isilamu, ntiyari yarigeze akunda iryo dini, kandi yari amaze igithe kirekire yararivuyemwo. Abagenzi biwe b'abakristo baramukikiza, bamutera integre n'amajambo amwibutsa ububasha afise muri Yesu Kristo. Hanyuma vivyo, yarashoboye kubandanya no guheraheza amasengesho yiwe, avuga amajambo amenyesha ko yihakanye icese kandi ahevye akarorero ka Muhamadi.

Hari ibintu bibiri vyahindutse mu buzima bwa Reza hanyuma y'iryo joro. Ubwa mbere ho, yarakize akamenyero yari yaragendanye mu buzima bwiwe bwose ko kurakarira abandi; ica kabiri, yahindutse kirumara mugukwiza ijambu ry'Imana no mu kwigisha no kubera akarorero abandi bari bahindutse bava mw'idini rya isilamu. Iryo joro, igithe Reza yihakana icese idini rya isilamu, yarasizwe amavuta ngo aronke ubushobozi bwo gukwiza Ubutumwa bwiza no kuba umugendanyi wa Kristo, ibi navyo vyaramufashije kuba kirumara mu butumwa yari agiye kurangura. Yarabohowe ahinduka uwidegemvyia kugira ngo ashobore gufasha mu gukwiza Ubutumwa bwiza.

Iki kigabane kivuga ibijanye n'uburyo bwo kubohorwa ububasha bwa Satani. Bifasha gutegura ibigabane bikurikira, bivuga cane cane ibijanye n'ibigize ubuja bwa isilamu.

Ivyiyumviro ngenderwako vyigishwa muri kino kigabane bishobora kwisungwa mu bindi bintu vyinshi, atari gusa ibijanye n'idini rya isilamu.

Yesu atangura kwigisha

Mw'ikete ryiwe yandikiye Abaroma, Paulo yaravuze ivyerekeye "ukwidegemyia gufatana n'ubwiza (ubuninahazwa) bw'abana b'Imana" (Abaroma 8:21). Uwo mwigegegemvyo ufatanye n'ubuninahazwa, niwo musi mukuru w'amavuka y'umukristo wese. Ni impano, iragi ry'agaciro ntangere Imana ishaka guha umuntu wese yizera agakurikira Yesu.

Igihe Yesu yatangura ubutumwa bwiwe bwo kwigisha, inyigisho yiwe ya mbere y'icese yari iyerekeye umwidegemvyo. Vyatanguye Yesu agiheza kuronka ibatisimu ya Yohana Batista, kandi hanyuma yaho yageragezwa na Satani mu bugararwa. Yesu avuye aho mu bugararwa, ubwo nyene yaciye atangura kwigisha Ubutumwa bwiza. Yabigenjeje gute? Yabikoze mukwimeneyanisho, mu kwidondora uwo ari we. Muri Luka, dusoma ko Yesu yahagurutse mu rusengero i Nazareti, arico kigwati yamukamwo, maze atangura gusoma mu gitabu ca Yesaya, ikigabane ca 61:

“Mpwemu w’Uhoraho ari kuri jewe. Nico catumye andobanuza amavuta kugira ngo mbwire aboro ubutumwa bwiza. Yantumye kumenyesha abarindwa ko barekuwe, n’impumyi ko zihumuka, no kurekura abahahazwa ngo bidegemvyo, no kumenyesha abantu umwaka wo kwemererwamwo n’Uhoraho.”

Azinga igitabu, agisubiza umusanzi w’inzu, aricara. Abantu bose bari mw’isinagoga bamuhanga amaso. Atangura kubabwira ati:
“Ivyo vyanditswe birashitse uyu musi, nkuko amatwi yanyu yiyumviye.” (Luka 4:18-21)

Yesu yariko amenyesha abantu yuko yazanywe no kubobora abantu. Yavuze ko indagano yaraganiwe abantu biciye kuri Yesaya zirangutse “uyu musi”: abantu b’i Nazareti bari bahuye n’Umwe ashobora kuzanira umwidegemvyo abari mu ngoyi. Yarongeye ababwira ko yasizwe (yarobanuwe) amavuta na Mpwemu Yera: Yari Uwasizwe (Uwarobanuwe), Mesiya, Umwami yatowe n’Uwuhoraho, Umukiza bemerewe.

Yesu yariko abatumirira guhitamwo umwidegemvyo. Yari abazaniye inkuru nziza: umwizeru ku boro, ukubohorwa ku bari mu ngoyi mu mabohero, uguhumuka ku mpumyi, n’umwidegemvyo kuri abo bose bari mu gacinyizo.

Aho hose Yesu yagiye, abantu yabazanira umwidegemvyo—umwidegemvyo w’ukuri, mu buryo bwinshi bunyuranye. Dusomye Ubutumwa bwiza, turumva Yesu ariko akora ineza ku bantu benshi: gusubiza umwizeru abihebuye, kugaburira abashonje, kurokora abantu mu bubasha bw’abadayimoni, no gukiza abarwaye.

Nuyu musi, Yesu aracariko arazanira abantu umwidegemvyo. Yesu ahamagariye umukristo wese kwakira uwo mwidegemvyo azana.

Igihe Yesu yamenyesha mw'isinagoga ko yariko aramenyesha icese "umwaka wo kwemererwamwo n'Uhoraho" (umwaka w'ubuntu bw'Umukama), yariko abwira abantu ko wari umwanya udasanzwe wabo, aho Imana yabereka Ubuntu bwayo, ukwemererwa kwabo kuvyo bari bakeneye. Yesu yariko ababwira yuko Uhoraho yari aje n'ububasha n'urukundo, azanywe no kubohora abantu, yuko nabo nyene bashobora kubohorwa.

Mbega, woba wizera ukemera yuko gusoma iki gitabu gushobora kukubera umwanya udasanzwe wo kwakira umugisha (inema) n'umwidegemvyo w'Uhoraho?

Igihe co guhitamwo

Iyumbire yuko woba wugaraniwe mu kadukuru (akazu gato cane nka kamwe bugaraniramwo inguge y'intungano), umwango wako ukaba wugaye n'urupfunguruzo. Uko umusi utashe, barakuzanira ibifungurwa n'amazi muri ka kadukuru (rya bohero). Urashobora kwibera ngaho, ariko muvy'ukuri, uri umunyororo. Dufate ko hari umuntu aje akugurura umwango wa rya bohero. Ubu rero, ushobora guhitamwo. Urashobora kuguma wibera muri rya bohero, ka kadukuru, canke ushobora gusohoka ukava muri iryo bohero, ukaja kuraba ingene ubuzima bumeze hanze ya ka kadukuru umenyereye. Ukwugururirwa umwango w'aho hantu wari wugaraniwe, ntibikiyi vyonyene. Uttegerezwa guhitamwo gusohoka ukava muri iryo bohero wari wugaraniwemwo. Udahisemwo kuba uwidegemvya, ni nkuko woba ucugaraniwe muri ka kadukuru (rya bohero ryawe).

Mw'ikete yandikiye abo i Galatiya, Paulo yavuze ati : "Kristo yatugobotoye ngo tube mu mwidegemvyo. Nuko, muhagarare mushikamye, ntimukongere kuzingirwa n'ukwikorezwa umutwaro uremereye w'ubuja." (Ab'i Galatiya 5:1). Yesu Kristo yazanywe no kubohora abantu, kandi, tumaze kumenya umwidegemvyo azana, ningombwa ngo tugire ico duhitamwo. None, tuzohitamwo kubaho nk'abidegemvya?

Paulo avuga ko dutegerezwa kuguma turi maso, ata kidusamaza, kugira ngo dushobore gusaba no kwemeza icese umwidegemvyo wacu. Kugira ngo tubeho mu mwidegemvyo, ni ngombwa ko dutegera ico ari co kuba uwidegemvya, hanyuma tukaboneraho gusaba no kwemeza umwidegemvyo wacu, hanyuma tukawugendera. Igihe turiko turakurikira Yesu, tugomba kwiga uburyo bwo

“guhagarara dushikamye”, kandi tukiyamiriza “umutwaro uremereye w’ubuja.”

Izi nyigisho zigenewe gufasha abantu bose guhitamwo kuba abidegemvya, hanyuma bakabaho nk’abantu bidegemvya.

Muri utu duce dukurikira, turiga uruhara rwa Satani, ingene tuvanwa mu bubasha bwa Satani tukimurirwa mu bwami bw’Imana, hamwe n’ingwano y’imitima turimwo.

Satani n’ubwami biwe

Bibiliya ivuga ko dufise umwansi, umwe arondera kudusambura. Yitwa Satani. Afise abamufasha benshi. Bamwe muri abo bafasha ba Satani, bitwa abadayimoni.

Yesu asobanura uburyo Satani akora mu bantu muri Yohana 10:10, aho yita Satani “igisuma”: “Igisuma ntikizanwa n’ikindi atari ukwiba, ukwica n’ugutikiza. Nayo jewe nazanywe no kugira ngo baronke ubugingo, kandi ngo baburonke ari umusesekara.” Raba namwe ingene ubwo budasa ari igitangaza! Yesu azana ubugingo—ubugingo bw’umusesekara; Satani nawe azana ukunyaga, ugusambura, hamwe n’urupfu. Yesu aranatubwira yuko Satani “yahereye mu ntango ari umwicanyi” (Yohana 8:44).

Nkuko bimenyeshwa mu nzandiko z’Ubutumwa Bwiza n’amakete yo mw’Isezerano rishasha, Satani afise ububasha n’ubwigenge vy’ukuri, ariko bitari ikiengwa, kuri iyi si. Ubasha bwiwe bwitwa “ububasha bw’umuzimagiza” (Kolosayo 1:13), nawe akaba yitwa:

- “umwami w’iyi si” (Yohana 12:31)
- “Imana y’iki gihe” (2 Korinto 4:4)
- “umwami w’abaganza ikirere” (Efeso 2:2)
- “mpwemu ikorera mu bantu b’intabarirwa” (Efeso 2:2).

Intumwa Yohana aranigisha ko isi yose yiganziwe na Satani: “Turazi ko turi ab’Imana, kandi isi yose iri muri wa Mubi.” (1 Yohana 5:19)

Dutegereye yuko “isi yose iri muri wa Mubi”, ntivyotegerejwe kudutangaza kubona ibikorwa vya Satani mu bantu bo mu mico yose,

mu vyiyumviro ngengantwaro vyose no mu madini yose vyo kw'isi nzima. Satani ari ku kivi mbere no mw'ishengero.

Kuri izo mvo, turanashobora no kwihiweza ivyerekana inabi iri mw'idini rya isilamu, uko iryu dini ribona iyi si, hamwe n'ububasha bwaryo ku mitima; ariko reka tubanze turabe iviyumviro ngenderwako ku buryo bwo kubohorwa ku nabi.

Ukwimirwa guhambaye

J. L. Houlden, umushakashatsi wa Kaminuza Trinity College Oxford, yaranditse umwihwezo w'iviyumviro ndoramana vy'a Paulo. Agira ati, Paulo:

... yari afise iviyumviro vyiwe ku muntu bitarangwamwo ugukekereza. Ku vyaha vyiwe kandi ku gushaka kwiwe, umuntu yaragiye kure y'Imana... Ari kandi mu ngoyi z'ububasha bw'abadayimoni bayerera mw'isi, bagakoresha Amategeko, ku mvo zitari izo gufasha abantu kuyoboka Imana, ahubwo nk'igikoresho c'ububisha n'ubumwenyi bwabo. Ibi vy'abantu vyo kuba kure y'Imana, abo kw'isi yose babihuriyemwo —si ivy'abayuda gusa canke ivy'abapagani gusa. Niko kamere ka zina muntu nk'umwana wa Adamu¹.

Houlden abandanya avuga asigura yuko mu buryo Paulo abona isi, ibiremwa muntu ari ngombwa yuko bicungurwa bikava muri ubwo buja « Kuvyerekeye ububasha bw'abadayimoni, nta kindi umuntu akeneye atari ukugobotorwa mu vyara vyabo ». Ikidushikana kuri urwo rukiza, ni igikorwa Kristo yakoze mu rupfu rwiwe n'izuka ryiwe. Yabaye intsinzi ku rupfu, no ku bubasha burangwa n'ikibi bw'abadayimoni busanzwe buboshe abantu bose bo kw'isi.

Naho, nk'abakristo, tukiba muri “iyi si y'umuzimagiza” (Efeso 6:12; gereranya na Filipi 2:15), ibi vyoba bisigura ko tuciganziwe n'ububasha bwa Satani? Eka namba! Kuko twarimuriwe mu bwami bwa Yesu.

Igihe Yesu yiyyereka Paulo akamuhamagarira kuja kumenyesha ubutumwa bwiza mu bapagani, iyo ntumwa ibarirwa yuko izobahumura amaso kugira ngo “bahindukire bave mu mwijima baje

¹ J. L. Houlden, *Paul's Letters from Prison (Amakete Paulo yandikiye mu munyororo)*, p. 18.

mu muco , bave no mu bubasha bwa Satani baje ku Mana” (Ivyakozwe n'intumwa 26:18). Aya majambo yerekana yuko abantu biganziwe n'ububasha bwa Satani, imbere yuko bacungurwa na Kristo, ariko muri Kristo, bararokorwa bakavanwa mu bubasha bw'akabi, bakavanwa mu bwami bw'umuzimagiza bakimurirwa mu Bwami bw'Imana.

Mw'ikete yandikiye Abakolosayi, Paulo arasigura ingene abasengera:

... Mushime Data wa twese yabashoboje kuraganwa n'abera umugabane wo mu muco; yadukijije ububasha bw'umuzimagiza, atwimirira mu bwami bw'Umwana wiwe akunda cane. Muri uwo niho dufise ugucungurwa , ni kwu guharirwa ivyaha vyacu.” (Kilosayi 1:12-13).

Iyo umuntu yimukiye mu kindi gihugu, arashobora gusaba ubwenegihugu bw'ighugu yimukiyw; ariko rero, mukubigira, hari aho asanga ategerezwa guheba ubwenegihugu yahorana. Urukiza rwa Kristo, narwo niko rumeze; winjiye mu bwami bw'Imana, uronka ubwenegihugu bushasha, maze ugaheba burundu ubwnegihugu wahorana.

Ukwimukira burundu mu buyoboke bwa Yesu Kristo, bitegerezwa kugirwa ku bushake bwa muntu. Bishobora gusaba ibikurikira:

- Guhakana Satani n'akandi kabi kose.
- Kuvavanura imigenderanire itabereye n'abandi bantu bakugizeko ububasha buteye kubiri n'Imana.
- Guheba amasezerano ateye kubiri n'uburoramana yagizwe n'abo wamukako mw'izina ryawe canke yagize ico yosha kitabereye mu bugingo bwawe, no kuvavanura nayo.
- Guheba ivyo ufitiye ubushobozi bwo gukora vyose mu bijanye n'umutima biteye kubiri n'ingendo ndoramana bituruka ku kuyoboka abantu bateye kubiri n'Imana canke ibintu bidukura ku Mana.
- Gushira ibikwegukira vyose mu bugingo bwawe mu minwe ya Yesu Kristo, no kumutumirira kuba ari we aganza umutima wawe nk'Umwami wawe kuva uyu musi no mu bihe vyose bizokurikira.

Urugamba

Iyo umukinyi w'umupira w'amaguru yimuriwe mu wundi murwi atari uwo yahoramwo, ategerezwa gukinira uwo murwi mushasha yimuriwemwo. Ntaba agishobora gukinira uwo yahoramwo. Niyo twimuriwe mu bwami bw'Imana, ni nkuko nyene: dutegerezwa gukinira umurwi wa Yesu, maze ntidusubire kwinjiriza ibitsindo umurwi wa Satani.

Nkuko Bibiliya ibivuga, hariho urugamba mu bijanye n'imitima hagati y'Imana na Satani. Ni ubugumutsi bw'ikivunga kandi bukwiye isi yose ku bwami bw'Imana (Mariko 1:15; Luka 10:18: Satani ikoroka iva mu kirere nk'umuravyo; Efesi 6:12: Kuko tutarwanya abafise amaraso n'umubiri, ariko turwanya abafise inganji, abafise ubutwari, abaganza iyi si y'umwijima hamwe n'imitima y'inabi iyerera mu kirere). Ni ingwano hagati y'ubwami bubiri, hamwe ata muntu n'umwe yoba ntahompagaze. Abakristo basanga bari mu ntambara ya bose, ariko rero muri iyo ngwano, intambara nkuru kandi ya nyuma yaratsindiwe ku musaraba, kandi ikizovamwo mu mpera n'imperuka si agaseseshwarumuri: Kristo yararonse, kandi azotahira intsinzi.

Abagendanyi ba Kristo nibo acako, nico gituma basanga uko bukeye uko bwije bama mu ntambara yo kurwanya ububasha bw'igihe c'umuzimagiza. Ugupfa n'ukuzuka kwa Kristo nikwo kuduha ububasha bwo kurwanya uwo muzimagiza, kandi kukanaduha ishingiro ry'ububasha bwo kurwanya no kuzitira nya muzimagiza. Akarere iyi ntambara iberamwo, n'abantu, ibibano vy'abantu, ibisata vy'abantu, mbere n'ibihugu.

Muri iyi ngwano, n'ishengero mbere rirashobora kuba urubuga rw'intambara, mbere nivyo ritunze biyegukira birashobora gukoreshwa mu bintu bishigikira ikibi.

Iki ni ikintu gikomeye kandi kiremereye. Ariko Paulo arerekana ko atagisisivya, intsinzi izoboneka, aho yanditse ngo ububasha bw'ibihe vy'umuzimagiza bwaratswe ibirwanisho, busigara mu bimaramare, maze buratsindirwa mu musaraba, n'imbabazi ku vyaha uwo musaraba watuzaniye:

Kandi hamwe mwari mugipfuye mwishwe n'ibicumuro vyanyu n'ukudakebwa kw'imibiru yanyu, Imana yabagiranye bazima na Kristo, imaze kuduhaarira ibicumuro vyacu vyose, ihanaguye

n'ikete ritwagiriza, ririmwo amabwirizwa ryaduhama, irikura hagati yacu nayo, iribamba ku musaraba. Kandi yambuye abakuru n'abafise ububasha, ibatetereza mu maso ya bose , ibashorera bafashwe mpiri kubw'uyo musaraba” (Kolosayi 2:13-15).

Ako gace kitiza imvugo yakoreshwa n'Abaroma igehe batsinze intambara, bagira imiyerekano yo kwigina “inganji”. Iyo yatsinze intambara, umujenerali (intwazangabo) yatsinze hamwe n'ingabo ziwe zarurwanye baragaruka mu gisagara ca Roma. Ku mvo zo kwigina iyo ntsinzi, uwo mujenerali yararongora ingabo ziwe, bakagira urugendo rw'imiyyerekano y'akanyamuneza: muri urwo rugendo, abasirikare b'umwansi yatsinzwe bategerezwa gutemberezwa baboshe mu mabarabara y'igisagara, babanje kwakwa ibirwanisho n'inkinzo zabo (bari imbokoboko). Abantu b'i Roma (abanyagihugu) barakurikirana urwo rugendo, bakeza abatsinze, bagartyertyeza umwansi yatsinzwe.

Paulo akoresha iyo mvugo ngereranyo y'urugendo rw'instsinzi rw'abaroma kugira ngo asigure ico ari co umusaraba. Igihe Kristo yadupfira, yarazimanganije ububasha bw'icaha. Ni nkuko ivyo vyose vyatwagiriza yoba yabibamye ku musaraba: iri futwa ry'ivyatwagiriza ryaradugijwe riramanikwa hejuru kugira ngo ububasha bwose bw'umuzimagiza buvyibonere. Kubera ivyo, Satani n'ububasha bw'abadayimoni vyarondera kudusambura, vyarataye ububasha bwose vyari bidufiseko, kuko ntaco basigaranye botwagiriza. Bahindutse nka ba bansi batsinzwe mu rugendo rwo kwigina instinzi mu gisagara ca Roma: baba batsinzwe, batswe ibirwanisho, hanyuma bagartyetyezwa n'isinzi ry'abanyagihugu bakoranye.

Biciye ku musaraba, twarashikiriye intsinzi ku bisata vyose vy'ububasha bwo mu bihe vy'umuzimiza. Iyi ntsinzi yaratabatanze ububasha bw'ikibi, maze icaka uburenganzira bwo kuganza, harimwo nubwo izo nguvu z'umuzimagiza n'ikibi zeguriwe n'amasezerano abantu bagiriraniye, ari kugushaka, canke atari ku bushake bwabo, babizi canke batabizi.

Iki ni iciyumviro ngenderwako gikomeye, kuko umukenyuro wose n'ikirego Satani akoresheje kuri twebwe, umusaraba uca utanga inzira ishikana ku ntsinzi no ku mwidegemvyo.

Mu duce tubiri dukurikira, turihweza igikorwa ca Satani mu gishingo c'uwurega, hamwe n'imikenyuro akoresha mu kubangamira abantu. Hanyuma yivyo, turihweza uburyo butandatu Satani igerageza gucako kugira ngo abohe abantu, ibicishije ku gicumuro, ukudaharanira, amajambo, ibikomere vyo ku mutima, ibinyoma (ivyo abantu bemera biteye kubiri n'Imana), igicumuro gituruka ku basokuru, hamwe n'imivumo ibitrukako. Ku mukenyuro umwe umwe wose wa Satani, turaja kwerekana umuti bijanye: uburyo ku bakristo bwo kwemeza umwidegemvyo wabo, maze bagakura burundi impengamiro ibivako mu bugingo bwabo. Ivyo vyiyumviro vyose bizoba ngirakamaro mu gihe co kwihiweza uburyo bw'ukwigobotora tukava mu buja bwa isilamu.

.Umwagiriji (Umureganyi)

Satani arafise imikenyuro akoresha mu kuturwanya. Ni ngirakamaro kumenya no gutegera iyo mikenyuro, no kwitegurira kuyirwanya. Dutegerezwa gukoresha no kwerekana umwidegemvyo wacu mu buzima bwacu. Kuri izo mvo, ni ukwama twarikanuye: ni vyiza ko abakristo bamenya kandi bagategera neza imigambi ya Satani, maze bagaca biteururira kuyirwanya.

Muri Efeso 6:18, Paulo yandika ko abakristo bategerezwa kuguma “bari maso”. Nkuko nyene, Petero nawe aragabisha abakristo ati “Mwirinde ibiboreza, mwame mugavye. Umwansi wanyu, ari we Satani, agendagenda nk'intambwe yivuga, arondera uwo arotsa” (1 Peteroo 5:8) Ni ibiki twokwama turaba neza tukiyubara? Ningombwa ko tuguma twarikanuye kubera ibirego vya Satani, umureganyi w”umugambanyi.

Bibliya yita Satani “umureganyi”, “umwagiriji” (Ivyahishuwe 12:10), hanyuma muba Heburayo, ijambo “Satani” risigura “umureganyi; “umwagiriji”, canke “umwansi. Iri jambo ryakoreshwa kuwo muriko muraburana muri sentare. Ijambo “Satani”, rikoreshwa uku gukurikira muri Bibiliya, mw'izaburi ya 109: “kandi uwumurega (umusatani) ahagarare iburyo bwiwe. Niyacirwa urubanza, asohoke rumutsinze.” (Zaburi 109:6-7). Ahandi hantu hasa nkaho, Zekariya muri 3:1-3 aravuga umuntu yitwa “iSatani”, ahagaze ku ruhande rw'iburyo rw'umuherezi mukuru Yosuwa amurega imbere y'umumalayika w'Uhoraho. Akandi karorero, ni igihe Satani irega

Yobu imbere y'Uhorahono, (Yobu 1:9-11), isaba uruhusha rwo kumugerageza.

None, Satani aturega kwa nde? Turazi ko aturega imbere y'Imana. Arongera akaturega imbere y'abandi bantu; hanyuma mbere araturega no kuri twebwe nyene,akoreshheje amajambo y'abandi, canke mbere aciye ku vyiyumviro vyacu bwite. Ashaka ko duseserezwa nivyo birego, kuyyemera, ko vyodutera ubwoba, kandi ko vyotuma hari ivyo tudashikako.

None Satani aturega canke atwagiriza ku biki? Atwagiriza ku vyaha vyacu, akongera akaturega ku bice vyose vy'ubuzima bwacu, muri ubu buryo canke buriya, twamuhebeye, twamweguriye.

Ni ngombwa kandi ko tumenya yuko igihe Satani aturega, ibirego vyiwe biba bitatswe n'ibinyoma. Yesu kubijanye na Satani, yavuze ati:

Uwo yahereye mu ntango ari umwicanyi, kandi ntiyahagaze mu kuri, kuko ata kuri kuri muri we. Iyo avuga ibinyoma, avuga ivyiwe, kuko ari umunyabinyoma, kandi ari we se wavyo.
(Yohana 8:44)

Uburyo (imikenyuro) Satani akoresha mu kubesha ni ubuhe, none twomurwanya gute kugira tumutsinde igehe cose aturega. Nta nkeka, birafasha igehe tuzi uburyo n'imikenyuro akoresha.

Nkakarorero, muri 1 Korinto, Paulo asaba ashimitse abakristo guhariranira.Ni guki ibi bihambaye? Paulo avuga ko duharira abandi “kugira ngo Satani ntaturushe ubwenge. Kuko turazi amayira acamwo” (2 Korinto 2:11). Paulo ashaka kutubwira yuko dushobora kumenya ivyo Satani ariko ararondera; kandi, kubera ko tuzi umwe mu mikenyuro ya Satani ari ukuturega ko tudaharanira, reka tube twihuta guharira abandi, kugira ngo ntitwitege ibirego vyiwe vyohava bidutsitaza.

Satani, arafise n'iyindi mikenyuro. Reka dufate itandatu mu mikenyuro mikuru Satani akunda gukoresha mu kwagiriza abayoboke b'Uhoraho, hanyuma turabe ingene tworwanya iyo mikenyuro. Izo nzira zitandatu, ni izi zikurikira:

- Icaha
- Ukudaharanira
- Ibikomere vyo ku mutima

- Amajambo (n'ibikorwa bimwe bimwe bijanye nayo)
- Ivyo twemera biteye kubiri n'inzira ndoramana (ibinyoma)
- Ivyaha turarwa n'abo twamukako, hamwe n'imivumo ibikomokako.

Nkuko tuza kubibona, intambwe ikomeye mu kurondera umwidegemvyo w'umutima, ni ugushobora kumenya neza no guhakana ivyo vyose Satani ashobora kutwagiriza. Ibi bimeze uko, ivyo birego bigira aho vyoba bishingiye (harimwo ukuri), canke mbere ari ibinyoma vyigendera.

Imyango yuguruye (ibihengeri) n'ivyibare (ubwugamo) turekera Satani muri twebwe

Imbere yuko twihweza kimwe cose muri vy a bintu bitandatu imikenyuro ya Satani ishobora gufatirako, vyoba ngirakamaro ko tubanza kwerekana amazina amwe amwe nkenerwa y'uburenganzira Satani irondera mu bantu, bukaba ari nabwo akoresha mukubakandamiza. Amazina abiri makuru makuru, ni “imyango yuguruye” “n'ivyibare” turekera Satani.

Umwango wuguruye (ighengeri), ni urwinjiriro umuntu ashobora gusanga yahaye Satani kubera ukutamenya, ukugambarara, canke urwangara, maze Satani igaca irukoresha mu gukandamiza wa muntu. Twibuke uburyo Yesu avuga ibiranga Satani: avuga ko ari igisuma” kizanwa n'ukwiba, , ukwica n'ugutikiza (Yohana 10:10). Uburaro butekanye, ntamyango bureka yuguruye: umwango wose barawugara neza bagashiramwo n'urupfunguruzo.

“Icibare”, ni ikibanza Satani yemeza yuko umuntu yamuhebeye mu mutima wiwe—igice cacu Satani yamaze kugereramwo akemeza ko kimwegukira.

Paulo aravuga ko umukristo ashobora gusanga yahaye umwanya Satani biciye nko mu gutwarwa n'ishavu: “Nimwaraka, ntibibakoreshe icaha. Izuba ntirirenge mukiratse, kandi ntimuhe Satani icicaro” (Efeso 4:26-27). Ijambo ry'ikigiriki bahinduye kuri ivyo vy'icicaro canke icibare, ni ijambo *topos*, risigura “ikibanza atawukibamwo”. Iryo jambo “topos” aha risigura ikibanza co gukoresha; guha “topos” umuntu, ni “ukumuha akaryo” ko gukora ikintu ata nkomanzi. Paulo rero avuga yuko umuntu agiye mw'ishavu

rirerire, aho kuryihana akariheba, kuko gishobora kuba icaha, aba ahaye ikibanza Satani mu mutima wiwe. Satani rero ashobora kwicara muri ico kibanza, agaca agikoresha mu gukora ikibi. Umuntu atwawe n'ishavu rirerire akaguma yaratse, ashobora gusanga yahaye icibare Satani.

Muri Yohana 14, Yesu akoresha imvugo y'uburenganzira butangwa n'amategeko, igihe avuga ko Satani atabubasha imufiseko:

Sinkivugana namwe menshi, kuko umwami w'isi ari mukuza. Yamara muri jewe ntakintu ahafise (ntaco ashobora kungira); ariko ni ukugira ngo ab'isi bamenye ko nkunda Data, kandi uko Data yangeze (yantegetse) ko ariko nkora.” (Yohana 14:30-31)

Musenyeri Mukuru J. H. Bernard yanditse ko, muri ako gace, Yesu avuga ngo “Muri jewe, Satani ntifise aho yomenera, canke yokwifadikiza.”² Iyo mvugo, muvy'ukuri ni iyo mu butungane, nkuko D. A. Carson yabisiguye:

Ntabubasha amfiseko, ni uburyo buryohoye bwo kuvuga ngo “ntaco afise canke aziga muri jewe, vyibutsa imvugo abayuda bakunda gukoresha mu bijanye n'ubutungane, isigura ngo “ntaco ndamufitiye”, canke “ntaco ampigako”... Satani yari kugira ico ishobora gufatirako Yesu, iyaba hari ico yashobora kumwagiriza kiboneka kandi kigaragara.³

Nu kuki Satani atabubasha afise kuri Yesu? Kuko Yesu ata caha agira. Avuga ati “uko Data yangeze (yantegetse gukora) ni kwo nkora” (Yohana 14:31; raba na Yohana 5:19). Iki nico gituma muri Yesu, ata na kimwe giha Satani uburenganzira bwo kugira ico amuronderako giciye mu mategeko. Yesu, muri we nta kibanza Satani ashobora kumeneramwo ngo arondere kumwigarurira.

Yesu yabambwe ata caha yakoze. Ibi birakomeye kubijanye n'ububasha bw'umusaraba. Kubera ko Yesu yari inzirakarengane, ata caha yagira, Satani ntashobora kuvuga ngo ukubambwa kwiwe cari igihano gikurikije amategeko. Urupfu rwa Mesiya w'Umukama rwabaye ikimazi c'inzirakarengane kw'izina ry'abandi, nticabaye

igihano cahawe Yesu na Satani. Iyaba Yesu yari yararekeye Satani ikibanza muri we, urupfu rwiwe rwari kuba rwabaye igihano kije guhana icaha. Ahubwo, kubera ko Yesu ata caha yagira, urupfu rwiwe rwashobora kuba, kandi rwabaye iciru c'ibicumuro vy'isi yose.

Dushobora gukora iki ku myango yuguruye n'ivyibare duha Satani mu buzima bwacu? Dushobora kwugara imyango yuguruye, no gukuraho vy a vyibare Satani yomeneramwo. Kugira ngo dushobore kwemeza umwidegemvyo wacu w'imitima, izi ntambwe zirakenewe cane. Ningombwa ngo tubigire ataco dukuyemwo, kwugara imyango yose yuguruye no gukuraho ivyibare Satani yohava imeneramwo mu buzima bwacu.

None nkivyo vyokorwa gute? Reka turabe imwe yose muri zirya ntambwe zitandatu, imwe yose ukwayo. Zose zizoba ngirakamaro ighihe tuzokwihweza ingene Satani iboha abantu.

Icaha

Niba uwo mwango urangaye ari ivyaha twakoze, dushobora kwugara uyu mwango mu kwigaya no kwihana kuri ivyo vyaha vyatumye duha Satani uburenganzira bwo kwiha ijambo n'ububasha ku buggingo bwacu. Ububasha bw'umusaraba niyo nzira idushikana kuri iki gikorwa co kwigaya no kwihana. Tubisavye Kristo nk'Umukiza, turashobora kuronka ikigongwe c'Imana, ikaduharira ivyaha vyacu. Nkuko Yohana avyandika, "amaraso ya Yesu atwoza icaha cose" (1 Yohana 1:7). Twogejwe icaha, biragaragara ko icaha ata bubasha kibakikidufiseko. Nkuko Paulo avyandika, "tumaze gutsindanishirizwa n'amaraso yiwe" (Abaroma 5:9). Ibi bisigura ko Imana ica itubona nk'abagororotsi. Twigaye tukihana, tugahindukirira Kristo, duca tuba abahambwe hamwe na we: duca tugira agashusho ka Yesu. Duca tuba wa muntu Satani ataco aba agishobora kumwagiriza gifashe cemewe. Duca tuba ba bantu Satani ataho ishobora kumenera ngo ibagireko ububasha, kuko icaha cacu kiba "carahariwe, caratwikiriwe" (Abaroma 4:7). Tuba tubohowe ibirego n'ivyagirizo vy Satani, kuko ubwo bubasha ntabwo aba akidufiseko.

None ibi bikora gute? Nkumuntu ariko ararwana n'akanenge ko kwama avuga ibinyoma, uyo muntu biba ari nkenerwa ko ashobora

kwemera yuko kubesha ari bibi mu maso y'Imana, akabitura (akavyirega) akavyigaya, akihana ubububeshi, hanyuma gurtyo akamenya ata gukekeranya ko yahariwe biciye muri Kristo. Bigenze nkuko, umuntu arashobora kuva mu bubeshi, akavavanura nabwo.

Ariko rero, iyo umuntu akunda kubesha, agasanga kuri we ububeshi ari ngirakamaro, akaba atarota abiheba, ushobora gusanga igikorwa ciwe co kurondera umwidegemvyo ataco gishikako, hanyuma Satani azoca ashobora gukoresha iki cibare ahawe kugira ngo agirire nabi yyu muntu yamuhaye ikibanza akirimbiramwo uko ashaka.

Dushobora kwugara umwango ku caha duciye ku kwigaya n'ukwihana kuri ico caha, n'ukwizera rwose umusaraba wa Kristo. Gurtyo, tuba duhakanye Satani n'ububasha afise bwo gukoresha ivyaha vyavu ngo atwagirize, atwizizire.

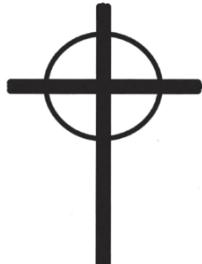

Ukudahariranira

Uwundi mutego Satani acako kugira ngo atwiganzire mu kutwagiriza, ni ukudahariranira. Uguhariranira, Yesu yarakugarutseko kenshi mu nyigisho ziwe. Yavuze ko tudahariye abandi, na Data wo mw'ijuru nawe atazoduharira (Mariko 11:25-26; Matayo 6:14-15).

Ukudahariranira bishobora kudukwegera mu bikorwa bibi vy'uwundi, canke mu bindi bintu biba kandi bibabaje. Ibi rero bishobora gutuma Satani aronka ikibanza (umukebera icibare), hamwe mu mategeko usanga adufiseko uburenganzira, aronka ico atwagiriza. Mw'ikete ryiwe rya kabiri yandikiye ab'i Korinto, Paulo avuga ati:

Ariko uwo muribuharire wese, nanje ndamuharira; kuko nanje ico mpariye, namba hari ico mparira, ndagihariye kubwanyu, mu nyonga za Kristo, kugira ngo Satani ntaronke ico adutsindisha, kuko tutayobewe imigambi yiwe. (2 Korinto 2:10-11)

Ni kuki ukudahariranira kwacu gutuma dutsindwa na Satani? Ni kubera ko ashobora gukoresha ukudahariranira kwacu nk'ikibanza tumuihaye (icibare tumukebeye muri twebwe) kugira ngo acishikize atwagirize. Ariko rero, nkuko Petero abivuga, “namba tutayobewe imigambi yiwe (ya Satani)”, tuzoboneraho kumenya ko ari ngombwa ko dukuraho ivyibare Satani yokwikebera muri twebwe, tukabigira duciye ku kwama duhariranira.

Uguhariranira kwubakiye ku mpande zitatu: guharira abandi, kuronka/kwakira ikigongwe c’Imana, hakaba na rimwe rimwe, ukwiharira twebwe nyene. Iki gishusho c’Umusaraba wo Guhariranira⁴ kiradufasha kwibuka izo mpande zitatu. Urya murongo ikitse utwibutsa guharira abandi. Umurongo ushinze nawo, utwibutsa ukuronka canke ukwakira ikigongwe c’Imana.

Urya muzingi, utwibutsa ukwiharira twebwe nyene ubwacu.

Uguhariranira, ntibisigura ko twibagira ico uwundi muntu yatugiriye, canke ko dutegereye kandi twemeye imvo n’imvano yaco.

Ntibivuga yuko bikwiye ko wizera uwo mutu yakikugiriwe. Uguharira abandi, ni ukuvuga yuko duhevye uburenganzira bwacu bwo kubagiriza imbere y’Imana. Turarekurira umuntu yatugiriye nabi ico cose twoshobora kumwagiriza. Tumuhereza Imana ngo imucire urubanza mu butungane bwayo, ico yakoze na co nyene tukagishira mu minwe y’Imana. Uguharira uwundi, si ikintu gituruka ku bishobisho: ni ingingo umuntu afata.

Ni ikintu gihambaye kwakira ikigongwe c’Imana , n’uguharira abandi, kuko ugutanga imbabazi (uguharira abandi) bigira ico birushirizaho kugira insiguro ikomeye igihe tuzi yuko natwe twahariwe (Efeso 4:32).

Hariho “Igisabisho co Guhariranira” mu gice kirimwo Inyandiko zongeweko mu mpera z’iki gitabu c’inyigisho.

Ibikomere vyo ku mutima

Ukugira ikibanza Satani yikebera muri twebwe, bishobora guterwa n'igikomere co mu mutima. Ibisebe vyo mu mutima bishobora mbere kubabaza n'ukurusha ivyo ku mubiri, kandi iyo dukomeretse ku mubiri, birashobora gutuma n'umutima nawo ukomerekwa. Dufate umuntu yoba agiriwe igitero kimurarura umutima kikamutera ubwoba. Ibi birashobora gutuma uwo muntu amara igehe kirerkire atekewe n'ubwoba. Satani ashobora gukoresha ubwo bwoba kugira ngo abohe uyo muntu, amuzigitirire ku kwamana ahubwo ubwoba buri hejuru kurusha.

Igihe kimwe, nariko⁵ ndatanga inyigisho kw'idini rya islamu. Haraje umugore w'umunyaafrika y'epfo yagendana ibintu vyamusesereje mu mutima yari amaranye imyaka ishika icumi, vyaturuka ku bantu bari bahindutse bava mw'idini ry'iki islamu. Bisabwe n'iseminari yegereye aho baba, umuryango wiwe wari wakiriye abagabo babiri bavuga yuko bari bahindutse bava mw'idini ry'aba islamu. Iki gihe yabaye intango y'ibihe bigoye kandi bisesereza cane. Abo bantu beneguhabwa indaro ntibahengeshanje kutwereka inyifato irangwa n'ukurakara ku tuntu twose, hamwe no kumutwenga no kumufata nabi we nyene n'umuryango wiwe. Baramusunagura bamuhenagurira ku ruhome rw'inzu, ahandi ugasanga bariko baramutuka bamwita ingurube, bamuvuma, mbere bamucirako amate bariko bararengana aho yibereye. Yaranasanga hari udukaratasi duto duto turiko imivumo yanditse mu carabu batagaguye ahantu hanyuranye mu rugo rw'uwo muryango. Uwo muryango waratabaje mw'ishengero ryabo, ariko nta muntu numwe yashotse yemera ko ivyo bavuga ari vyo. Impera n'imperuka, kugira ngo bikure ku gakanu aba bantu batoroshe bari bahaye indaro, ico bagize kwabaye ukubakodeshereza ahandi hantu baba. Uwo mugore yanditse ibikurikira: Muri ico gihe, twari turushe cane kandi ahubwo twaherewe mu buryo bwinshi: mu bijanye n'amikoro, (amafaranga), mu bijanye n'umutima, n'ibishobisho, hamwe mbere no ku mubiri. Sinari nciyumva yuko hari ico maze, numva ndi umuntu ataco ashoboye na kimwe, ndi imburakimazi, kuko bari bamfashe nk'umwavu, nk'ishano." Ahejeje kwumviriza inyigisho zanje ku buja bw'idini rya islamu, yaragereranije ubwoba n'ukutiha agaciro vyari bimaze igehe bimutekeye, hanyuma aravyigobotoramwo,

arabihakana, aravyikuramwo, aravavanura navyo. Twarasengeye hamwe dusaba ko akira ivyo bintu vyamuhahamuye, kugira ngo yigobotore uguhahamuka kwaturutse kw'iterabwoba n'iturubikwa yaciymwo, ahebe kandi avavanure n'ubwo bwoba yagendana. Yarakize mu buryo bw'agatangaza, hanyuma avuga ati: "Ndanimahaza Uhoraho kuri iri sango rimota ivy'ijuru ... Ndumva ndemurutse kandi ndi mu gihagararo co gukorera Imana nk'umukenyези w'umuyoboke. Imana nihabwe icubahiro cane?" Haciye igihe, yaranyandikiye ibi bikurikira:

Tuzokorera Umukama, twararushirijeho kumukunda; imico y'aba isilamu n'ivyo ukwemera kwabo gushingiyeko n'uburyo kwigaragaza vyaratwigishije vyinshi, kandi ivyo vyose vyatwongerereje inkomezi; vyongeye, ubu dushobora kuvuga ko dukunda aba isilamu rwa rukundo rw'Uhoraho, kandi mu bugingo bwacu ntituzohengeshanya kubereka ingene Yesu akunda cane umwe umwe wese muri bo.

Iyo abantu basinzikajwe n'ibikomere vyo ku mutima, Satani aca aja aragerageza kubatamikana umwete mwinshi ibinyoma. Nta kuri kurangwa mu binyoma, ariko uwo muntu arashobora kuvyemera, kuko bijanye n'ububabare afise. Kuri uyu mukenyezi, ikinyoma cari ico kwumva ataco amaze, kwumva ko ari "umuntu ataco ashoboye na kimwe (ari imburakimazi)."

Kugira ngo ahahora ivyo binyoma hasubire kwiganza umwidegemvyo, twokurikiza izi ntambwe zitanu zikurikira:

1. Ubwa mbere, tumirira uwo muntu kwugururira Umukama umutima wiwe atakwiziganya, amwiganira uko yiymva ku bijanye n'ububabare bwiwe.
2. Hanyuma, senga Yesu amukize iry o hahamuka canke ubwo bubabare.
3. Uyo muntu agaca aharira uwo wese yamuteye ubwo bubabare canke yabigizemwo uruhara.
4. Hanyuma uyo muntu ariyamiriza akanka ubwoba n'ibindi bibi vyose vyaturutse kuri uko guhamuka canke kuri ubwo bubabare, yemeza icese ko yizeye Imana.

5. Uyo muntu agaheza rero akirega akavuga (agatura) icese kandi akiyamiriza (agahakana) ibinyoma vyose yemeye kubera ububabare.

Ivyo bimaze gukorwa, ibitero vya Satani bishobora kurwanywa bikaneshwa, kubera ko icibare yari yarakebewe muri uyo muntu yakirimbiramwo cugawe, cafuswe.

Amajambo

Amajambo ushobora gusanga yagize ubushobozi bukomeye cane. Twikoze ku majambo yacu, turashobora kuboha abandi, ahumwo natwebwe tugasanga twiboshe. Nico gituma Satani agerageza gukoresha amajambo yacu mu kuturwanya. Yesu yavuze ati:

Kandi ndababwiye yuko ijambo ryose risunitswe n'impwemu abantu bavuga bazoribazwa ku musi w'imanza. Kuko amajambo yawe niyo azotuma utsinda canke amajambo yawe niyo azotuma utsindwa. (Matayo 12:36-37)

Yesu yatwigishije gukoresha amajambo yacu mu gutanga imihezagiro, ariko ko ata narimwe twoyakoresha mu kuvuma abandi: “Nimukunde abansi banyu, mugirire neza ababanka, muhezagire ababavuma, musabire ababagirira nabi.” (Luka 6:27-28)

Ubu buryo Yesu atugabisha ko tutovuga amajambo asunitswe n'impwemu bwerekeye ivyo tuvuga vyose, harimwo indagano, ivyo twiyemeza canke twishinga, hamwe n'iyindi myumvikano tugiriranira n'abandi mu mvugo. Raba igituma Yesu abwira abagendanyi biwe ko bokwirinda rwose indahiro, mbere ntibakigere bazigira:

Ariko jewe ndababwire, ntimukarahire namba... Ariko ijambo ryanyu ribe Ego, ego; Oya, oya; ikirenze ivyo, kiva kuri wa Mubi. (Matayo 5:34, 37)

None nikuki ata kurahira? Insiguro Yesu atanga, nuko ukurahira kuva kuri “wa Mubi”, kuri Satani we nyene ubwiwe. Satani ashaka ko turahira, kuko aba yapanze gukoresha amajambo yacu kugira ngo atwagirize, atugirire nabi. Bishobora kumusasira indava (ca cibare) muri twebwe kugira ngo ashobore kuronka aho afatira mu

kutwagiriza. Bishobora kuba nkuko nyene naho tutoba twategereye uburemere n'ububasha bw'amajambo twavuze.

None dushobora gukora iki, iyo twarahiye, twemeye icese canke tugize isezerano mu majambo (canke mbere, kumbure, tukayaherekeza n'iyindi migirwa) yatuboheye mu nzira mbi, inzira tutotegerejwe gukurikira, iteye kubiri n'inzira y'Imana kuri twebwe?

Mu gitabu c'Abalewi 5:4-10, harimwo insiguro kuvvo abanyisirayeri bategerezwa gukora igithe umuntu "yadukana indahiro y'ico agira akore, atavyiyumvirije", akaba afatwa n'iyo ndahiro. Hari uburyo bwatanzwe bwo gukurwako iyo ndahiro. Uyo muntu yategerezwa kuzanira ikimazi (inkuka) umuherezankuka yamusengera akamurekurira ico caha; aho honyene niho uwo muntu yaba akuweko ya ndahiro yadukana atiyumvirije.

Inkuru nziza, nuko, kubera umusaraba, turashobora kuremururwa (guharirwa) indahiro twagize n'ivyo twemeye biteye kubiri n'ubuyobokamana. Ni iciza c'agatangaza uburyo Bibiliya itwigisha yuko amaraso ya Yesu "avuga ivyiza kurusha aya Abeli":

Ariko mwegereye umusozi wa Siyon...mwegereye na Yesu
Umuhuza w'isezerano rishasha, mwegereye n'amaraso
amijagurwa, avuga ivyiza kurusha aya Abeli. (Heburayo 12:22-24)

Ibi, bisigura ko amaraso ya Yesu afise ububasha bwo kuzimanganya imivumo yose twikwegeye bivuye ku majambo twavuze. Ku buryo bw'umwihariko, isezerano ryo mu maraso ya Yesu rirarengeye kandi rirazimanganya burundi ivyo twiyemeje canke twakoze ku bwoba canke mu rupfu.

Ibikorwa bijanye n'imigirwa (ku mitongero):
ukwikiza amasezerano afatiye ku maraso

Twavuze ingene amajambo afise ububasha bwo kudufata (akatuzirika). Mu nzandiko z'abayuda, uburyo bwakunda gukoreshwa bwo kwishinga mw'isezerano, vyaca kw'isezerano ry'amaraso. Yari amajambo, yaherekezwa n'igikorwa c'imigirwa.

Igihe Imana yagira rya sezerano rurangiranwa na Aburahamu mu gitabu c'Itanguriro 15, iryo sezerano ryemnejwe ko rigiye mu ngiro biciye ku kimazi c'inkuka. Aburahamu yaratanzze igitungwa,

arakibaga, ibice vyaco abisanza hasi. Niho haza imbeya z'umucanwa zirurumba zituma umwotsi—zagaragaza ko Imana yonyene yari ngaho kandi yariko irifadikanya na nyenegutanga ikimazi muri iyo nkuka—zikwiragira muri vyabice via ca gikoko c'ikimazi. Uyu mugirwa kwari nko guhamagara umuvumo usa nuwovuga ngo: “Ndakamera nk'iki gikoko nkaramuka ndenze kuri iri sezerano—ni ukuvuga ngo: “Ndakicwa mpimbagurwe.”

Ibi biribonekeza mu ngabisho Imana yatanze iciye ku muhanuzi (uwavugishijwe n'Uhoraho) Yeremiya:

Kandi nzotanga abantu baciye mw'isezerano ryanje, ntibashitse amajambo y'isezerano basezeranye imbere yanje, hamwe bahimburamwo kabiri inka ivyibushe, bagaca hagati y'ibihimba vyayo. Ni bo baganwa b'i Buyuda, abaganwa b'i Yerusalem, inkone, abaherezi n'abantu bose bo mu gihugu, abaciye hagati ya via bihimba vy'yo shuri ivyibushe ikiri ntoya. Nzobatanga mu maboko y'abansi babo, no mu maboko y'ababahiga ngo babice, kandi imivyimba yabo izoba inyama z'ibisiga vyo mu kirere n'iz'ibikoko vyo kw'isi. (Yeremiya 34:18-20)

Imigirwa yo kwinjizwa mu murwi kanaka, nk'imitongero ikoreshwu muvvo gupfumura n'amagetenge, urashobora gusanga isaba ko umuntu yishinga mw'isezerano riciye ku gukoresha amaraso y'ikimazi catanzwe. Mu mitongero nkiyo, urashobora gusanga bavuga urupfu, ariko bitagiramwo amaraso y'ukuri, hamwe avurwa bwa kimenyetso: nk'akarorero, nko mu kuvuga amajambo y'imivumo ijanye no kwisambura (kwiyica), canke mukwambara ibintu vyerekana urupfu nk'umugozi upfundikanijwe mw'izosi, canke mu kugira ibintu vyerekana umupfu canke uwishwe, nko gushirwa mw'isandugu nkamwe bahambamwo abantu, canke gukorwako ikimenyetso co gucumitwa nkota mu mutima. (Mu bice biri imbere, tuzobona akarorero k'umugirwa usa n'uyu, ariko mubijanye n'idini rya isilamu).

Amasezerano afatiye ku maraso, harimwo n'imigirwa irimwo ibimenyetso vyibutsa urupfu, ahamagara umuvumo w'urupfu ku muntu yerekeye, rimwe na rimwe mbere no ku bamukomokako. Ibi navyo ni ibintu bikomeye vy'indyankurye bihanamira abo vyerekanye, kuko iyo mitongero isasira indava ugukandamizwa mu bijanye n'ubuzima bw'umutima. Ubwa mbere hoho, ibohera umuntu kubitegekanijwe mu masezerano, hanyuma mu bijanye n'umutima,

atanga uruhusha rw'uko uwo muntu ashobora kwicwa, canke gupfa, ku mvo zo gushira mu ngiro no kurangura imivumo iri mu masezerano.

Ummugore umwe w'umukristo wo mu murwi wamaze urukurikirane rw'imvyaro nyinshi (générations) uba ahiganziye idini rya isilamu, yaguma nantaryo ahanamiwe n'indoto yabonamwo abantu b'incuti ziwe zapfuye bamutumirira bashimitse kubasanga mw'isi y'abapfuye. Yaranaguma asagirijwe n'ivyiyumviro ataho bifatiye namba vyo kurondera kwiyahura, kandi ugasanga ivyo vyiyumviro nta nsiguro bishobora gufatirako canke ngo hagaragare iyo biva. Igihe twariko turayaga, dusengera hamwe, vyaribonekeje yuko hari abandi bo mu muryango wiwe, bo mu mvyaro z'imbere zahise, nabo basagirizwa n'indoto zidasiguritse zari zijanye n'urupfu, zabageramira cane. Nahavuye ntegera ko, kubera ko abo yamukako bari babayeho mu mukandamizo w'idini rya isilamu, bakaba bagengwa na rya sezerano rya *dhimma* ryo kwishikana ku buja bw'ryo dini, ariho haturuka uko kwama yatekewe n'ubwoba bw'urupfu. Hariho umugirwa abo yamukako b'abakristo b'igitsina gabon bategerezwa gucamwo uko umwaka utashe, igihe bategerezwa kuriha ikori ry'idini ryitwa *jizya* bategerezwa guha aba isilamu, ku mvo zo gukurikiza amabwirizwa ya *dhimma*. *Muri iyo migirwa, barabakubita (inkota) ku gikanu, bukaba bwari uburyo bwo kwerekana ugucibwa umutwe bibashikiye bakarenga isezerano ryabo ryo kwishikana ku kuganzwa n'idini rya isilamu* (*Tuzokwiweza ibijanye n'uyu mugirwa mu cirwa ca 6*). Twaraseneye hamwe n'uyo mugore, tuvuga amasengesho yo kubirwanya, twiyamiriza ububasha bw'urupfu, kandi dusambura uwo muvumo w'urupfu ujanye n'uyu mugirwa werekana ugucibwa umutwe. Hanyuma y'aya masengesho, yasambuye ububasha bw'uyo mugirwa, yaciye yumva aremurutse cane za ndoto ziteye ubwoba n'ugusagirizwa na vya vyiyumviro bijanye n'urupfu.

Ukwizera ibiteye kubiri n'lmana (ibinyoma)

Kudupakira ibinyoma, ni umwe mu mikenyuro mikuru mikuru Satani akoresha mu kuturwanya. Turamutse twemeye ibi binyoma, ashobora kubikoresha mu kuturwanya aturega atwagiriza, adulera agapfungu mu mutwe no mu mutima hamwe tubura ico dufata n'ico

tureka, aduhenda. Ntukigere wibagira yuko Satani ari “umunyabinyoma akaba na se wavyo” (Yohana 8:44). (Muri ka gakuru k’umukenyeyezi wo muri Afrika y’Epfo twabona kare muri kino cirwa, ahari hahagaze ikinyoma, ni uko yari yishizemwo ko ataco ashobora, ataco amaze namba.)

Igihe turiko turatera imbere duhinduka abagendanyi babushitse ba Yesu Kristo, turiga uburyo bwo kubona no kwigobotora ibinyoma twahora twemera ko ari ukuri, ntibibe bikituganza. Ibi binyoma, arivyo bintu twizera biteye kubiri n’Imana bishobora kwibonekeza mu buzima bwacu mu buryo bunyuranye: muvyo tuvuga, muvyo twiyumvira kandi twizera, no muvyo twibwira twebwe nyene uwbacu mu mutima canke mu mutwe wacu, ni ukuvuga ivyo twiyumvira canke twibwira igehe atawundi muntu ariko arumviriza. Uturorero k’ivyo twizera biteye kubiri n’Imana:

- “Nta muntu ashobora kunkunda, ntibibaho.”
- “Abantu ntibashobora guhinduka.”
- “SInzokwigera numva ntekanye.”
- “Hariho ikintu kitagenda neza na gato muri jewe.”
- “Abantu nibamenya uwo ndi, uko ndi, bazonca (nta numwe azoba akimpa nirwere)”
- “Imana ntizokwigera imparira.”

Ibinyoma bimwe bimwe ushabora gusanga bikomoka ku mico n’akaranga vy’ihanga ryacu; nk’akarorero; “Abakenyezi ni ba magara make (ntankomezi bafise)”; canke “Abagabo ntawobizera”. Jewe ndi uwo mu mico y’abongereza (aba Anglo-Saxons), hanyuma, mu mico yiwasu, kimwe mu binyoma biriho, ni uko havurwa ko ari bibi (amakosa) ko abagabo berekana ibishobisho (ngo amosozи y’umugabo, atemba aja mu nda). Hariho umugani w’icongereza uvuga ngo “Umugabo nyamugabo ntiyigera arira”. Ibi abantu bavyita “Gukomera ku muheto”. Ariko rero sivyo: mu bihe bimwe bimwe, abagabo nya bagabo bararira nyene!

Igihe turiko turatera imbere duhinduka abagendanyi babushitse, turiga kurwanya ibinyoma bisanzwe mu mico n’akaranga vyacu, tukabisubiriza ukuri.

Twogumiza ku muzirikanyi yuko ikinyoma nyaco, ari kimwe abantu *badaca n'ikanda ko* ari ikinyoma. Rimwe na rimwe, n'igihe tuzi mu mutima wacu yuko icemerwa giteye kubiri n'Imana ari ikinyoma, kirashobora kuguma kiboneka mu maso yacu yuko umengo ni ukuri.

Yesu yatwigishije ibikurikira: “Nimwaguma mw’ijambo ryanje, muri abigishwa banje vy’ukuri. Kandi muzomenya ukuri, kandi ukuri kuzobaha umwidegemvyo.” (Yohana 8:31-32)

Mpwemu Yera adufasha kumenya gutorera izina ibinyoma twizeye, hanyuma no kubisesa, kubivamwo (1 Korinto 2:14-15). Mu gihe dukurikira Yesu tukiga gusesa (guheba) ibinyoma vy’isi, uburyo bwacu bwo kwiyumvira buraheza bugakira, bukanahinduka. Paulo asigura ko muri ubwo buryo, turashobora gusubiriza imitima yacu, igahinduka mishasha:

Ntimushushanywe n’ivy’iki gihe, yamara muhinduke rwose,
mugize imitima mishasha. Kugira ngo mumenye neza ivyo
Imana ishaka—nivyo vyiza bishimwa bitunganye rwose.
(Roma 12:2)

Inkuru itari nziza, nuko ibinyoma bishobora gutuma Satani aronka akikebera ikibanza muri twebwe. Ariko rero, inkuru nziza, nuko dushobora kwikura no gusesa ico kibanza Satani aba yikebeye biciye mu gikorwa co guhura n’ukuri. Dutahuye neza tukamenya ukuri, turashobora kwatura, gusesa (guheba) ibinyoma twari twaremeye, no kuvavanura navyo.

Hariho igisabisho kijanye no gusabira ukubohorwa ibinyoma kiri mu gice c’inzandiko zongewe kuri kino gitabu.

Ivyaha turarwa n’aba kera dukomokako n’imivumo ibiturukako

Ubundi buryo (uwundi mukenyuro) Satani ashobora gukoresha mu kutugirira nabi, ni ibicumuro turarwa n’aba kera dukomokako: ivyaha vy’abasokuru. Bishobora kuzanana n’imivumo idukorako ikadusesereza.

Twese twarabonye imiryango usanga muri yo icaha canke akamere kanaka bahanahanwa ugasanga ni uruhererekane hagati y’imvyaro uko zigenda zikurikirana. Mu bijanye n’ibi, hari umugani

w'icongereza uvuga ngo "Icamwa nticigera gikorokera kure y'igit i gikomokako."

Imiryango nayo irashobora gusiga iragi ryo kubijanye n'umutima ikarisigira abayikomokako, kandi iryo ragi rigakora kuri abo, mbere no kubabakomokako. Naryo rishobora kubera umwango wuguruye Satani. Ugukandamizwa mu bijanye n'ubuzima bw'umutima kurashobora gukora ku mvyaro nyinshi z'ibihe bigenda bikurikirana, uko uruvyaro rumwe rusanga rwabohesheje urukurikira ibicumuro vyarwo, maze imivumo ibiturukako rukaba uruhererekane hagati y'imvyaro uko zizoja zirakurikirana, rumwe rwose rukayihereza urukurikira.

Abakristo bamwe bamwe basanga ico ciyumviro c'uko imvyaro zihererekana ubwo buja bwo ku mutima atawoshoka acemera, canke mbere ko biyumviriy basanga ata fatiro coba gifise. Bobo, bashobora guca babona ahubwo ko ingendo n'inyifato abana bigana ku bavyeyi babo. Nk'akarorero, nk'abana bafise se w'umubeshi, ushobora gusanga baca bamwigana, nabo bakiga kuba ababeshi; canke nk'umwana avumwe na nyina wiwe, inkurikizi, nuko uyo mwana ushobora gusanga atiha agaciro, yisuzugura we nyene. Iyo, ni ingendo n'inyifato y'inyigano. Ariko hariho n'iragi kubijanye n'ubuzima bw'umutima usanga abavyeyi basigira abana babo, navyo ntibisa namba na ya ngendo n'inyifato bisanzwe.

Ivyiyumviro vyo muri Bibiliya kubijanye n'amasezerano, imivumo n'imihezagiro birajanye n'ubwo buryo bwo kubona ibintu. Bibiliya iravuga ingene Imana yagiriraniye isezerano n'ihanga rya Isirayeri, irifata nk'ihanga rigizwe n'imvyaro (urunganwe rumwe rwose hanyuma y'urundi) uko zija zirakurikirana, ikongera ikazikunganiriza hamwe mu rukurikirane rw'imihezagiro n'imivumo vyahawe abo banyisirayeri n'ababakomokako—Imihezagiro gushika ku runganwe rw'ighumbi, n'imivumo kugeza ku runganwe rugira gatatu canke kane. (Kuvayo 20:5; 34:7)

Ko Imana yakoreye ku bantu ikurijke uko imvyaro zagiye zirakurikirana (urunganwe hanyuma y'urunganwe rukurikira) muri ubwo buryo, biroroshe gutegera ko Satani nayo yikebera uburenganzira bwo kugirira nabi abantu uko imvyaro zija zirakurikirana (urunganwe hanyuma y'urundi ataruvuyemwo)! Ntimukibagire ko Satani ari "umurezi", abagiriza imbere y'Imana "ku murango no mw'ijoro" (Ivyahishuwe 12:10), azurura ivyo aronse

vyose kugira ngo atugirire nabi. Azoturega, kandi araturega na ubu, kubera ibicumuro vya ba sokuru bacu. Nk'akarorero, igicumuro ca Adamu na Eva cakweze imivumo yakwiye imvyaro zose z'ababakomotseko, harimwo imibabaro ku nda (mu kwibaruka) (Itanguriro 3:16); abagore kuganzwa n'abagabo (Itanguriro 3:16); ukuronka ivyo barya babiruhiye imisi yose y'ukubaho kwabo (Itanguriro 3:17-18); na cane cane, urupfu no gusubira mw'ivu (kubora) (Itanguriro 3:19). Uko niko ya “myaka y'umuzimiza ikora”. Satani arabizi, agaca abikoresha kugira ngo atugirire nabi.

Bibiliya, ikoresheje abavugishijwe (ubuhanuzi), iramenyesha ko ibantu bizohinduka, ko hazoza igihe Imana itazoba igihora abantu ivyaha vyakozwe n'abavyeyi babo, aho umwe wese azobazwa ibicumuro vyiwe bwite we nyene:

Yamara muravuga ngo: “ Ni kuki umwana atozira ibigabitanyo vya se?” Erega, umwana niyakora ibitunganye n'ibikwiye, akitondera ivyagezwe vyanje vyose, akabishitsa, ntazobura kubaho. Umuntu akora icaha ni we azopfa. Umwana ntazozira ibigabitanyo vya se, na se ntazozira ibigabitanyo vy'umwana wiwe; ubugororotsi bw'umugororotsi azobuharurwako, ivyaha vy'umunyavyaha azobiharurwako. (Ezekiyeri 18:19-20)

Iki gisomwa, ni ico gutegera nk'ukuvugishwa kw'imbonakazoza (ubuhanuzi) kumenyesha igihe ca Mesiya, ubwami bwa Yesu Kristo. Iyi si impinduka ntangere mu buryo “isi y'umukorane” ikora mu bwami bwa Satani, ariko ni ukuraganirwa isi imeze ukundi, isi ihinduwe n'umuzo w'ubwami bw'Umwana mukundwa w'Imana. Aha ni ukwemererwa, atari gusa yuko mw'isezerano rishasha, Imana izoraba umuntu umwe umwe wese ifatiye ku bicumuro vyiwe bwite, ariko kandi nuko ububasha bwa Satani bwo kuboha abantu ikoresheje ibicumuro vy'abavyeyi babo n'abasokuruza babo buzosenyurwa n'ububasha bw'urupfu n'izuka vya Yesu Kristo.

Nico gituma, naho ari vyo yuko isezerano ryo mu vyagenywe vya kera, “ivyagenywe bifatiye ku caha no ku rupfu”, vyategekanya ko ibicumuro bihererekanywa kuva ku runganwe rumwe bikaja ku rundi, Kristo yarakuyeho aya mabwirizwa ya kera, yatuma Satani igira ububasha bwo kubohesha abantu ivyaha vy'abavyeyi babo, arayakombora ayasubiza mu busa, biciye ku musaraba. Uyu, ni umwidegemvyo abakristo basitiye uburenganzira bwo kwemeza kandi bakabugira rwabo.

None, ni mu buhe buryo dushobora kwemeza umwidegemvyo wacu ku mivumo y'uruhererekane ku kuva ku runganwe rumwe ku rukurikira, uko imvyaro zigenda zikurikirana? Inyishu iri muri Bibiliya. Amategeko y'abayuda (Torah) asigura ko kugira ngo abagize imvyaro zikurikirana bikure /bakire inkurikizi z'iyaha vy'abasokuruza babo, ni ngombwa ko "batura ibigabitanyo vyabo n'ibigabitanyo vy'a ba sekuruza" (Abalewi 26:40). Niho rero Imana ivuga iti: "nzokwibuka isezerano nasezeraniye ba sekuruza", hanyuma ndabakize, bo nyene ubwabo n'isi yabo. (Abalewi 26:45)

Dushobora gukoresha uburyo nkubwo nyene. Dushobora:

- Gutura ibicumuro vy'abasekuruza bacu n'ibigabitanyo vyacu bwite,
- Guhakana no guheba ivyo vyaha (kubivamwo), hanyuma
- Gusambura imivumo yose yatewe n'ivyo vyaha

Ivyo turafise ubushobozi bwo kubigira, twishimikije umusaraba wa Kristo. Umusaraba ufise ububasha bwo kutugobotora mu mivumo turimwo ukatugira abidegemvya: "Kristo yaducunguye umuvumo w'ivyagezwe, yacitse ikivume kubwacu ..." (Galatiya 3:13)

Hariho "Igisabisho co guhakana ibicumuro bituruka kubo twamukako" mu gice kirimwo inzandiko zongewe kuri iki gitabu c'inyigisho.

Mu bice bikurikira, tugiye kwihiweza ububasha dufise muri Kristo n'uburyo bwo kubukoresha muvvo tubayemwo twisangije. Turaja kandi gushikiriza intambwe zitanu zo kwisunga kugira ngo dusambure imikenyuro ya Satani n'amanyanga yiwe.

Ububasha bw'ubwami bwacu

Yesu we nye ubwiwe yabariye abigishwa biwe ko bafise ububasha bwo "kuboha" no "kubohora" mw'ijuru no mw'isi, ni ukuvuga mu bijanye n'umutima, no mu bijanye n'umubiri:

Ndababwire ukuri, ivyo muzoboha mw'isi vyose, bizoba biboshwe mw'ijuru; kandi ivyo muzobohora mw'isi, vyose, bizoba bibohowe no mw'ijuru. (Matayo 18:18; raba kandi 16:19)

Mu vy'ukuri, uku gusezeranirwa ububasha kuri Satani kuramenyeshwa mu ntango za Bibiliya, mw'Itanguriro 3:15, aho Uhoraho abwira inzoka ati: uruvyaro rwiwe (umugore) "ruzokumena umutwe". Ibi, na Paulo arabivuga: "Imana y'amahoro izofyonyora Satani vuba musi y'ibirenge vyanyu." (Roma 16:20)

Igihe Yesu yarungika abigishwa biwe, aherye kuri icumi na babiri hanyuma mirongo indwi na babiri, yabahaye ububasha bwo kwirukana abadayimoni mu gihe bari mu gikorwa co kumenyesha ubwami bw'Imana (Luka 9:1). Hanyuma yaho, aho bagarukiye, baravuze ingene batangariye ubwo bubasha, bavuga bati: "Mwami, abadayimoni nabo baratwumvira mw'izina ryawe." Yesu arabishura ati: "Nabonye Satani, avuye mw'ijuru, akoroka nk'umuravyo." (Luka 10:17-18)

Ni ikiremesho ntangere kubona abakristo bagira koko ububasha bwo kunesha no gusambura imikenyuro n'amanyanga vy'a Satani. Ibi bivuga ko abizera bafise ubushobozi n'ububasha bwo gusambura amasezerano n'indahiro biteye kubiri n'Imana, kuko isezerano ryo mu maraso ya Kristo rifuta amasezerano yose yagizwe agenewe gukwega ikibi. Iki cemezo co gusezeranirwa turagisanga muvyamenyeshejwe n'uwavugishijwe (umuhanuzi) Zekariya ku bijanye na Mesiya:

Kandi nawe, kubw'amaraso yashinze isezerano rya twe nawe,
nanje ndakubohoreye imbohe, ndazikura mu rwobo rutagira
amazi. (Zekariya 9:11)

Iciyumviro co kuraba ikintu kimwe cose muvyo cisangije (kugitomora)

Igihe tuba turiko turarondera gushikira umwidegemvyo, ni ngombwa gufata ingingo zitomoye zirwanya imyango yuguruye (ibihengeri) n'ibibanza muri twebwe biteye kubiri n'Imana, Isezerano rya kera ritegeka ko ibigirwamana n'ibibanza bisengerwamwo bitegerezwa gusamburwa burundu. Akarorero k'uburyo bwo gusambura no gusibanganya ibibanza vy'amasengesho vy'ibigirwamana karatangwa mu gitabu co Gusubira mu vyagezwe 12:1-3, aho Uhoraho ategeka abantu gusambagura burundu ("guherengetza") ibibanza vy'amasengesho, ahabera imigirwa, ibikoreshwa mu kurangura

imigirwa, altari (imeza z'ibimazi), hamwe n'ibigirwamana vyo nyene ubwavyo.

Ni vyiza kandi bira fasha kuvuga izina bwite ry'ikigabitanyo mu gihe co gutura ivyaha vyacu. Vyongeye, igihe co kwemeza umwidegemvyo wacu wo ku mutima, naho nyene twotomora ico twemejeko uyo mwidegemvyo. Ibi bikayanganisha umuco w'ukuri kw'Imana mu bice vyose dukeneyemwo ikigongwe c'Imana no muri kimwe kimwe cose muri ivyo dusabako imbabazi. Ari ahabaye amasezerano ateye kubiri n'Imana, ategerezwa gusamburwa rimwe ryose ukwaryo, hamwe n'ibiyagize vyose n'inkurikizi zayo zose. Bitegerezwa gutomorwa kimwe ku kindi. Muri rusangi, uko umukenyuro wa Satani uba ukomeye, niko muri urwo rugero nyene dutegerezwa kuwutomora igihe tuba turiko turasambura ububasha bwawo.

Ico ciyumviro co gutomora ikintu kimwe kimwe cose kirakoreshwia igihe dushaka kwigobotora tukava muvyo twishinze dukoresheje amajambo (mu mvugo) canke mu bikorwa. Nk'akarorero, nk'umuntu yishinze indahiro y'agacerere abicishije mu kimazi c'amaraso, ningombwa ko agaya kandi agaheba kugira uruhara muri uwo mugirwa, kandi agahakana agakombora indahiro ziwe yagize. Ni nkuko nyene, nkumuntu ashaka kuva mu caha co kudaharira abandi (kutagira imbabazi), yavuze amajambo nkaya: "Sindota mparira naka gushika mpfe" (canke "n'umwana nzosiga"), ningombwa ko agaya iyo ndahiro yagize, agaheba ivyo yishinze, agasaba imbabazi z'Imana kuri iyo ndahiro yagize. Uwagiriwe iohoterwa rifatiye ku gitsina yi yemeje kubigumya mw'ibanga, kugumya agacerere kubera yahigiwe kugirirwa nabi canke mbere kwicwa agize ico avuga, usanga ari ngombwa ko aheba iyo ndahiro y'agacerere kugira ngo yemeze umwidegemvyo wiwe: nk'akarorero "ndahevye agacerere nishinze kubijanye nivyo nagiriwe, kandi ndemeje ko mfise uburenganzira bwo kubivuga icese."

Umukenyези yitwa Suzana yari yarabuze abantu benshi yakunda: se, nyina, n'umugabo wiwe. Yaratinya ko asubiye gukunda uwundi muntu, nawe azoca apfa nk'aba mbere; niho yahava yigirira indahiro ikurikira: "Ntawundi muntu numwe nzosubira gukunda". Hanyuma yahoo, yaciye amera nkuwanyegewe, yama anyinyiriwe, ata muntu numwe yereka uburwaneza. Hagize umwegera, yarisiga akamuvuma. Ariko rero ashikanye imyaka nka mirongo umunani, aramenya Yesu hanyuma yinjira mw'ishengero rimwe. Ibi vyamuzaniye umwizerio, maze aca araheba ya ndahiro yari amaranye imyaka mirongo itanu yo

kutagisubira kugira uwo akunda. Ahejeje kwigobotora agakira ubwoba, yararonse abagenzi beza b'inkoramutima mu bandi bakenyezi bo mw'ishengero. Ubuzima bwiwe bwarahindutse rwose kubera ko yari yabukuye mu vyara vya Satani, imigozi Satani yari yaramubohesheje, yari yayicagaguye.

Intambwe zitanu zishikana ku mwidegemvyo

Ngiki icitegerererozoroshe c'ubutumwa kigizwe n'intambwe zitanu zishobora kwisungwa mu kurwanya no gusambura imikenyuro Satani akoresha mu kutugirira nabi.

1. Gutura (kwirega) ibicumuro no kubigaya (gusaba imbabazi)

Intambwe ya mbere ni ugutura ikigabitanyo cose, no kwatura ukuri kw'Imana kujanye naco. Nk'akarorero, warizeye ikintu giteye kubiri n'Imana, urashobora gutura ico kintu co nyene nk'ikigabitanyo (icaha), ukagisabako imbabazi z'Imana, hanyuma ukacigaya. Uranashobora no kuvuga ukuri kw'Imana kujanye naco.

2. Guhakana canke guheba ikintu

Intambwe ikurikira, ni uguhakana no guheba ico kintu kigucumuza canke ico gicumuro. Ni ukuvuga ukumenyesha icese yuko utagishigikiye, utacizeye, utacemera ikintu canke ataho ughuriye naco, wavavanuye naco. Nk'akarorero, waragize uruhara mu mugirwa uteye kubiri n'Imana, uhakanye uwo mugirwa, urasokora canke ugakombora iviyemezo vyose wari usanzwe waragize kubijanye na nya mugirwa. Nkuko vyasiguwe ubwa mbere, ibi mukubikora kwoba ugutomora ico uhakanye.

3. Gusambura

Iyi ntambwe, ni ukwiha ububasha mubijanye n'umutima bwo gusambura ubushobozi bw'ikintu kanaka. Nkakarorero, igihe hoba harabaye umuvumo, ushobora kuvuga uti: "Ndasambuye uyu muvumo". Abigishwa ba Yesu barahawe "ububasha bwo kunesha ubushobozi bw'umwansi bwose mw'izina ryiwe (Luka10:19). No gusambura nyene, mukubikora kwoba ugutomora ico usambuye.

4. Kwirukana (chasser)

Igihe abadayimoni bamaze kwigarurira icibare n'ighengeri (umwango wuguruye) mu muntu kugira ngo bamugirire nabi, umaze

gutunganya ibihengeri n'ivyibare ukabikuraho mu kubishikana (kuvyirega), kubiheba no kubisambura, abo badayimoni wobaha itegeko ryo kukuvako bakagenda, ariko kubirukana.

5. *Guhezagira no “kwuzuza”*

Intambwe ya nyuma, ni uguhezagira umuntu, no gusenga Imana uyisaba ko yomwuzuza ivyiza vyose, harimwo n'ighushanye c'icahora kimuraje ishinga, icahora kimuhanamiye. Nk'akarorero, yahora abangamiwe n'ubwoba bw'urupfu, muhezagire umusabira ubuzima bwuzuye n'ugukomera ku muheto.

Izi ntambwe zitanu zishobora gukoreshwa ku bwoko bwose bw'uba
bw'umutima umuntu aba arimwo, ariko ngaha ico twashimikiyeko,
ni umwidegemvyo kw'idini rya isilamu: nico gituma, mu vyirwa biri
imbere, tuzokwiga uburyo bwo gukoresha izo ntambwe
mukugobotora abantu mu buja bw'idini rya isilamu.

Akarorero ntanganyigisho: Wokora iki?

Mumaze gusenga cane, wewe n'abo musangiye ishengero mwumva mubwirijwe na Mpwemu gutanguza ishengero mu nzu y'umuryango wo mu karere kabamwo aba isilamu benshi. Hanyuma y'imikebukano yo mw'ibanga yamaze amezi menshi n'umuryango n'ababanyi mu nzu y'umuntu yitwa "umuntu w'umunyamahoro", nyene kubakira iwe abamenyesha hanyuma y'inama imwe yuko mwe na we mwahamagawe kurenguka ku mutware w'ikibano (umukuru w'igisagara). Mushitseyo, musanga umu imam n'abakurambere batari bake b'umusigitu ariho bashashe. Muraramukanya. Ntimuzi idini umutegetsi (Maire) w'ikibano canyu yegukira, ariko abaraba nkuwashaka kubasaba kwishura kuri ivyo birego.

Wovuga iki?

Muri ibi bice vy'icirwa biri imbere, tuvuga ibijanye na *shahada* tugasigura ingene ibohera aba isilamu gukurikira akarorero ka Muhamadi.

Uburyo bwo guhinduka umu isilamu

Ijambo ry'icarabu *Islam* risigura "ukwishikana" canke "guhebera umwidegemvyo uwundi muntu akaba ari we akugaba akakuganza".

Ijambo *Muslim* (*u*) risigura “uwishikanye”, umuntu yihevye, yashize umwidegemvyo wiwe mu minwe ya Allah.

Uko kwishikana no kwiheba bisigura iki? Isanamu yiganje ya Allah muri Korowani, ni iy’umwami wo hejuru, afise ubukuru n’ububasha ku bintu vyose. Ingendo n’inyifato imbere y’uyo mukama wa vyose, ni ukwshikana no kuyoboka vyuzuye (bidacugaye) ubukuru bwiwe.

Umuntu yinjiye idini rya isilamu yemera kwishikana kuri/no kuyoboka Allah n’inzira zose z’intumwa yiwe. Iri sezerano rica mu kuvuga *shahada*, inama (credo) y’aba isilamu:

*Ashhadu an la ilaha illa Allah,
wa ashhadu anna Muhamadiun Rasulu Allah*

Ndemeje ko ata yindi Mana iriho atari Allah,
Kandi ndemeje ko Muhamadi ari intumwa ya Allah.

Wemeye iyo *shahada* (credo) ukayivugana wewe nyene, uba uhindutse umu isilamu.

Naho ayo majambo ari make, uyavuze aba yishinze ibantu vyinshi kandi bihambaye. Kuvuga *shahada* ni ugusezerana icese ko Muhamadi ari we azoba indongozi yawe mu buzima bwawe bwose. Kuba u—ni ukuvuga “uwishikanye”, “uwihevye”—bisigura gukurikira Muhamadi nk’intumwa imwe rudende, ya nyuma ya Allah, itanga intumbero ku tuntu twose twerekeye ubuzima bwawe.

Ubungozi bwa Muhamadi, tubusanga mu bintu bibiri, navyo bikaba ari vyo, bikoranye, bigize amabwirizwa ngenderako y’idini rya isilamu:

- *Korowani* ni igitabu c’ivyahishuwe (ivyerekanywe) cahawé Muhamadi, agiihawé na Allah.
- *Sunna* ni akarorero ka Muhamadi kagizwe n’ibikurikira:
 - inyigisho: ivyo Muhamadi yigishije abantu gukora
 - ibikorwa: ivyo Muhamadi yakoze.

Akarorero ka Muhamadi (ariyo *Sunna*) kamenyeshwa aba isilamu mu buryo bubiri bukuru bukuru. Bumwe, ni itororokanirizo ry’ama *hadisi* (*hadiths*), nayo akaba agizwe n’utugani twahererekanywe bivugwa ko turimwo ivyo Muhamadi yakoze n’ivyo yavuze. Ikindi, ni ama “*sira*”, nazo zikaba ari inzandiko zitonda ubuzima bwa

Muhamadi, bikemerwa yuko zimuvuga kuva mu ntango gushika kw'iherezo ryiwe.

Kamere ka Muhamadi

Umuntu wese yiyeje *shahada* abwirizwa gukurikira akarorero ka Muhamadi, akongera akaronderera gusa na we mu ngendo n'inyifato. Ibi vyose bikomoka kuri ca cemezo yagira ca *shahada* (credo) kivuga ko Muhamadi ari intumwa ya Allah. Kuvuga arya majambo ya *shahada*, bisigura ko wemeye kurongorwa na Muhamadi mu buzima bwawe bwose, kandi ko ubwirizwa kumukurikira, rica riba ibwirizwa ntarengwa.

Muri Korowani, Muhamadi avurwa ko ari akarorero keza kari hejuru y'utundi twose (gahebuje), abantu bose bategerezwa gukurikira:

Muvy'ukuri mufise akarorero keza (ko kwigana) mu migenzo y'intumwa ya Allah kuwizigiye nukuzohura na Allah n'umusi w'imperuka, akaba aninahaza cane Allah. (K33:21)

Uwugamburukiye intumwa, muvy'ukuri aba agamburukiye Allah ... (K4:80)

Ntibishoboka ko abemera b'abagabo canke abemera b'abagore, bilihiramwo (uko bashaka) mu gihe Allah n'intumwa yiwe bafashe ingingo. Kuko uwugararije Allah n'intumwa yiwe aba azimiye bimwe biboneka. (K33:36)

Korowani yemeza yuko abakurikira Muhamadi bazogira umugisha n'intsinzi, kandi bazohezagirwa (bazotahira intsinzi n'imihezagiro):

Na bamwe bubaha Allah n'intumwa yiwe, bakagamburukira Allah, maze bakamutinya, abo rero nibo ben'intsinzi. (K24:52)

Ariko abagamburukira Allah n'intumwa yiwe bazoba bari hamwe na bamwe Allahyahay imihezagiro yiwe ... (K4:69)

Kurwanya ivyategetswe na Muhamadi n'akarorero kiwe navyo vyitwa ubugarariji bujana ku gutsindwa no kutagira ico umuntu ashikako muri ubu buzima, no mu muriro mu buzima buzokurikira.

Iyi mivumo niyo itegekanirijwe aba isilamu muri Korowani:

Kandi uwuzogarariza intumwa yiwe, inyuma yuko ubugororotsi bumwiyeretse, maze agaca akurikira inzira itandukanye n'iy'abemera, tuzomurekera mu vyo yahisemwo we nyene,

hanyuma tumwinjize mu muriro wa Jahanami, ni nabwo bushikiro bubi! (K4:115)

Ivyo intumwa yabazaniye , nimuvyakire, nivyo yababujije, nimubireke. Nimutinye Allah; muvy'ukuri, Allah niwe ahambaye muguhana. (K59:7)

Korowani iranatanga n'itegeko ryo kurwanya uyo wese atemera Muhamadi canke amurwanya:

Nimurwanye abahawe ibitabu bitemera Allah, ndetse n'umusi w'imperuka, kandi bataziririza ivyo Allah n'intumwa yiwe baziririje, ntibananukurikira idini y'ukuri (Isilamu) —gushika aho baza gutanga ikori ku gushaka kwabo kandi bicisha bugufi. (K9:29)

... nimushigikire abemera. Maze ndashira ubwoba mu mitima y'abahakanyi. Nimubakubite ku mazosi, mubakubite ku mitwe yose y'intoke zabo! Ivyo, ni kubera ko bitandukanije na Allah n'intumwa yiwe. Ariko uwitandukanije na Allah n'intumwa yiwe (amenye ko) muvy'ukuri Allah ari We nyen'ibihano bikaze! (K8:12-13)

None, akarorero ka Muhamadi karakwiye koko gukurikizwa, ni ngirakamaro? Naho bimwe mu buzima bwa Muhamadi ari vyiza, ibindi bikaba vyiza cane, mbere hakabamwo n'ivy'agatangaza, hariho ivyo yakoze ari bibi ufatiye ku bintu ngenderwako vyose biranga ubuntu. Vyinshi mu bikorwa vya Muhamadi biri muri *sira* (*inzandiko ziranga ubuzima bwa Muhamadi*) na *hadisi* (*hadiths*) (utugani twahererekanywe bivugwa ko turimwo ivyo Muhamadi yakoze n'ivy yavuze) birateye ubwoba n'agahinda, nk'amasezerano yo kwica, ukuboreza abantu igufa no kubahohotera, ugufata abakenyezi ku nguvu n'ubundi buryo bwo kubafata nabi, ugushira abantu mu buja, ubusuma, ububeshi, no kugomorera ububisha ku bantu batari aba isilamu.

Ivyo bintu ntibiteye agahinda gusa kubera ko bigaragaza ico, nkumuntu, Muhamadi yari nuko yari ateye mu mategeko ya *sharia*, ariko kandi kubera inkurikizi n'intandaro bifise ku ba isilamu bose. Muri Korowani, akarorero ka Muhamadi Allah yategetse nk'icitegererezo ntangere co gukurikiza, bituma ivyashitse vyose mu buzima bwa Muhamadi, harimwo n'ibibi, bica biba uturorero ndabirwako aba isilamu bategerezwa gukurikira.

Korowani— urwandiko rwa Muhamadi, rwiwe bwite

Aba isilamu b'abayoboke bemera ko Korowani ari urwandiko rusubiramwo urudome ku rundi, ijambo ku rindi rw'ivyahishuwe na Allah vy'indinganizo y'uburyo isi nzima (abantu bose) yorongorwa, urwo rwandiko rw'ivyahishuwe rukaba rwatanzwe ruciye ku ntumwa Muhamadi. Igihe wemera intumwa, ubwirizwa kwemera n'ubutumwa . Ni co gituma *shahada* ibwiriza aba isilamu kuyoboka Korowani.

Ikintu nkoramutima co gutegera ku buryo Korowani yanditswe, ni uko Muhamadi na Korowani ari ubwome bafatanye nka kurya uruti rw'umugongo rumeze mu mubiri w'umuntu (ntibatana). *Sunna* — inyigisho n'uburorero vya Muhamadi—ni nk'umubiri, Korowani nayo ikaba uruti rw'umugongo. Muri ivyo bibiri, ntagishobora guhagarara canke guhaguruka conyene kitari kumwe n'ikindi, kandi ntushobora gutegera kimwe utifashishije ikindi

Amategeko ya isilamu, *sharia*—“uburyo” bwo kuba umu isilamu

Kugira ngo ashobore gukurikira inyigisho n'akarorero ka Muhamadi, u abwirizwa kuraba Korowani na *Sunna*. Ariko rero, ku ba isilamu benshi, ibi bikoresho ngenderwako ni akayobera, ntivyoroshe kubishikira, kubitegera no kuvyikoreshereza bo nyene. Vyahavuye bigaragara kandi biba ngombwa ku ndongozi z'idini zo mu binjana vya mbere ko benshi mu ba isilamu bategerezwa kwisunga abahinga bari ku rushi bashobora gushira mu mirwi no gutunganya vya bikoresho ngenderwako bigizwe na *Sunna* na Korowani vya Muhamadi, bakabishira mu mitagi itonze neza kandi itomoye y'amategeko ngengabuzima. Gurtyo, bafatiye kuri *Sunna* na Korowani vya Muhamadi, abahinga muvy'amategeko b'aba isilamu barakorakoranje icandiko camenyekanye kw'izina rya *sharia*, gisigura “inzira”, canke “uburyo” bwo kubaho nk'u.

Amategeko ya *sharia* y'idini rya isilamu, aranashobora kwitwa *sharia* ya Muhamadi, kuko ashingiye ku nyigisho no ku karorero vya Muhamadi. Indinganizo y'amategeko ya *sharia* ishinga uburyo bwuzuye bwo kubaho, ku muntu umwe umwe wese no ku bantu bose

bafatiwe hamwe (ihanga ryose). Idini rya isilamu ntirishobora kuvurwa canke kubaho hatariho *sharia*.

Kubera ko *Sunna* ya Muhamadi ariyo shingiro ry'amategeko ya *sharia*, ningombwa gutegera no kwitegerezza neza ivyanditse vyose kuvyo Muhamadi yakoze n'ivyo yavuze, nkuko vyanditswe muri *hadisi na sira*. Ukutamenya Muhamadi, ni ukutamenya amategeko ya *sharia*, nakwo kukaba ari ukutamenya agateka ka zina muntu aba ahiganje imico ya isilamu, canke ahantu ubuzima bwiseunga ibitegekanijwe n'iryo dini. Ivyo Muhamadi yakoze, amategeko ya *sharia* abwiriza aba isilamu kuvygana, kandi usanga ivyo bikora ku buzima n'imibereho ya bose, aba isilamu n'abatari bo. Isano hagati y'ubuzima bwa Muhamadi n'ubw'aba isilamu ba none, ishobora kuba atari iyo twokwita ikibiriraho, ariko iguma yibonekeza mu buryo bukomeye.

Ikindi covurwa kubijanye n'amategeko ya *sharia*, ni uko, atanye n'amategeko ashingwa n'inama nshingamateka z'ibihugu, yo ategurwa n'abantu, kandi agashobora guhindurwa: amabwirizwa ya *sharia* yoyo, bifatwa ko yategetswe n'Imana yo nyene. Bica rero vyemerwa ko amabwirizwa ya *sharia* ari ntamakemwa, atagira akanenge namba, kandi ko adashobora guhinduka. Ariko rero, hariho utuntu tumwe tumwe dushobora guhinyanyurwa. Haguma hibonekeza ibihe bishasha, maze ba bahinga b'amategeko b'aba isilamu bagaca baraba ingene amabwirizwa ya *sharia* yobandanya ashirwa mu ngiro mu bihe bigezweko, ariko utwo tuntu bahinyanyura, tuguma twisunga indinganizo ya *sharia*, ifatwa nkiyashizweho burundi, iri kandi iguma iri ntamakemwa, kandi yagenewe ibihe vyose.

Muri utu duce dukurikira, turaja kwihiweza inyigisho za isilamu zivuga ko aba isilamu aribo bene umugisha n'intsinzi, ko bari hejuru y'abandi bantu bose.

"Ingo, tumbera umugisha n'intsinzi"

Korowani ivuga ko ubuyobozi bubereye bushikana kuki? Kubiyeguriye Allah bakemera uburongozi bwiwe, ico biteze gushikako muri buno buzima no mubuzokurikira ni *intsinzi*.

Umuhamagaro wa isilamu, ni umuhamagaro wo gutumbera umugisha n'intsinzi.

Umuhamagaro wo gutumbera intsinzi uvurwa mu gisabisho ca *adhan*, canke uguhamagara abayoboke ngo baze gusenga, ubwirwa aba isilamu gatanu ku musi:

Allah niwe ari hejuru ya vyose! Allah niwe ari hejuru ya vyose!

Allah niwe ari hejuru ya vyose! Allah niwe ari hejuru ya vyose!

Ndemeza yuko ata yindi Mana iriho atari Allah.

Ndemeza yuko ata yindi Mana iriho atari Allah.

Ndemeza ko Muhamadi ari intumwa ya Allah.

Ndemeza ko Muhamadi ari intumwa ya Allah.

Nimuze gusenga. Nimuze gusenga.

Ingo mutumbere intsinzi. Ingo mutumbere intsinzi

Allah niwe ari hejuru ya vyose! Allah niwe ari hejuru ya vyose!

Allah niwe ari hejuru ya vyose! Allah niwe ari hejuru ya vyose!

Ntayindi Mana iriho Atari Allah.

Korowani iravuga cane rwose umugisha n'intsinzi. Igabura ihanga ry'abantu mu bice bibiri: abatsinda (bene intsinzi), n'abandi basigaye. Abo bose batemera uburongozi bwa Allah baguma bitwa hose mu gitabu "abatsinzwe", canke abahomvye:

Uwuzorondera irindi dini ritari Isilamu, ntazoryemererwa,
kandi ku musi w'imperuka azoba ari mu **bahomvye**. (K3:85)

Niwabangikanya [ukavuga yuko Allah asangiye ububasha
bwiwe canke inganji yiwe n'uwundi], ibikorwa vyawe bizoba
impfagusa, kandi uzoca uba **mubahomvye**. (K39:65)

Ukwo guha ikibanza gikomeye intsinzi (umugisha) n'uguhomba gusigura ko aba isilamu benshi bigishijwe n'idini ryabo kwiyumvamwo no kwifata ko bari hejuru y'abatari aba isilamu, nuko aba isilamu basenga cane kurusha abandi (abayoboke b'imbere) babariwe ko bari hejuru y'abadasenga cane, gurtyo ivangura rigaca risigara ari ryo riranga imibereho y'abantu mw'idini rya isilamu.

Isi igabuye (irangwamwo amacakubiri)

Henshi mu bigabane vyayo, Korowani iragaruka cane ku kuvuga abantu, atari aba isilamu bonyene, ah'ubwo n'abantu bo mu yandi madini, muriyo hakavurwa vyinshi mu bakristo no ku bayuda.

Korowani n'amajambo akoreshwa mu mategeko y'idini rya isilamu bivuga imirwi ine y'abantu:

1. Imbere ya bose no hejuru ya bose, hari *aba isilamu b'ukuri*.
2. Haca hakurikira uwundi murwi witwa uw'abiyorobetsi, ngo bagizwe n'aba isilamu b'abagarariji.
3. *Abasenga ibigirwamana* nabo, nibo bari bagize igice kinini c'abarabu imbere y'umuzo wa Muhamadi. Mukuvuga abasenga ibigirwamana, ijumbo ry'icarabu rikoreshwa ni *mushrik*, risigura "umunyeshirahamwe". Abo rero, bari mubiyumvirwa ko bakoze icaha co kuba *mw'ishirahamwe* rizwi nka *shirk*, gisigura ukuvuga ko hari ikintu coshobora kugereranywa canke umuntu yoshobora kugereranywa na Allah (kimeze canke ameze nka we), canke ko Allah afise abo bakorana, basangyi ububasha n'inganji.
4. *Ihanga ry'igitabu* (*Abahawe igitabu*), ni igice kiri mu bagize aba *mushrik*. Uyu murwi urimwo abakristo n'abayuda. Bategerezwa gufatwa nk'aba *mushrik*, kuko Korowani yita abakristo n'abayuda ko bakoze icaha c'ubuhakanyi ca *shirk*. (K9:30-31; K3:64)

Iciyumviro c'Abahawe Igitabu gisigura ko idini ry'abakristo n'iry'abayuda vyemerwa yuko afise isano na/kandi akomoka kuri isilamu. Idini rya Isilamu rifatwa nkuko ari nyina w'amadini, akakristo n'abayuda biyonkoyeko mu binjana vy'imbere. Kubwa Korowani, abakristo n'abayuda bakurikira idini muntango ryayoboka Imana imwe itabangikanije—ni ukuvuga Isilamu— ariko inyandiko zabo zarahumanijwe, none ntizikiri iz'ukuri. Gurtyo, idini ry'abakristo n'iry'abayuda arabwa nk'ayakomotse kuri isilamu, ariko yataye umurongo, kandi ko abayoboke bayo bazimiye bakava mu nzira y'ukuri ifise uburongozi nyabwo.

Muvyo Korowani ivuga ku bakristo no ku bayuda, harimwo ivyiza, hakabamwo n'ibibi. Nko mu vyiza bivurwa, Korowani yemeza ko abakristo n'abayuda bamwe bamwe ari intugane, bemera Allah koko (K3:113-14). Ariko rero, ico kigabane nyenekivuga yuko ahazopimirwa yuko babigirana umutima w'ukuri atakwiyorobeka, nuko imperuka abatunganye muri bo, bazohinduka aba isilamu, nico bazomenyerwako ko ari intugane koko. (K3:199)

Kubw'idini rya isilamu, abakristo n'Abayuda ntibashobora kurokorwa (kuva mu kutamenya n'ubuhakanyi vyabo), gushika aho Muhamadi azanye Korowani (K98:1). Isilamu yigisha ko Muhamadi yabaye ingabire ya Allah yarungikiye abakristo n'abayuda, kugira ngo ikureho ugutegera ibantu ukutariko n'ukutumvikana. Ibi bisigura ko abakristo n'abayuda botegerejwe kwemera no kwakira Muhamadi nk'intumwa ya Allah, na Korowani nk'ivyanyuma Allah yahishuriye abantu. (K4:47; K5:15; K57:28-29)

Ngibi ibantu bine Korowani na *Sunna* bivuga ku bantu batari aba isilamu, na cane cane ku bakristo n'abayuda:

1. Aba isilamu ni “abantu ntagereranywa”. Bari hejuru y’ayandi mahanga yose. Igikorwa cabo, ni ukwigisha abo bantu b’amahanga yose, kugira ngo babone kumenya iciza n’ikibi, babategeke ibitunganye (ivyiza), bababuze ibitabereye (ibibi). (K3:110)
2. Isilamu yagenewe kuzorongora no kuzoganza ayandi madini yose. (K48:28)
3. Kugira ngo bashobore gushikira iyo nganji kuyandi madini, aba isilamu bategerezwa kurwanya abayuda n’abakristo (“*Abahawe igitabu*”) gushika aho babanesha, babacuvya (babasubiza hasi), bagategerezwa kuza gutanga ikori ku ba isilamu. (K9:29)
4. Abakristo n’Abayuda bizigitiriye ku kubangikanya Allah, aribwo bu *shirk*, bakabandanya guhakana Muhamadi n’ukuyoboka Imana imwe kwiwe—ni ukuvuga abo bose badahinduka ngo baje muri isilamu—bazoja mu muriro (K5:72; K4:47-56).

Naho rero abayuda n’abakristo bafatirwa hamwe ko bagize umuce umwe basangiyе witwa uw’Abahame igitabu, abayuda nibo banebagurwa kurusha. Muri Korowani na *Sunna*, hari vyinshi bijanye n’amasiguramana biberekeye bonyene, kandi bibarwanya. Nk’akarorero, Muhamadi yigishije ko mu mpera n’imperuka, n’amabuye ari amabuye azotiza ijwi kugira ngo afashe aba isilamu kwica abayuda, Korowani nayo ikavuga ko abakristo bafitiye aba isilamu “urukundo ruri hafi kurusha”, ariko abayuda n’ababangikanya Allah (abasenga ibigirwamana) bafitiye aba isilamu urwanko rudasanze (ruruta urwo bafitiwe n’abandi bose) (K5:82).

Ariko rero, muri rusangi, turavye vyose, urwo Korowani icira abayuda n'abakristo, ni rumwe kandi ni rubi mu buryo buringaniye. Uku guciru rubi no kwiyamiriza ayo madini biri mbere no mu bisabisho umuyoboke wese w'idini rya isilamu yama avuga ku musi.

Abayuda n'abakristo mu bisabisho aba isilamu bama bavuga ku musi

Ikigabane ca Korowani (*surati*) kizwi cane ni igisabisho citwa *al-Fatihah*, ni ukuvuga “Urupfunguruzo” canke “Intango”. Iyi *surati* ivurwa nk’igice c’ibisabisho bitegerezwa kuvugwa (bitigera bihara) ku musi ku musi— arivyo bizwi kw’izina rya *salati*—kandi kigategerezwa gusubirwamwo mu gisabisho kimwe cose. Abayoboke b’ukuri b’idini rya isilamu bavuga ibisabisho vyabo vyose, bavuga iyi *surati* n’imiburiburi agashika 17 ku musi, ni ukuvuga akarenga 5.000 ku mwaka.

Al-Fatihah (=Urupfunguruzo, intango) ni igisabisho co gusaba ukurongorwa na Allah:

Kw’izina rya Allah, Nyenimpuhwe, Nyenimbabazi
Ugushimagizwa gukwiye ni ukwa Allah, Umuremyi w’ibiremwa vyose,

Nyenimpuhwe, Nyenimbabazi
Umwami w’umusi w’imperuka
Ni wewe gusa dusenga dukorera ibigushimisha,
kandi ni wewe gusa dutakambira imfashanyo
Turongore mu nzira igorotse
Inzira y’abo wahaye ingabirano zawe,
Atari **iy’abo washavuriye** canke **iy’abazimiye.** (K1:1-7)

Ni igisabisho gisaba Allah ngo afashe umuyoboke amugumize mu “nzira igorotse” Muri ubwo buryo, kirajanye n’intimatima y’ubutumwa idini rya isilamu ritanga bw’uburongozi.

Ariko rero, ni ba nde abo bavurwa kuba baraguye mw’ishavu (uburakari) rya Allah, canke kuba barazimiye bakava mu nzira y’ukuri? Ni ba nde abo bantu bakwiye kuvurwa nabi (kuvumwa) mu bisabisho vy’u wese, uko umusi utashe, incuro ibihumbi amajana n’amajana mu buzima bwose bw’aba isilamu benshi? Muhamadi yaratomoye insiguro y’iyi *surati*; yavuze ati: “Abo basanze bakwiye

uburakari (bwa Allah) ni abayuda, nabo abo bazimiye bakava mu nzira y'ukuri, ni abakristo.”

Ni ikintu gikomeye cane kubona ibisabisho vyo ku musi ku musi vy'u wese, ari navyo bigize umutima w'idini rya isilamu, birimwo ukwiyamiriza abakristo n'abayuda nk'abantu bazimiye, bagendera mw'ishavu ry'uburakari bwa Allah (bwama bubatwikiriye).

Muri utu duce dukurikira, turihweza amabi aturuka ku mategeko ya *sharia* y'idini rya isilamu. Muvy'ukuri, ayo nayo, ntahandi ava atari mu karorero n'inyigisho nya Muhamadi.

Ingorane zituruka ku mategeko ya *sharia*

Iyo idini rya isilamu rishinzwe mu gihugu, hacieye igihe kitari gito, ushabora gusanga imico y'abantu b'ico gihugu yahinduwe n'amabwirizwa ya *sharia*. Ico gikorwa citwa “uguhindura abantu n'imico yabo bikagengwa na isilamu” (islamisation). Kubera ko hariho ibintu vyinshi bitari bisanzwe ari vyiza mu buzima n'inyigisho nya Muhamadi, hari akarenganyo gateye kwinshi n'ingorane nyinshi bizanwa bigashringwa n'amabwirizwa ya *sharia*. Ni ukuvuga ko, naho isilamu yemerera abantu umugisha n'intsinzi, amategeko ya *sharia* igihe ariyo yiganje mu gihugu canke mu kibano, kenshi akwegera abantu amabi menshi. Turavye ibiba kw'isi muri kino gihe, turashobora kubona ko ibihugu vyinshi biganzwa na isilamu biri inyuma mu majambere, kandi birangwa n'ingorane nyinshi z'agateka ka zina muntu, bivuye ku gitugu c'idini rya isilamu.

Ngutu tumwe mu turenganyo na zimwe mu ngorane biterwa n'amategeko ya *sharia*:

- Mu bihugu vy'aba isilamu, abakenyezi ni abantu bari hasi cane bacinyijwe kandi bahohoterwa cane bitewe n'amategeko y'idini rya isilamu. Turaja kwihiweza akarorero kamwe ngaha hepfo, kagizwe n'ivyashikiye Amina Lawal.
- Inyigisho za isilamu kubijanye na *jihad* (ingwano nyeranda) zama zateye uruhagarara (intambara) n'ibibi vyinshi ku mamiliyonu y'abagabo, abagore n'abana kw'isi iyo iva ikagera.

- Ibihano bitangwa na *sharia* ku vyaha bimwe bimwe birarenze urugero kandi ni agahomeramunwa: nk'akarorero, guca ibikonjo vy'abasuma no kwica abahevye idini kubera ko bihakanye isilamu.
- Amategeko ya *sharia* ntashobora guhindura abantu kugira ngo babe beza. Mubihugu habayemwo impinduka, maze ubutegetsi bugafatwa n'aba isilamu b'intagondwa, ivyakurikiye, nuko ivyo kurya ruswa (igiturire) aho kugabanuka, vyongerekanye. Akarorero, ni ivyabaye mu gihugu ca Irani muri ibi bihe biheruka: hanyuma y'impinduka zabaye muri 1978 ubutegetsi bugafatwa n'intagondwa z'aba isilamu, igihe umwami yatwara ico gihugu bita Shah yatembagazwa. Abahinga muvy'ubu isilamu nibo baciye bimikwa ku butegetsi. Ariko rero, naho bari bemeye ibintu vy'agatangaza, ahubwo ukurya ruswa kwaciye kwongerekana.
- Muhamadi yarahaba isilamu uburenganzira bwo kubesha mu bihe bimwe bimwe, kandi akanabatera intenge kubigira. Inkurikizi zavyo tuzozihweza hanyuma.
- Kubera inyigisho z'idini rya isilamu, abantu batari aba isilamu kenshi baravangurwa bagakumirwa mu bihugu vyiganjemwo idini rya isilamu. Uyu musi kw'isi nzima, ahensi abakristu bahamwa bagatotezwa, bikorwa n'aba isilamu.

Ivyashikiye Amina Lawal n'urubanza yaciriwe

Ubu naho, hinge turabe akarorero k'umukenyezi w'ukazi, ingene ubuzima bwiwe bwageramiwe n'amategeko ya *sharia*. Mumwaka wa 1999, mu gihugu ca Nijeriya haratangujwe amasentare ya *sharia* mu turere twiganjemwo idini rya isilamu mu buraruko bw'ico gihugu. Haciye imyaka itatu muri 2002, Amina Lawal yaraciriwe urubanza rwo kwicishwa amabuye n'umucamanza w'amategeko ya *sharia*, kubera ko yibarutse umwana yasamye hanyuma y'aho yahukaniye n'umugabo wiwe. Yaratanzo izina rya se w'umwana, ariko ata bipimo vya ADN, sentare ntiyashobora guhinyuza yuko uwo mugabo yavuzwe ari we se w'umwana, mbere nya mugabo aca arezwa. Umugore wenyene niwe yashengejwe kubera ubusambanyi, maze acirwa urubanza rwo kwicishwa amabuye.

Umucamanza yaciriye urubanza Amina, yarongeye ategeka yuko uwo mukenyezi azokwicishwa amabuye abanje gicutsa umwana wiwe. Urwo rubanza nuko rwokurikizwa umwana amaze gucuka, rwakurikije neza neza akarorero ka Muhamadi, yategetse ko umukenyezi yari yemeye ko yasambanye yicishwa amabuye, ariko akicwa umwana amaze gucuka no gushobora gufungura indya zikomeye zomubeshaho.

Itegeko rya *sharia* ryo kwicisha abantu amabuye ni ribi ku mvo nyinshi:

- Rirarenze urugero.
- Ni agahomeramunwa: kwicwa n'amabuye ni ukwicwa bunyamaswa.
- Birononera n'abantu bashingwa kwicisha amabuye abaciriwe urwo rubanza.
- Riravangura, rigafata umugore atwara inda, ariko umugabo yayimuteye ntihagire umukomakoma.
- Yaka ikibondo umuvyeyi waco, kigahinduka impfuyvi.
- Ntiriraba yuko uwo mugore ashobora kuba yafashwe ku nguvu.

Urwo rubanza rwo kwa Amina rwatumye isi nzima ihaguruka. Amakete arenga umuliyoni yo kurwiyanmiriza yararungikiwe ibiro vy'abaserukira igihugu ca Nijeriya mu bihugu vyo kw'isi yose. Yabaye Imana kuri Amina, kuko urubanza rwiwe rwarahinduwe na sentare isubiramwo imanza. Mugusubiramwo urwo rubanza, sentare isubiramwo imanza igira ku mategeko ya *sharia* ntiyigeze ivuguruza iciyumviro n'umugirwa vyuko igihano c'amategeko ya kiyislamu gihadwa abasambanye ari ukwicishwa amabuye. Mukibanza c'ivyo, ahubwo hatanzwe ibindi bituma; nk'akarorero, sentare isubiramwo yavuze yuko hari gutegerezwa gusasa abacamanza batatu kugira ngo urubanza rwa Amina rushobore gucibwa, aho vyokozwe n'umucamanza umwe nkuko vyari vyagenze.

Ububeshi bwemewe n'amategeko

Kimwe mu bintu birimwo ingorane mu mategeko ya *sharia* y'idini rya isilamu, ni inyigisho zijanye n'ibinyoma n'ububeshi. Naho ata nkeka, ukubesha kwemewe ko ari igicumuro gikomeye mw'idini rya

isilamu, hariho ibihe bimwe bimwe ububeshi burekuwe, canke ah'ubwo ari ngombwa, ari itegeko, turavye ibivurwa n'abakuru b'iryo dini, bishimikije nabo akarorero ka Muhamadi.

Hariho ibihe vyinshi binyuranye usanga aba isilamu usanga barekuriwe, canke mbere bategerzwa kubesha. Nk'akarorero, murwandiko rwa *hadisi rwitwa Sahih al-Bukhari* rufise umutwe uvuga ngo "Uwo wese aba ariko arondera amahoro hagati y'abantu ntashobora kwitwa umubeshi". Hafatiwe kuri aka gace k'akarorero ka Mahamadi, kimwe mu bihe aba isilamu barekuriwe kubesha, ni igihe ubwo bubeshi bushobora gufasha kugarukana umwumvikano hagati y'abantu babiri, hanyuma bikagira ingaruka nziza.

Ahandi hantu abantu bashobora kubesha mu buryo bwemewe n'amategeko, ni igihe aba isilamu bageramiwe n'abandi bantu batari aba isilamu ("kubahema mukwikingira ingorane zabo") (K3:28).

Muri ako karongo, niho hava iciyumviro ca *taqiyya*, kivuga ibigirwa vyo kubesha ku mvo zo gukingira aba isilamu. Ico abahinga b'abayisilmou bumvikanyeko, nuko igihe aba isilamu baba ahantu mu bijanye n'intwaro higanje abatari aba isilamu, barekuriwe kwereka abo batwara atari aba isilamu ubugenzi n'uburwaneza, kugira ngo bikingire, ariko bakaguma bumiye rwose ata kujogajoga ku kwemera kwabo, kw'idini ryabo rya isilamu (no ku rwanko bafitiye abo batari aba isilamu) mu mitima yabo. Inkurikizi yivyo, ibishobora kuvamwo, nuko inyifato y'abaysilamu b'abayoboke ku bantu batari aba isilamu ushobora gusanga iza irarushirizaho gutakaza bwa burwaneza uko ububasha bwabo mubijanye n'intwaro buja burongerekana, maze n'umwete mu kuyoboka idini ryabo bakaja bararushirizaho kuwugaragaza uko ubwo bubasha bugenda bwongerekana nyene.

Ibindi bihe amategeko ya *sharia* arekura kubesha kandi abantu baterwa intege kubikora: hagati y'abagabo n'abo bubakanye kugira ngo hagume umwumvikano mu rugo, urugo rutekane; mu gihe co gutatura amatati; igihe ukuvuga ukuri vyotuma usanga wishize mu kaga wewe (—vyarashika rimwe na rimwe yuko Muhamadi atatira abantu bemanze icaha); igihe umuntu yakubwiye ikintu c'akabanga; no mu gihe c'ingwano. Muri rusangi, idini rya isilamu rirarekurira abayoboke baryo kubesha igihe ico kinyoma gituma ushika kuvyo ugamije mu bintu canke ibihe birekuwe n'iryo idini.

Hari abahinga bamwe b'aba isilamu batomoye neza aho ubwoko bunyuranye bw'ibinyoma butaniye (ico ubwoko bw'ibinyoma

butaniyeko); nk'akarorero, gukora canke kwigenza mu buryo butuma umuntu agira ku kintu canke ku muntu iciyumviro kitari co (kumwuhura) ni vyiza kurusha ukuvuga ikinyoma cigendera. Ingendo ishingiye ku kinyoma kirondera gushika ku kintu ngirakamaro (— ni ukuvugab“uburyo ubwo ari bwo bwose nkoresha ni bwiza igihe butuma nshikira ico ndondera”), igihe ariyo yisungwa mu guhitamwo ige co kubesha n’ico kuvuga ukuri, bishobora gukwega amabi menshi mu bibano vy’abantu. Ibi bisambura ukwizerana hagati y’abantu, birateranya, bigatera igipfungu mu vyiyumviro no kuvyo abantu bafatirako mu kwiyumvira ibintu, bikongera bikonona imico yo mu kibano no mu bijanye n’intwaro (politike). Kubera ivyo, *Umma* y’aba isilamu—ni ukuvuga ihanga ryose ry’aba isilamu— ni ihanga ryononekaye mu bijanye n’akaranga k’ubuntu. Nk’akarorero, igihe abagabo bama bahenda abagore babo kugira ngo bakinge, bacuvye canke bakure amatati mu rugo, nkuko vyigishijwe na Muhamadi, ibi usanga bitosekaza umwizero hagati y’abubakanye, bigatuma ugenda uyongobera. Kandi, abana bama babona ba se bariko bahenda ba nyina, bizotuma nabo babona ko barekuriwe guhenda abandi, binatume bitazoborohera kwizera abandi bantu. Umuco w’ububeshi burekuwe n’amategeko urasambura ukwizerana mubagine ikibano cose. Nk’akarorero, ibi bisigura ko nko mu rudandaza abantu bazimba uko bashaka ku biguzi, uca usanga hari amatati adahera, kandi bica birushirizaho kugora kwuzuriza abantu canke kwumvikana no gusubiza hamwe kubatase.

Igihe umuntu avuye mw’idini rya isilamu, ni ngombwa cane yuko avavanura ku mwihariko n’aka karorero ka Muhamadi ku bijanye n’ububeshi. Ivyo tuzobigarukako mu cirwa ca 7.

lyumvire wewe nyene, (ntihakagire ukwiyumvirira mu kibanza cawe)

Kubera uburyo ubumenyi butunganijwe, kandi bunakingiwe mw’idini rya isilamu, biragoye kumenya ico koko iryo dini ryigisha ku bijanye n’ibintu bimwe bimwe. Umuco ufatiye ku bubeshi, ushobora kunatuma iyi ngorane yunyuka.

Ibikurubikuru idini rya isilamu rishingiyeko, ni vyinshi, kandi ni urusobane, ntivyoroshe, hanyuma igikorwa co gukura amategeko ya sharia mu bitegekanijwe muri Korowani na *Sunna*, bifatwa yuko

kigenewe abahinga bo ku rugero rwo hejuru, bigasaba imyaka myinshi yo kuvyiga, ivyo na vyo igice kinini cane c'abayisikamu ntavyo bashobora kwhihanga. Ibi bisigura ko aba isilamu bategerezwa kwisunga abahinga kugira ngo babarongore bamenye ivyo bakurikira mu kwemera kwabo. Nkako, amategeko ya isilamu abwiriza u kurondera umuntu w'umuhinga cane mu bijanye n'ukwemera, akaba ariwe yisunga akamukurikira, aho kwiyumvira we nyene ubwiwe (akaba ari we yiyumvira mu kibanza ciwe). Igihe aba isilamu bafise ibibazo kubijanye n'amategeko ya *sharia*, bategerezwa kubaza uwufise ubumenyi bukenewe, aho kuvyyiyumvira bo nyene.

Ubumenyi bw'idini muri isilamu, ntibushingiye ku burongozi rusangi nka kurya indinganizo y'ubumenyi bwa Bibiliya yagenze muri ibi binjana biheruka. Butangwa hakurikije utwo umuntu akeneye kumenya, ata kurenza aho. Mw'idini rya isilamu, hariho ivyo abantu batarekuriwe kuvugana canke guharira ige bidakenwe kubivuga, n'ige vyoba bosanga bituma idini riboneka nabi. Aba isilamu benshi baratatiwe bararyagagurwa kubera ko babajje abigisha b'idini ikibazo "kitabereye".

Nta muntu yotegerejwe guterwa ubwoba n'ibivurwa ko adafise uburenganzira bwo kuvuga ico yiyumvira kw'idini rya isilamu, Korowani na *Sunna* vya Muhamadi. Muri ibi bihe turimwo, aho ivyo kuvomamwo ubumenyi kuri ivyo bintu umuntu wese ashobora kuvyishikirira we nyene ubwiwe, buri wese—abakristo, abayuda, abahakanyi, canke aba isilamu—botegejwe gufata akaryo kose kabonetse ko kwironderera ubumenyi, hanyuma bakavuga ico biyumvira ata kurya umunwa kuri ivyo bintu. Uwo ari we wese, canke mbere abantu bose bakorwako n'idini rya isilamu, barafise uburenganzira bwo kwironderera ubumenyi no kugira ico biyumviriyiye bo nyene ata gutamikwa ku bintu bijanye n'iryo dini.

Mu duce dukurikira, turaraba ingene idini rya isilamu ritegera Yesu, twongere dusigure igituma uwo Yesu w'aba isilamu adashobora guha abantu umwidegemvyo.

Isa, intumwa yo mw'idini rya isilamu

Abantu bashinzwe uburongozi mu bijanye n'ukwizera, hari ikibazo kimwe gikomeye ari ngombwa ko batorera inyishu: Bazokurikira

Yesu w'i Nazareti, canke kuzoba ugukurikira Muhamadi w'i Maka? Aha rero harimwo uguhitamwo gukomeye, gefise n'inkurikizi ku mahanga yose, ku bihugu no ku bantu.

Birazwi yuko aba isilamu bemera Yesu, bita "Isa", ko ari intumwa ya Allah, co kimwe na Muhamadi. Idini rya isilamu ryigisha ko Yesu yavutse mu buryo bw'igitangaza, avyawe n'umwigeme w'isugi Mariya, kikaba ari naco gituma hamwe na hamwe bamwita *ibn Maryam* "umuhungu /umwana wa Mariya". Korowani irongera ikita Isa *al-Masih, ni ukuvuga* "Mesiya", ariko nta nsiguro itangwa kubijanye n'ico iyo mvugo ishobora kuba isigura.

Yesu aravurwa muri Korowani agashika mirongo ibiri, aho ahabwa izina rya Isa. Ugereranije na Muhamadi, iri zina rya Muhamadi rivurwa akatarenga kane—kandi Korowani ivuga Yesu ikoreshheje iri zina canke ririya (amazina anyuranye) agashika 93 kose.

Isilamu yigisha yuko imbere ya Muhamadi habaye intumwa nyinshi canke abahanuzi (abavugishwa) bensi barungitswe na Allah ku mahanga ya kera. Korowani iravuga ishimitse yuko abo bose, harimwo na Isa, bariabantu basanzwe nk'abandi bose.

Korowani yemeza yuko izo ntumwa z'imbere zazanye ubutumwa bumwe n'ubwo Muhamadi yazanye: ubutumwa bwa isilamu. Nk'akarorero, yemeza ko itegeko ryo kwica no gusezeranirwa iparadizo ku bizera bapfira ku rugamba ryahawe Yesu ("mu njili") na Mose (muri Tawurati, ni ukuvuga Torah, amategeko ya Mose) muri kahise (K9:111), hanyuma mu bihe vyakurikiye, iryo tegeko nyene (kwica) n'iro sezerano (kwemererwa iparadizo) vyaratanzwe biciye kuri Muhamadi. Ni ibizwi kandi nta nkekka, Yesu w'I Nazareti w'ukuri ntiyigeze yigisha canke ngo asezeranire abantu ibantu nkivyo.

Muri Korowani, abigishwa ba Isa baravuga ngo: "Twebwe turi aba isilamu" (K3:52; raba kandi K Q5:111), kandi Korowani iremeza yuko Aburahamu atari umuyuda (umuyahudi) canke umukristo, ariko ko yari u (K3:67). Abandi bantu bo muri Bibiliya Korowani ivuga ko bari intumwa za isilamu ni nka Aburahamu, Isaka, Yakobo, Ismayeli, Mose (Musa), Aroni, Dawidi, Salomoni, Yobu, Yona na Yohana Batista.

Isilamu ntihakana yuko amategeko ya *sharia* yazanywe n'izi "ntumwa za isilamu" z'imbere, atari co kimwe rwose n'aya *sharia* ya Muhamadi. Ariko rero, vyemezwa yuko izo *sharia* z'imbere zafuswe

zigasubirizwa igihe Muhamadi yaza, kandi ko igihe Yesu azogarukira, uburongozi bwiwe buzoba bushimikiye ku mategeko ya *sharia* ya Muhamadi.

Kubera ko amategeko ya sharia y'intumwa z'imbere zose yakombowe n'umuzo w'ubutumwa bwa Muhamadi, bituma Yesu azoca imanza akurikije amabwirizwa ya isilamu.⁶

Korowani irongera ikemeza ko Isa yahawe na Allah igitabu citwa *Injil* (*Injili*). Nkuko Muhamadi nawe yahawe Korowani. Inyigisho za *Injil* vyemerwa ko ari imwe n'ubutumwa bwa Korowani, ariko vyemezwa yuko urwandiko rwa mbere rw'ukuri rwa *Injil* rwatakaye. Aba isilamu bemera ko Ubutumwa Bwiza (*injili*) buri muri Bibiliya burimwo uduceduce twahinduwe kandi twononywe twa *Injil* ya mbere y'ukuri. Ariko rero vyemezwa ko ataco bitwaye, kuko Muhamadi yarungitswe na Allah kugira ngo atange ijambo rya nyuma ku bikenewe vyose.

Cane cane, ivyo idini rya isilamu ryigisha, kandi ivyo benshi mu ba isilamu bemera, ni uko iyaba Yesu yari akiraho muri iki gihe, yobwira abakristo ibi bikurikira: “Kurikira Muhamadi!” Ibi bisigura ko umuntu yifuza kumenya koko ivyo Isa yigishije kandi agashaka kumukurikira, ico yogira kwoba ugukurikira Muhamadi n'ukwiyegurira idini rya isilamu: Korowani isigura ko umukristo mwiza (nyawe) canke umuyahudi mwiza (nyawe) ari uwemera ko Muhamadi ari intumwa y'ukuri ya Allah (K3:199).

Korowani iragabisha abakristo ngo ntibakite Yesu “Umwana w’Imana”, kandi ntibakamusenge nk’Imana. Biremezwa yuko Isa yari umuntu asanzwe (K3:59), akongera akaba umusavyi wa Allah (K19:30).

Isilamu yigisha yuko imbere y’umuhero w’isi, idini ry’abayuda n’iry’abakristo azosamburwa n’ukuboko kwa Isa. Iyi nyigisho ku vyerekeye impera y’ibibe (umusi w’imperuka) iradufasha gutegera ingene idini rya isilamu ribona iyo isi iva n’iyo ija. Soma neza iyi *hadisi* ikurikira yo muri *Sunan Abu Daud*:

[Issa niyagaruka] Azorwanya abantu arwanira idini rya isilamu. Azomenagura umusaraba, yice ingurube, akombore na *jizya*. Allah azosambura amadini yose azimangane, hasigare isilamu

⁶ *Sahih Muslim*, igitabu ca 2, p. 111, fn. 288.

yonyene. Azorwanya ba Ruzirakristo, ace aba kw'isi imyaka mirongo ine, hanyuma y'ico gihe, ace apfa.

Ngaha Muhamadi avuga ko igihe Isa azogarukira kw'isi, “azomenagura umusaraba”—ni ukuvuga yuko azosambura idini rya Kristo—yongere “akureho (akombore) *jizya*”—ni ukuvuga gukuraho ukwihanganira abakristo baba ahiganje idini rya isilamu, nkuko gutegekanijwe mu mategeko y'idini yubu. Ni ukuvuga ko abakristo ntibazoba bagifise uburenganzira bwo gutanga ikori (*jizya*) rituma bashobora kubandanya bayoboka idini ryabo ry'abakristo. Abahinga b'aba isilamu uburyo babisigura, ngo nuko Isa, Yesu w'aba isilamu, niyagaruka, azotegeka abatari aba isilamu bose iyo bava bakagera, harimwo n'abakristo, kwinjira vyanse bikunze mw'idini rya isilamu.

Gukurikira Yesu w'i Nazareti w'ukuri

Twavuze kare yuko abantu bategerezwa guhitamwo uwo bazokurikira: Yesu canke Muhamadi. Ariko rero, aba isilamu bo bigishwa ko ivyo bibiri, ico utora cose ari co kimwe. Aba isilamu bigishwa yuko bakurikiye bakongera bagakunda Muhamadi, *baba bariko* barakurikira kandi bakunda Yesu. Akarorero ntanganyigisho: Wokora iki?

Imirimo yawe, isaba ko ukurikira inyigisho nkarishabwenge kugira ngo usununure ubumenyi bwawe. Mu nama nkarishabwenge imwe, washizwe mu murwi w'ibikorwa urimwo u w'umuyoboke cane w'iryo dini, umuhakanyi kasisi, umukatolika atari umuyoboke cane w'idini ryiwe, na wewe rero. Mu gukorana nuju murwi, haracamwo no gusangira imfungurwa. Mu kiyago co mu gihe kimwe muriko murafungura, wa atangura kudondagura ibihe vy'ingwano zabaye mu binjana vyaheze, aho abakristo bateye aba isilamu, ashiramwo n'ibibi biriko birakorerwa ibihugu vy'aba isilamu muri kino gihe. Uko wewe abibona, aba isilamu bararenganya, bene kubarenganya no kubarengera akarimbi, nta bandi atari abakristo. Wa muhakanyi nawe, ashigikira u, yiaymiriza ingene uturere tw'abakristo twasose ivyiswe "Ingwano Nyeranda" yasheshe amaraso menshi. Wa mukatolika muri kumwe, arazazanirwa, akweza amaso ngo umufashe kwishura.

Wobwira iki uyo n'uyo muhakanyi, nabo nyene ubu baguhanze amaso bategereye ico ubivugako?

Muhamadi niwe muzi akaba n'umubiri vya isilamu. Kino cirwa kiragaruka ku bintu bikomeye Muhamadi yaciymwo mu buzima bwiwe n'uburyo burangwa n'ububisha yakoresheje mu kugeza gutorera inyishu ingorane ziwe. Mu gace ka mbere, turihweza ingene yabayeho nabi mu muryango wiwe, n'izindi ngorane yaciymwo mu gisagara ca Maka.

Intango mu muryango

Muhamadi yavutse mu mwaka wa 570 hanyuma y'umuzo wa Yesu Kristo mu gisata c'aba Kurayishi co mu muryango w'ababu, i Maka. Se wiwe, Abdullah bin Abd al-Muttalib, yapfuye Muhamadi ataravuka. Ivyo vyatumye arungikwa mu wundi muryango yarerewemwo ka bupfuvyi mu myaka yiwe ya mbere. Nyina wiwe yapfuye amaze imyaka itandatu. Hanyuma yari afise sekuru akomeye cane, niwe yaciye amara igihe amushinzwe, ariko na we nyene

yahavuye yitaba Imana Muhamadi afise imyaka umunani. Muhamadi yaciye aja kubana na se wabo Abu Talib, aho yahawe akazi kabayabaye ko kuragira ingamiya n'intama z'uyo muntu. Haraciye igihe, niho yavuze yuko intumwa yose usanga yarashinzwe kuragira ubusho, maze gurtyo ka kazi kiwe kabayabaye agahinduramwo ikintu kidasanzwe, kandi gituma atameze nk'abandi bantu basanzwe.

Naho bamwe muri ba sewabo ba Muhamadi bari batunze, bisa nuko ataco bakoze kugira ngo bamufashe. Korowani iravugana agasuzuguro kenshi umwe muri bo, yatazirwa Abu Lahab, ni ukuvuga “se w'imbeaya z'umucanwa”, ivuga ko azotokombera mu muriro ururumba, kubera agasuzuguro yagiriye Muhamadi:

Amaboko ya Abu Lahab yarayogeye, nawe nyene yarayogeye!

Kuko ubutunzi bwiwe nivyo yegeranje vyose, ntaco
bizomumarira.

Azokwinjizwa mu muriro ururumba,
n'umugore wiwe yikoreye inkwi,
mwizosi ryiwe hazoba hari ikiziriko gitsivye! (K111)

Ukwubaka (ubugeni) kwiwe n'umuryango wiwe

Amaze kuba umusore w'imyaka mirongo ibiri n'itanu, Muhamadi yakorera umukenyezi w'umutunzi, yitwa Khadija, uyu nawe ico gihe niho yamusaba ngo bubakane. Uyo mukenyezi yaramurusha imyaka. Twisunze ibivurwa na Ibn Kathir bikaba vyagiye birahererekanya uko, Khadidja yaratinya yuko se wiwe yari guhava yanka ko ubwo bugeni buba, kikaba ari co gituma Khadidja yamuboreje, akabashingira yanyoye. Izo nzoga zimuvuyeko, uyo mutama yararakaye amenye ivyabaye.

Mu mico n'imigenzo y'abarabu, umugabo yategerezwa gukwa umugore, amaze kumukwa agaca amwegukira akamuganza (nk'igitungwa ciwe). Umugabo apfuye, umugore yafatwa nka kimwe mu vyo umuhisi yari atunze, samurarwa wiwe w'umugabo, abishatse, yarashobora guca amucura. Ivyo kwa Khadidja vyo ntivyagenze nkuko bitegekanywa n'imico. Khadidja yari akomeye kandi atunze—Uwanditse ubuzima bwa Muhamadi yitwa Ibn Ishaq yavuze ko yari umugore “iyubahirije/yubashwe kandi atunze” — Muhamadi nawe akaba yari umworo atabona na kazosa kiwe uko kazomera, yategera ku munwa. Kandi Khadidja, yari amaze kwubakana n'abagabo babiri imbere yaho. Ubwo budasa hagati y'imigenzo y'ico gihe kubijanye

n'ukwubakana kw'abarabu, n'uko vyagenze hagati ya Khadidja na Muhamadi, buribonekeza cane rwose.

Khadija na Muhamadi bavyaranye abana batandatu (hari naho bavuga indwi). Muri abo bana, Muhamadi yaronse abahungu batatu (canke bane), ariko bose bapfuye bakiri bato, bamusiga ata samurarwa w'umuhungu afise. Ntankeka yuko iyi yabaye iyindi nkomoko y'umubabaro mu buzima bwa Muhamadi, wiyoungereye ku buzima butoroshe yabayemwo akiri umwana.

Mugusozerwa, mu buzima bwo mu muryango bwo kwa Muhamadi, harabayeye ibantu n'ibihe vyinshi vyuzuye umubabaro n'agahombo, nk'ukuba impfuvyi, kubura sekuru yari amutunze, gusanga wubakanye n'uwukuminuza ku butunzi akuganza, kuba yashoboye gushingirwa kuko sebukwe yari aborewe, ukubura abana biwe, ukurwanywa n'abantu b'incuti ziwe zikomeye zifise ububasha. Ahake hamworoheye vyamuhaye agahengwe muri ukwo gukumirwa n'umubabaro, bwabaye uburyo yafashwe neza na sewabo Abu Talib, n'uburyo Khadija yamutoye ngo bubakane, bikaba vyamukuye mu bworo yarimwo.

Ishingwa ry'idini rishasha (i Maka)

Ubuzima bwo mu muryango bwo kwa Muhamadi ntibwamworoheye, kandi igihe yashinga idini rishasha, yabandanije kugira ingorane.

Muhamadi yari afise imyaka hafi 40 igihe yatangura kugenderwa n'impwemu yahavuye avuga ko yagenderwa n'umumarayika Jibril (Gabriyeli). Mubihe vyambere, Muhamadi yarahahamuwe cane n;ayo mabonekerwa, gushika aho hageze aho yibaza ko yari yagendewe n'amashetani. Yarigeze no gushaka kwiyahura, avuga ati: "Nzoja kw'isonga ry'umusozi nikororere hasi, maze niyice ndabe ko noruhuka" Umugore wiwe Khadidja yaramuremesheje muri ayo makuba, maze amujana kwa muvyarawe Waraqqa, umukristo, yamenyesheje ko Muhamadi atari umusazi, ahubwo yari intumwa (umuhanuzi).

Ivyo vyo guhishurirwa vyahavuye bimara igihe vyarahagaze, Muhamadi aca atangura gusubira kugira iciyumviro co kwiyahura, ariko igihe cose yaba agira ngo yitiburire hasi ava kw'isonga ry'umusozi ahwere, wa Jibril yaca amubonekera akamuhumuriza,

amubwira ngo: “Idini rishasha, Muhamadi! Muvy’ukuri, uri intumwa ya Allah.”

Biboneka yuko Muhamadi yatinya kwiyamirizwa nk’umubeshi, koko, muri imwe mu ma surati ya mbere, Allah aramuhumuriza ko atazomuheba canke ngo amushavurire amwihakane (K93).

Ihang a ry’aba isilamu ryarongerekanye, mu bihe vy a mbere biba buhoro buhoro. Khadidja niwe yabaye umuyoboke wa mbere. Uwakurikiye yabaye muvyara wa Muhamadi akurira yitwa Ali bin Abu Talib, yari mbere yarerewe mu nzu kwa Muhamadi nyene. Abandi barakurikiye, cane cane bo mu boro, mu bashumba no mu bahora ari abashumba b’abarabu bahawe umwidegemvyo.

Igisata c’umuryango wa Muhamadi

Mu ntango, idini rishasha ryagumye rihishijwe n’abayoboke baryo; ariko rero haciye imyaka itatu, Muhamadi yavuze yuko Allah yamusavye kurimenyekanisha icese. Ivyo yabikoze mu kuremesha inama y’umuryango, muri iyo nama akaba yahamagariye incuti ziwe kwinjira mw’idini rya isilamu.

Mu ntango, abanyamuryango b’aba Kurayishi (Quraysh) ba Muhamadi b’i Maka bari bemeye kumwumviriza, ariko gusa igihe ataribwatangure kurwanya imana zabo. Hanyuma y’ivyo, abo barabu bahindutse ico Ibn Ishaq yise “inkehwa zigayitse”. Haciye haba imishamirano yanagiye yongerekana, gushika aho izo mpande zibiri zahavuye zibishira mu migere zikarwana.

Kubera ko abarwanya idini bari bongerekanye, se wabo wa Muhamadi yitwa Abu Talib yaramukingiye. Igihe abandi muri Maka bavuga ngo “O Abu Talib, umuhungwanyu yavumye imana zacu, yatutse idini ryacu,artyoje uburyo tubayeho... none uramuagarika ntabibandanye, canke uramureka tumwifatire”. Abu Talib yabahaye inyishu ibaryosharyosha, baca baraheba baragenda.

Abatari abayoboke b’idini baratunganije ukwugariza umuryango wa Muhamadi n’igisata ciwe no kugiharira ivomo mu bijanye n’imibano n’ubutunzi, barabuza urudandaza no guhana abageni hagati yabo n’uyo muryango. Kubera ubworo, uyo muryango wasanze ugeramiwe muri vyose. Ibn Ishaq aravuga mu ncamake ivyo aba Kurayishi bagiriye uyo muryango:

Hanyuma aba Kurayishi bereka urwanko abo bose bakurikiye iyo ntumwa; umuryango wose warimwo aba isilamu warateye abo ba isilamu, urabapfunga, barakubitwa, barimwa indya n'ibinyobwa, basanga bataragajwe mu bushuhe buturira bw'i Maka, kugira ngo babakondore bahebe idini ryabo. Bamwe barabivuyemwo barariheba kubera urwo ruhamo, ariko abandi barakomeye ku muheto, bakingiwe n'Imana.⁷

Muhamadi nawe nyene ubwiwe, yarahanamiwe aratukwa: baramuteye umucafу n'amara y'ibikoko igihe yariko arasenga.

Uruhamo rubandanije, abagabo 84 b'aba isilamu n'imiryango yabo barimutse bahungira mu ntara y'abakristo ya Abisiniya, hoho basanke bashobora gukingirwa.

Mu duce dukurikira, turaraba ingene Muhamadi yishuye uko gucibwa n'abanyamuryango biwe b'i Maka.

Ukwibaza ko hari ico yoba amaze no guhava
iyemera akiyemeza

Harabaye igihe Muhamadi yabaye nkuuhindura akava muri ukwo kwemera Imana imwe kwiwe, kubera igitugu c'aba Kurayishi. Bari bamwemereye yuko bari gusenga Allah, ariko nawe yemeye gusenga Imana zabo. Yahavuye aherezza kutemera uwo mwumvikano, amenyesha ibiri mu karongo K109:6 ka Korowani "Sinsenga ivyo musenga, kandi na mwebwe ntimusenga uwo nsenga!" Ariko rero Muhamadi bishoboka ko atashotse afata ingingo, kuko al-Tabari avuga ko igihe yariko arahabwa ibiri mu kigabane ca K53, Muhamadi yarahishuriwe icahavuye kimenyekana kw'izina rya "Uturongo twa Satani" (Versets sataniques), twavuga ivyerekeye ibimanakazi vyasengwa i Maka, al-Lat, al-Uzza na Manat, ngo "Ni iminara (*gharaniq*) ikomeye ivugira abantu ikumvirwa."

Igihe bumva aka karongo, abapagani b'aba Kurayishi barahimbawе cane, baca batangura gusengera hamwe n'aba isilamu. Ariko rero umumarayika Jibril yaratatiye Muhamadi, nawe aca atangaza yuko ako karongo kafuswe, ko kari kavuye kwa Satani. Igihe Muhamadi

⁷ A. Guillaume, *Ubuzima bwa Muhamadi*, p. 143.

yatangaza yuko ako karongo kafuswe, vyatumye agasuzuguro k'aba Kurayishi kongerekana, maze baca barushirizaho kurwanya Muhamadi n'abayoboke biwe.

Munyuma, Muhamadi yarashikirije akarongo kemeza yuko intumwa zose zabayeho imbere yiwe, nazo nyene zayobeshejwe na Satani (K2:52). No ngaha nyene, turabona ko Muhamadi yafashe icotumye anebagurwa agatezwa isoni akagihinduramwo icemezo c'ubuhizi.

Imbere y'abamutwenga bamwagiriza kuvuga ibirementanyo, bikaba vyaramubabaza cane (vyaramubaba), Muhamadi yishuye yuko uturongo twose aturonswa na Allah amushigikiye kandi akeza kamere yiwe avuga ko ari igitangaza. Korowani ivuga ko atari mu nzira itari yo, ariko ko yari umuntu w'intungane (K53:1-3; K68:1-4).

Mu vyemerwa vyinshi bivurwa mu ma *hadisi*, haravurwa kandi ko Muhamadi yahavuye yemera yuko ihanga, ubwoko, igisata, umuryango n'incuti ziwe z'amaraso biri hejuru y'ibindi vyose. Kuvyo bavuga yuko yari umwana w'umuzanano canke w'ishushu, yavuze ko abo yamukako bose umwe wese yamuka ku bavyeyi bagize ubugenii kandi bazwi, maze agasubira inyuma no gushika kuri Adamu. Mw'i*hadisi* imwe yanditswe na Ibn Kathir, Muhamadi yaramenyesheje yuko yari umugabo mwiza kurusha abandi, yamuka mu gisata ciza naco kurusha ibindi bisata vyose (igisata c'aba Hashemite) c'ihanga riruta ayandi mahanga yose (iry'abarabu), avuga ati: "Ndi mwiza kubarusha mwese, mu mpwemu (ku mutima), nkongera nkaba mwiza kubarusha mfatiye kubo nkomokako... Ndi uwambere mu batowe bose: nico gituma uwo wese akunda abarabu, yobakunda abicishije mu gukunda jewe."

Mu kiringo c'imyaka 13 Muhamadi yamaze i Maka, niho iciyumviro c'aba isilamu c'imigisha n'invugo ishimagiza intsinzi n'agahombo (ivuga ben'intsinzi n'abahomba) catangura kwibonekeza mu bigabane vyo muri Korowani. Nk'akarorero, henshi havurwa ingwano hagati ya Mose n'abanye Egiputa basenga ibigirwamana, Korowani ivuga ivyashitsweko ikoresheje invugo y'intsinzi n'abahomvye canke abatsinzwe (nk'akarorero muri K20:64, 68; K26:40-44). Muhamadi yaranahavuye atangura gukoresha invugo y'intsinzi ku ngwano hagati yiwe n'abamurwanya, yemeza ko abatemera ivyahishuwe na Allah bazosanga bahomvye (K10:95).

Abamurwanya biyongera, co kimwe n'abayoboke biwe

Ibantu vyari bimaze imisi bitagenda neza i Maka hanyuma yaho Muhamadi aburiye umugore wiwe Khadidja na sewabo Abu Talib, bapfiriye mu mwaka umwe. Ibi vyaramutunguye cane. Igihe yisanze atagishigikiwe ngo akingirwe nabo babiri, aba Kurayishi baciye barushirizaho kwubahuka mu kurwanya Muhamadi n'idini ryiwe.

Ubuzima muri ico gihugu c'abarabu bwari bushingiye ku myumvikano n'ukwisunga ugu kingirwa n'abahambaye mucuditse. Uburyo bwareho bwo kuronka umutekano, kwari ukwishi kana ugakingirwa n'uwindi akurusha ububasha. Kubera ko we n'abayoboke biwe bari barushirijeho guhanamirwa, kandi bakaba bari barakumiriwe n'umuryango wiwe, Muhamadi yahavuye aja i Ta'if, ikibanza kiri ahegereye Maka, kugira ngo arondereyo abomukingira. Ariko rero aho i Ta'if, baramutyetyeje baramutwenga, hanyuma yirukanwa n'abanyagihugu bahagurutse bakamwi yamiriza icese.

Ari mu nzira ava i Ta'if, uruhererekane rw'ibirurwa n'aba isilamu rwemeza ko umurwi w'amajini (abadayimoni) yumvise Muhamadi ariko aravuga imirongo ya Korowani hagati mw'ijoro. Ayo majini yaratamariwe nivyo yumvise, ku buryo yaciye yemera idini rya isilamu ubwo nyene. Niho aba badayimoni b'aba isilamu baciye basubira inyuma kwigisha idini rya isilamu ayandi majini. Ibi bivurwa kabiri muri Korowani (K46:29-32; K72:1-15).

Ibi bivurwa ko vyabaye birahambaye ku mvo zibiri. Ubwa mbere ho, birajanye n'inzira Mohamadi akoresha yo kwiyemeza: yarashoboye kwemeza yuko, naho abantu i Ta'if bamwi yamirije bakamwirukana, hacie haboneka *amajini* yamwemeye ashingiye kuvyo yavuze yemeza ko ari intumwa y'ukuri ya Allah.

Ica kabiri, ni iciyumviro cuko n'amajni ashobora kuba aba isilamu bubaha Imana, carugururiye umwango abadayimoni mw'idini rya isilamu. Ibi vyabaye mu buzima bwa Muhamadi, hamwe nuku kuvurwa kw'amajini (abadayimoni) y'ama isilamu vyahaye aba isilamu inzira yo kugerageza kuvugana n'umurwi w'impwemu z'iki isilamu. Ikindi gituma cuko aba isilamu bokorana n'umurwi w'impwemu (imitima), ni iciyumviro c'uko muri Korowani naza

hadisi , cuko umuntu wese afise umugenzi w'impwemu (umutima) yitwa “*qarin*”, bagendana mu mpwemu (K43:36; K50:23, 27).

Muhamadi asubiye i Maka, ibintu ntivyari bimeze neza. Ariko yahavuye ashobora kuronka ikibano cemeye kumukingira. Cari kigizwe n'abarabu baturuka i Yathrib (yahavuye yitwa Medina), igisagara cabamwo mbere n'abayuda benshi. Mw'ihayanishwa ry'ibidandazwa ryaringanizwa uko umwaka utashe i Maka, umurwi w'abashitsi bava I Medina baremeje ko bemera kandi bayoboka Muhamadi, baremera kubaho bisunze ubutumwa bwiwe bwo gusenga Imana imwe.

Muri iki gihe, ntakwiyemeza kurwana kwahabaye. Ariko mw'ihayanishwa ry'umwaka ukurikira, ikirwi kinini kurusha c'abantu b'i Medina cariyemeje gukingira Muhamadi nkuko yavyifuza. Aba bantu b'i Medina, bahavuye bitwa “abatabazi” (*Ansar mu carabu*), baremeye gutera ingwano mu buyoboke bwuzuye bw'intumwa (Muhamadi). ”

Hanyuma yivyo, hafashwe ingingo yuko aba isilamu b'i Maka bari kwimukira i Medina, kugira ngo hashingwe umurwi wa politike wikwiye kandi ushabora kwikingira no kwirwanira. Muhamadi niwe yabaye uwa nyuma mu guhungira i Medina, kandi yahunze ijoro rigeze hagati, aciye mw'adirisha ry'inyuma. I Medina, Muhamadi yarashoboye kumenyesha icese ubutumwa bwiwe atawumwagagaza, kandi abarabu b'abanyamedina nka bose baciye bahinduka abayoboke ba isilamu muri uyo mwaka wa mbere nyene. Muri ico gihe, Muhamadi yari amaze imyaka irenga gatoyi 52.

Mu myaka Muhamadi yamaze i Maka, umuryango wiwe n'igisata ukomokamwo baramwhakanye bamuharira ivomo. Uretse abandi bari ku rushi, ntabandi bamuyobotse, atari aboro ruhebwa; abasigaye bose baramutwenze aba nk'umuti w'ameno, baramuhigira ikibi, baramumaramaza, eka baramurwanya bamugirako ibitero.

Mu bihe vya mbere, Muhamadi ntiiyemera ngo yumve ko aremye mu vyo yariko aratanguza, atinya yuko umuhamagaro wiwe w'ubutumwa bw'ubuhanuzi utemerwa namba. Harabaye mbere n'igihe yasa n'uwmeyeh imana z'aba Kurayishi (Quraysh). Ariko rero, impera n'imperuka, naho yarwanijwe, Muhamadi yahavuye akorana ishaka ryinshi , aruhira mbere kuronka umurwi w'abayoboke b'umwete.

None igihe yaba i Maka, Muhamadi vyukuri yari umunyamahoro?

Abanditsi benshi baremeje yuko imyaka icumi Mahamadi yamaze yerekwa i Maka, yaranzwe n'amahoro. Mu gice kimwe, ibi vyari vyo. Ariko rero, naho ata bintu vyo kurwana bitegekwa mu bigabane vya Korowani vyandikiwe i Maka, yaravyiyumvira, vyari mu migambi, kuko ivyahishuwe vya mbere biratunga agatoke ababanyi ba Muhamadi, mbere hakoreshejwe amajambo ateye ubwoba, abura amabi atagira izina arindiriye abarwanya idini ryiwe mu buzima buzokurikira.

Kimwe mu vyo imirongo ya Korowani yerekeye urubanza yandikiwe i Maka igamiye, kwari ukwemeza Muhamadi no kumuha agaciro, nk'inchumbusho ku gatwengo n'agasuzuguro vy'abarabu b'aba Kurayishi. Nk'akarorero, Korowani ivuga ko abatwenga aba isilamu bazoronka amahano muri ubu buzima no mu buzima buzokurikira. Abemera, “bicaye mw'ijuru “ku nyegamo z'iteka bariko binywera vino y'agaciro”, bazotwenga abahakanyi, babaraba aho bariko barasha mu mbeya zirurumba zo mu muriro(K83:29-36).

Nta nkekka, ubu butumwa ku manza bwaratsa agacanwa k'imishamirane muri Maka. Abahakanyi basenga ibigirwamana ntibakunda ivyo bintu bumva (babwirwa).

Muhamadi ntiyigisha ugucirwa urubanza mu buzima budahera gusa, kuko nkuko Ibn Ishaq abivuga, mu bihe vya mbere vy'igihe c'i Maka niho Muhamadi yatangura gusotera amajambo yerekana ko yari afise umugambi wo kwica abahakanyi b'abanya Maka. Yababwiye ati: “Mbega muriko muranyumviriza ga mwa ba Kurayishi mwe? Kw'izina ry'Uwfise ubuzima bwanje mu minwe yiwe, ndabazaniye ukubarwa bunyamaswa”

Haciye igihe, imbere yuko Muhamadi ahungira i Medina, umurwi w'aba Kurayishi waraje iwe uzanywe no kumwagiriza ko yahigiye kwica abatazomwemera.“Muhamadi aravuga yuko ... utamukurikiye uzokwicwa bunyamaswa, hanyumauzuwe mubapfuye naho uzotahire ugusha mu mbeya z'umuriro udahera”. Muhamadi yariyemereye ko ivyo ari vyo, aho yavuze ngo: “Ivyo ndabivuze koko.”

Hanyuma yaho baseserejwe n'ukutemerwa n'uruhamo i Maka, ihanga ry'aba isilamu, barongowe n'umuhanuzi (intumwa ivugishwa) wabo Muhamadi, bahisemwo gusota ingwano ku batayoboka idini ryabo.

Muri utu duce, turihweza ingene Muhamadiyahavuye asota intamabara kubari bamukumiriye bakanka n'ubutumwa bwiwe.

Hanyuma y'uruhamo, hakurikira ukwica

Ijambo ry'icarabu *fitna* “*Ukugeragezwa, uruhamo, inyosha mbi*”, riratanga ifatiro kugira ngo umuntu ashobore gutegera ingene Muhamadiyahavuye ahinduka intwazangabo, umutegetsi w’ingabo. Iryo jambo riva mu rivuga *fatana* “guheba ikintu/umuntu, kuryosharyosha umuntu ngo umwoshe gukora ikintu, kwemeza umuntu (kumukondoora), canke kuba mu bigeragezo”. Ico rivuga ubwa mbere, atari imvugo y’ingereranyo, ni gupima no gurtyorora/guhingura icuma ukoresheje umucanwa. *Fitna* gishobora gusigura ukugeragezwa canke ukwemezwa, harimwo insiguro zibiri zishoboka: mukuryosharyosha umuntu ngo yemere ikintu, hashobora gukoreshwa uburyo bwiza canke bubi. Bishobora guca kukumuha amahera canke akandi koshamusyi, canke kukumuhotera no kumuboreza igufa gushika aho yemera.

Fitna cabaye ifatiro mu vyiyumviro ndoramana ku buryo ihanga rya mbere ry'aba isilamu ryabayeho mu mubano wabo n'abatari abayoboke b'idini ryabo. Muhamadi yagiriza abakurayishi ko bakoresha *fitna*—irimwo ibitutsi, ukwararaza, ukuboreza abantu igufa/kubahohotera, ugukumira, uguhohotera abantu mu buryo bufatiye ku butunzi, n'ubundi buryo bwo kugeza kwemeza abantu ikintu.—ku mvo zo gutuma aba isilamu bava muri iryo dini canke kurwiza n'ubusa ivyo ryigisha.

Imirongo ya mbere ya Korowani yerekeye ukurwana yaratomoye yuko igikuru ukurwana n'ukwica vyarondera, kwari ugukura *fitna* mu bantu, ntibe ikivurwa.

Nimurwane mu nzira ya Allah n'ababarwanya, ariko ntimurenze urugero (ngo mwimonogoze mu kwica abatabarwanya), kuko Allah ntakunda abimonogoza (abasotora abandi)

Kandi mubicire aho mubasanze hose, mbere mubomore aho babomoye, kuko kubangikanya Allah n'uruhamo [*fitna*] ni icaha gikomeye gusumvy a ukwica

...

Barwanye gushika hamwe ata ruhamo [*fitna*] no kubangikanya Allah bikiriho, maze higanze idini rya Allah gusa. Nibabireka (baheyye ubuhakanyi n'ukugarariza idini rya isilamu), ntarwanko kiretse kubahemutse. (K2:190-93)

Iciyumviro cuko *fitna* (uguhamama) ku ba isilamu no kubangikanya Allah ari “icaha gikomeye kurusha ukwica” caragize insiguro ikomeye cane. Ayo majambo yarasubiye arahishurwa haheze igitero ku murwi w'abanya Maka bariko bararengana (K2:217) mu gihe c'ukwezi kweranda (igihe imigenzo y'abarabu yavuga yuko muri co vyari bibujije kugira ibitero). Ibi vyasigura yuko, n'imiburiburi, ibibi birutana: gusesa amaraso y'abahakanyi si bibi nko kuyovya aba isilamu bagata inzira y'ukwemera.

Ayandi majambo akomeye muri iki gice c'isurati (ikigabane) ya 2 ni “Barwanye, gushika aho hasigara ata ruhamo, ata kubangikanya (*fitna*) bikivurwa”. Ibi vyarahishuwe ubugira kabiri, hanyuma y'ingwano y'i Badr, mu mwaka ugira kabiri bari bamaze muri Medina (K8:39).

Ayo mungane yerekeye uruhamo n'ukubangikanya (*fitna*), rimwe ryose rikaba ryabuwe kabiri, yashinze iciyumviro ngenderwako cuko ingwano nyeranda (*jihad*) yari ifise ishingiro rifatiye ku kubona hariho intambamyi iyo ariyo yose ibuza abantu kwinijsira mw'idini rya isilamu, canke ikintu ico arico cose gikwegakwegera aba isilamu guheba ukwemera kwabo (idini ryabo). Naho kurwana no kwica abandi bibabaje cane, ntibiza bingana no kubera intambamyi idini rya isilamu, ni co caha kiri hejuru y'ibindi.

Abahinga b'aba isilamu baraguye ico ciyumviro ca *fitna* (uruhamo n'ukubangikanya) kugira ngo hajemwo n'ukubona hariho ubuhakanyi (ukutemera Allah), bigatuma karya kungane twotegera yuko kavuga ngo: “Ubuhanayi ni bubi kurusha ukwica.”

Bitegerewe muri ubwo buryo, ako kungane “Uruhamo no kubangikanya (Allah) ni bubi kurusha ukwica”, bica bihinduka “Ubuhanayi ni bubi kurusha ukwica”, kaciye gahinduka uruhusha canke uburenganzira kw'isi yose bwo kurwanya no kwica abatari

abayoboke (ni ukuvuga “abahakanyi”) bose batemera ubutumwa bwa Muhamadi, baba bariko bararwanya aba isilamu canke batariko barabarwanya. Nkuko bivurwa na Ibn Kathir, kubatemera, no “kutemera kwonyene cari ikibi kirengeye ukwicwa kwabo (Bobura bicwa ha ko babaho batemera)”. Ibi vyatanze imvo y’ingwano yo kurandura burundu ubuhakanyi, no gutuma idini riganza ayandi madini yose (K2:193; K8:39).

“Ehe ni twebwe duhahazwa ! (Nitwe turenganywa)

Muri ivyo bice nya Korowani, Muhamadi yariko yerekana ashimitse uburyo aba isilamu bahahazwa bakarenganywa. Ku mvo zo kwerekana yuko ukurwana no gufata izindi ntara ari igikorwa kibereye. Yemeje yuko abahakanyi ari abansi, yuko bagirirwa n’icaka kubera ivyo, kandi rero ko bakwiye gutterwa no kurwanywa. Urugero rwo guhahazwa no kurenganywa kw’aba isilamu, nirwo rwakoreshejwe mu kwerekana yuko ingwano yari ngombwa: uko igihano aba isilamu baha abansi babo caba kinini, nikwo vyaca biba nkenerwa kuvuga no kwerekana ububi bw’icaha abansi bakoze (kugira ngo biboneke ko ico gihano cari gikwiye). Hanyuma y’aho Allah yemereje yuko umubabaro w’aba isilamu (amabi bagirirwa) wari “mubi kurusha ukwica”, vyaciye biba ibwirizwa ku ba isilamu kubona ukwo guhahazwa no kurenganywa kwabo, ko cari ikibi kirengeye ivyo vyose bashobora gukorera abansi babo.

Ni uyu muzi w’inyigisho ndoramana z’aba isilamu, ushingiye muri Korowani no muri *Sunna* nya Muhamadi, usubira kandi gusigura igituma, nkuko biba kenshi cane, aba isilamu bamwe bamwe bavuze yuko uguhahazwa n’ukurenganywa kwabo kurengeye mu bubi ivyo bakoreye abo bagizeko ibitero. Ubu buryo bwo kubona ibantu bwarasiguwe na Ahmad bin Muhamadi, umwigisha w’umunya Aljeriya yanonusoye ibijanye na politike y’inyigisho ndoramana, mu kiganiro yagiriraniye na Dr Wafa Sultan ku mboneshakure ya Al-Jazeera. Dr Sultan yarerekanye yuko aba isilamu bishe abantu b’inzirakarengane. Arakajwe n’ivyo Dr Sultan yari avuze, Ahmad bin Muhamadi yaciye atangura kuvuga aboroga yisiga ngo:

Ipu. Nitwebwe duhahazwa! ... Hariho amamiliyon i’abantu b’inzirakarengane muri twebwe (Aba isilamu), kandi inzirakarengane muri mwebwe ... niba ari benshi, baharurwa

mu macumi, mu majana canke mu bihumbi bitarenga ntibirenguke.

Uko kwishiramwo yuko aribo barenganywa bahahazwa, birabandanya kuguma bigiteye isibe mu turere twinshi tw'aba isilamu gushika kuri uyu musi, kandi birazingamika ubushobozi bwo gufata mu minwe bo nyene akigoro ko kwiyumvira no gushira mu ngiro ibikorwa vyobagirira akamaro (batarindiriye ko babikorerwa n'abandi).

Ibihano (vy'akihoro k'akazikira)

Uko inguvu za gisirikare za Muhamadi muri Medina zongerekana n'intsinzi zigatangura kuboneka, niko uburyo yafata abansi batsinzwe n'ivyo yabakorera vyarushirizaho kwerekana mu vy'ukuri ivyatuma asota intambara, ivyatuma arwana. Kimwe muvyo Muhamadi iyerekaniyeko kubijanye n'ibi, ni ivyo yakoreye Uqba, yari yarigeze kumutera amase n'insogi vy'ingamiya. Uqba yarafashwe mpiri mu ngwano yabereye i Badr, hanyuma aratakamba ngo ntibamwice, avuga ati : "Ehe raba, Muhamadi, unyishe, abana banje bazorabwa na nde?" Yamwishuye ati: "Umuriro udahera!" Hanyuma Muhamadi ubwo nyene aca aramwicisha.

Hanyuma y'ingwano y'i Badr, imivyimba y'abanye Maka bishwe mu rugamba baca batabwa mu cobo kimwe, hanyuma ijoro rigeze hagati, Muhamadi yaraja kuri ico kinogo ajanywe no gutwenga abo banya Maka bapfuye.

Ibantu nkivyo vyabaye, birerekana yuko Muhamadi yarondera kwiha agaciro we nyene mu kwiyemeza, yihora abari baramwihakanye bakamukumira. Yashaka hose kuronka ijambo rya nyuma, no kubamaze gupfa.

Abari barihakanye Muhamadi baramuhaye akato, nibo bari kw'isonga ry'urutonde rw'abo yagenera kugandagurwa. Igihe yafata igisagara ca Maka, Muhamadi yarahagaritse ivyo kwica. Ariko rero hariho urutonde rutoya rw'abantu bategerezwa kwicwa. Urwo rutonde rwariko abantu batatu bari baravuye mw'idini rya isilamu, umugabo n'umugore bari barigeze gutuka Muhamadi i Maka, n'abakobwa babiri b'abashumba bahora baririmba uturirimbo turimwo amajambo amunebagura (bahora bamutwenga kera).

Urwo rutowe rw'abategerezwa kwicwa na Muhamadi rurerekana ingene Muhamadi yanka akankiriza ukutemerwa ko afise agaciro. Kubona abihakanye idini bakarivamwo babandanya kubaho, cari ca caha co kubangikanya n'uruhamo, canke c'ubuhakanyi, kimwe ca *fitna*, kuko kubona bagihema, baba ari ibimenyetso vyerekana ko vyashoboka kuva mw'idini rya isilamu; abatwenga canke bagatuka Muhamadi nabo, babonwamwo ubushobozi bwo gukora ikibi, kuko vyafatwa ko bashobora kubangamira no gutirimutsa ukwemera kw'abandi.

Ingaruka ku batari aba isilamu

Umuzi w'ikumirwa ry'abatemera mu mategeko y'idini rya isilamu uri mu buryo Muhamadi abona iyi si no mu nyishu we nyene yahaye ugukumirwa kwiwe.

Mu ntango, abo Muhamadi yafata nk'abansi b'abasamuntu kurusha abandi, bari abo basangiye igisata c'umuryango, abapagani b'abarabu. Turashobora kwihiweza ingene Muhamadi yafata abapagani b'abarabu vyagiye birahinduka: ibirego bashize ku ba isilamu abona ko ari igitutsi, naco agaca agikoresha mu gutanga imvo ku ciyumviro cuko kubona hariho ukutemera, ni ca caha c'uruhamo, ukubangikanya Imana, n'ubuhakanyi, arico caha c'agacamutwe ca *fitna*. Ivyo turasubira kandi tukanabisanga mu buryo Muhamadi yagenjeje ku kibazo cerekeye *Abahawe igitabu* (abakristo n'abayuda). Nk'abihakanye isilamu, nabo bahavuye barabwa nk'abazokwama na ntaryo bagendana icaha, bakwiye kuganzwa, bagafatwa nk'abantu bari hasi cane, bagayitse.

Imbere yuko afata akaganza Maka, Muhamadi yarabonekewe (yareretswe), yibona ariko aragira urugendo rweranda i Maka. Ivyo ntivyashoboka muri ico gihe, kuko aba isilamu bari mu ngwano n'abanye Maka. Hanyuma y'iryo yerekwa, Muhamadi yaragize ibiganiro vyashitse ku masezerano y'i Hudabiya (Hudaybiyyah), yamurekurira kugira urwo rugendo rwiwe yeretswe. Ayo masezerano yari kumara imyaka icumi, kandi imwe mu ngingo zayo yavuga ko Muhamadi yari gusubiza inyuma mu banya Maka uwo wese yari kumuhungirako (kumuyoboka) ataronse uruhusha rw'uwamucunga (nyenewe). Abo rero bari abashumba n'abakenyezi. Ayo masezerano yararekurira kandi abantu bo mu mpande zompi kugira.

imyumvikano hagati yabo. Muhamadi ntiyigeze akurikiza ivyamwega muri ayo masezerano.: abantu baje bamugana bavuye i Maka baje kwaka abagore babo canke abashumba babo bamuhungiyeko, yarababima, ababwira yuko abigize yishimikije ububasha bwa Allah. Ivya mbere vyashitse, yabaye umugore yitwa Umm Kulthum: basaza biwe baraje kumutahana yahungiye kwa Muhamadi. Muhamadi yaranse, aramubima, kubera ko, nkuko Ibn Ishaq abivuga, “Allah yabibujije” (raba kandi K60:10).

Ikigabane (isurati) ca 60 gitegeka aba isilamu kutagira abahakanyi abagenzi babo. Kivuga yuko nihagira u akunda abanya Maka (abahakanyi) mu mpisho, azoba yataye inzira/umurongo, azoba yayovye, kuko ikiraje ishinga abahakanyi, ni ugutrimutsa aba isilamu nabo bagahinduka abahakanyi. Ikigabane (isurati ya) ca 60 cose kiravuguruza ya masezerano y'i Hudabiya, yavuga ibikurikira: “Ntituzokwerékana urwanko hagati yacu, kandi nta gahigihigi canke akangonongono k'akankanze kihishije kazorangwa hagati yacu.” Ariko rero mu bihe vyakurikiye, aho aba isilamu batera Maka bakayifata, havuzwe yuko vyari bikwiye bifise imvo, kubera ko ngo aba Kurayishi ari bo bahonyanze amasezerano.

Hanyuma yivyo, Allah yavuze ko ata masezerano azosubira kugiranwa n'abasenga ibigirwamana —“Allah ari kure y'ababangikanya”, na “nimurwanye ababangikanya (Allah) aho mubasanze hose nimwice ababangikanya (abasenga ibigirwamana) aho muzobasanga hose” (K9:3, 5).

Uru rukurikirane rw'ivyashitse, rutanga urugero rw'ivyahavuye bihinduka kimwe mu vyiyumviro ngenderwako vyemewe vy'idini rya isilamu, yuko muri kamere kabu basanganywe, abahakana idini rya isilamu ari ba bantu batigera bubahiriza amasezerano bemeye, bama bayahonyanga (K9:7-8). Aha nyene, Muhamadi, abitegetswe na Allah, yaremeje uburenganzira bwiwe bwo gukombora no kudakurikiza amasezerano yagiriraniye n'abahakanyi. Igihe cose Muhamadi avuze yuko agenzwa n'ububasha bw'uwo hejuru, yahonyanze amasezerano yagize, ntivyafatwa yuko yakoze ibitatbereye, canke bidatunganye.

Ivyo bintu vyagenda uko, vyerekana yuko, mu gukunganiriza burundi abo bose batari abayoboke b'idini mu murwi w'abohava batirimutsa bakanyereza abayislamu bagatuma baheba ukwemera kwabo (ni ukuvuga abohava bakora icaha c'ukubangikanya

n'ubuhakanyi, arico ca *fitna*), Muhamadi yatumye bitagishoboka kugiriranira imigenderanire isanzwe kandi mizima nabo, igihe cose bazoba batarayoboka ngo begukire idini rya isilamu.

Mu duce dukurikira, turihweza ingene Muhamadi yerekeje akaryiry / akayigo k'akazikira n'ubusotoranyi ku bayahudi bo muri Arabiya, bikaba vyagize inkurikizi ziteye agahinda. Imigenderanire ya Muhamadi n'abayuda bo muri Arabiya niyo ipolitike ya isilamu kubijanye n'abatari aba isilamu yahavuye yubakirwako, yisunga, harimwo n'indinganizo y'amasezerano ya ***dhimma*** (ukwishikana muvyerekeye intwaro bakaganzwa muri vyose n'aba isilamu) ku "Bahawe Igitabu" tuzokwihiweza muri kimwe mu vyirwa bizokurikira.

Uko Muhamadi yabona abayuda mu bihe vyambere

Mu ntango, icakwegera Muhamadi ku bayahudi, nuko yemeza yuko yari intumwa (uweretswe, umuhanuzi) abandaniriza kuyvakozwe n'urukurikirane rurerure rw'izindi ntumwa (abandi bahanuzi) z'abayuda. Mu myaka yanyuma y'igihe Muhamadi yahishurirwa ari i Maka n'iya mbere y'igihe c'i Medina, abayuda baravurwa cane, henshi bitwa "Abahawe Igitabu" Muri ico gihe, Korowani irerekana yuko naho abayuda bamwe bamwe bemera (Allah n'idini rya isilamu) , abandi ntibabe abayoboke, ubutumwa bwa Muhamadi buzoza nk'umuhezagiro kuri bo (K98:1-8).

Muhamadi kandi yari yarahuye n'Abakristo bamwe bamwe, kandi iyo migenderanire yari yamuteye intege. Muvyara wa Kadidja w'umukristo yitwa Waraqa yari yaremeje yuko Muhamadi ari intumwa. Hari n'ibivurwa abantu bahererekanje bemera ngo mu ngendo yagize, Mohamadi yarahuye n'uwihaye Imana (umumonaki) yitwa Bahira, nawe yavuze ko Muhamadi yari intumwa. Hari naho Muhamadi yari afise icizere cuko abayuda bari kumubonamwo "ikimeyetso kiboneka, icemezo" kirungitswe na Allah (K98) bagaca bahurumbira ubutumwa bwiwe. Nkako, Muhamadi yavuze yuko ivyo yigisha vyari co kimwe n'idini ry'abayuda, harimwo no "kwamizako

amasengesho” no gutanga ishikanwa (*zakat*⁸) (K98:5). Yaranategetse abayoboke biwe gusenga baraba i *al-Sham* “Siriya”, vyafatwa yuko kwari uguusenga berekeza amaso i Yeusalem, kukaba kwari ukwigana umugenzo wakurikizwa n’abayuda, ukaba ariwo bisunga.

Igihe Muhamadi yashika ii Medina, ibivurwa mu makuru yagiye arahererekana n’aba isilamu vyemeza ko yaranguye isezerano ryari hagati y’aba isilamu n’abayuda. Iri sezerano ryareméra idini ry’abayuda—“Abayuda bafise idini ryabo, aba isilamu nabo bakagira rwabo”—kandi ngo ryategekanya yuko abayuda bayoboka Muhamadi.

Ukurwanywa i Medina

Muhamadi yatanguye gushikiriza ubutumwa bwiwe abayuda baba i Medina, ariko yasanze ubwo butumwa badashoka babwemera nkuko yari avyitezé avyizeye. Mu vyo aba isilamu bavuga bagiye barahererekana, bo bemeza yuko ivyo vyava kw’ishari bari bafitiye Muhamadi n’idini ryiwe. Bimwe muvyo Muhamadi yahishuriwe, harimwo ivyagaruka kuvyo muri Bibiliya, none, ntankeka, abigisha b’idini ry’abayuda (aba rabbi) ntibemera ivyo yavuga yibanda kuri Bibiliya, berekana aho Muhamadi yagenda yivuguruza, mu nsiguro yabiha akavuga ibitajanye nivyo bari basanzwe bazi neza biri koko muri Bibiliya.

Intumwa ya isilamu, ibibazo vy’abigisha b’idini ry’abayuda (aba rabbi) yasanga bimutungura, kandi hakaba ibihe vyinshi mu biri muri Korowani babimugarukanira, bakabitangana n’inyishu (zimuvuguruza). Mu bihe vyinshi, Muhamadi abajijwe ikibazo kimugora kwishura kikamuzazanira, yaca abihindukiza, akaja muri bimwe vyo kwiyemeza no kwerekana ko ari we avuga ibibereye, nkuko vyibonekeza mu duce twa Korowani.

Umwe mu mikenyuro yoroshe cane Muhamadi yakoresha, kwari ukwemeza ko abayuda bari ababeshi, ko bafata ibice vy’inzandiko babona bibafitiye akamaro (“ivyo baserura”), ibindi bakabihisha (“n’ivyo banyegeza”), ivyo babona bitogira ico bifashije mu vyo bariko baremeza (K36:76; K2:77). Iyindi nyishu ya Allah yavuga ko abayuda bari barahindaguye inyandiko zabo (K2:75).

⁸ Imwe mu nkingi zitanu z’idini rya Isilamu, zakat ni umusoro umwe utangwa uko umwaka utashe (witwa ishikanwa muri Korowani).

Ibiyago abigisha b'abayuda (aba rabbi) bagize na Muhamadi, uruhererekane rw'ibivurwa mu ba isilamu rwemeza ko kitari ikiyago c'ukuri, canke yuko harimwo inyishu zitomoye ku vyo Muhamadi yemeza, ariko vyemezwa yuko cari ca caha c'ubuhakanyi no kubangikanya Allah (icaha ca *fitna*), aho abo bayuda ngo wasanga barondera gusambura idini rya isilamu n'ukwemera kw'abayoboke baryo.

Inyigisho ndoramana zirwanya abahakanyi

Uburyo ibiyago Muhamadi yagiriraniye n'abayuda bitamushimishije, ahubwo yasanze bitamujaho namba, bwatumye aja ararushirizaho kubarwanya. Naho mu bihe vy'imbere ibice vya Korowani vyavuga ko abayuda bamwe bamwe bari abayoboke b'idini, mu bihe vyakurikiye, Korowani yemeje yuko ihanga ryose ry'abayuda ryavumwe, kiretse bake bari ku rushi muri bo Korowani ivuga ko bemera (K4:46).

Korowani yemeza yuko mu bihe vyahera, abayuda bamwe bahinduwé inkende n'ingurube kubera ibicumuro vyabo (K2:65; K5:60; K7:166). Allah yarongeye abita abicanyi bagandagura intumwa (abahanuzi) (K4:155; K5:70). Vyavurwa yuko Allah yihakanye agaheba imigenderanire n'abayuda batigera bakurikiza amasezerano bagize, ko yakomantaje imitima yabo; ni co gituma aba isilamu baguma biteze yuko basanga abayuda (kiretse gusa bake muri bo) ari ba "mahindagu" mwemeranya kimwe bagakora ikindi (K5:13). Kubera ko bahonyanze isezerano ryabo ("abishe isezerano rya Allah"), abayuda bavuzwe ko ari "abahomvye" bahevye uburongozi bwabo nyabwo (K2:27).

I Medina, Muhamadi yahavuye yishiramwo yuko yarungitswe kugira ngo akosore amakosa y'abayuda (K5:15). Mu bihe vyambere vy'igihe c'i Medina, ivyahishuriwe Muhamadi vyari vyavuze yuko ari idini ryemewe kandi nyaryo (K2:62). Ariko rero, ako karongo karafuswe n'akandi karongo K3:85. Muhamadi yasozeraye avuga yuko umuzo wiwe wakomboye ugafuta idini ry'abayuda, yuko iyo isilamu yazanye, ari ryo dini rya nyuma, idini ry'iherez, ata rindi rizoza hanyuma, nuko Korowani ari ivyahishuwe vya nyuma, ata bindi bizohaba. Uwo wese atazoryemera, azoba mu "bahomvye" (ku musi w'imperuka) (K3:85). Ntivyari gusubira kwemerwa yuko abayuda—canke

abakristo—babandanya gukurikira idini ryabo rya kera: bategerezwa kwemera Muhamadi, hanyuma bakongera bagahinduka aba isilamu.

Mu mirongo ya Korowani, Muhamadi yaragomoye igitero kw'idini ry'abayuda co mu buryo bwose mu bijanye n'inzigisho ndoramana. Ibi vyandurutse kuburyo Muhamadi yumvise yartyojwe kubera ko abayuda batemeye ubutumwa bwiwe. Uku kwabaye kuri Muhamadi ubundi buryo bwo kwiyemeza no kwerekana ko ivyo avuga ari vyo, ari ntahinyuzwa, nka kumwe yabigenza mu kurwanya abasenga ibigirwamana (abahakanyi) b'abanya Maka. Niho Muhamadi no ngaha yakurikije inyishu zirangwa n'agasotoro.

Ukutemerwabihinduka ugusota intambara

Muri Medina, Muhamadi atanguza isekeza ryo gutera ubwoba abayuda, mbere mu mperuka no kubamara ntibabe bakivurwa. Arindishijwe n'intsinzi yaronse ku bahakanyi mu ntambara yabereye i Badr, yaragendeye igisata c'abayuda b'aba Kenuka (Qaynuqa), abahigira ko bazohwikirwa n'umwihoro w'Imana yabarakariye. Yahavuye ahera aho, aronka icitwazo co gusungereza abayuda b'Aba Kenuka (Quaynuqa'), maze arabomora barava muri Medina.

Muhamadi yahavuye atangura urukurikirane rw'amagandagurwa y'abayuda bari ku rutonde rwateguwe, maze atanga itegeko rikurikira ku bayoboke biwe: "Ica umuyahudi wese abaguye mu vyara, mufiseko ububasha" Abayuda nabo yabamenyesheje ibikurikira: *aslim taslam, ni ukuvuga "Emera isilamu, uzoca wiberaho ata nkomanzi"*".

Hari habaye impinduka nini mu buryo Muhamadi yategera ibintu. Abantu batari aba isilamu bagumana uburenganzira ku matungo yabo n'ubuzima bwabo igihe gusa baba barashigikiye bakereka icubahiro cinshi idini rya isilamu n'aba isilamu. Abigenza mu buryo buteye kubiri n'ivyo vyaca vyitwa ca caha ca gikomeye ca *fitna* (co guhamaya aba isilamu, n'ic'ubuhakanyi no kubangikanya Allah), kandi vyaca biha aba isilamu inyendamuvano yo kubarwanya (kubatera).

Aho rero igikorwa ca Muhamadi co gutorera umuti ikibazo c'abayuda nticari bwarangire ngo gisozerwe. Abantu b'aba Bani Nadir nibo yaciye yirukako. Igisata cose c'aba Nadir yacagirije guhonyanga isezerano ryaco, bikaba vyatumye baca baterwa; hanyuma y'igihe kirekire co gusungerezwa no gusagiririzwa aho bari basanzwe baba,

nabo nyene bahavuye bomorwa muri Medina baheberayo utwabo twose tuba ibinyagano vyegukira aba isilamu.

Munyuma yaho Muhamadi yaciye asagiriza igisata canyuma c'abayuda cari gisigaye, c'aba Banu Kurayiza (Bani Quraysa), ngo yisunze ibwirizwa yahawe n'umumarayika Jibril (Gabriyeri). Abo bayahudi bashize hasi ibirwanisho bakishikana ataco barinze gusaba, abagabo bose bo muri bo baciye bacirirwa umutwe icese mu kibanza c'isoko c'i Medina, abashika hagati ya 60000 na 90000, nkuko bivurwa n'amasoko anyuranye y'amakuru, maze abagore n'abana b'abo bayahudi nabo aba isilamu baca barabagabangana nk'abanyagano (imbohe zo gukoreshwa nk'abahakwa b'abashumba).

Aha rero Muhamadi ntayaribwumve ko yarangije ikibazo c'abayuda bo muri Arabiya. Amaze kubomora bose muri Medina, yaciye atera i Khaybar. Ingwano ya Khaybar yatanguye Muhamadi aha abo bayahudi guhitamwo mu bintu bibiri: guhinduka bakaba aba isilamu, canke kwicwa. Ariko rero, aho aba isilamu batsindiye abayuda b'i Khaybar, barumvikanye ku kindi kintu kigira gatatu bashobora guhitamwo ciyongera kuri bimwe bibiri kwishikana hari ikindi kintu bemeye gukora. Uko niko abayuda b'i Khaybar bahindutse bakaba aba *dhimmi* ba mbere (raba mu cirwa ca 6).

Ibi nivyo bisozereye ivyo twashaka kuvuga kuburyo Muhamadi yigenjeje ku bijanye n'ikibazo c'abayuda.

Ningombwa kumenya yuko, kubera ko Korowani ifata abakristo n'abayuda co kimwe nk'abaserukira umurwi umwe basangiye witwa "Abahawé igitabu", uko abayuda bafatwa muri Korowani no mu buzima bwa Muhamadi, nk'Abahawé igitabu, nikwo kwabaye ifatiro n'akarorero k'uburyo abakristo nabo nyene bafashwe bakaja baragirirwa nabi uko ibihe vyagiye birakurikirana.

Inyishu zitatu Muhamadi yatoreye ikibazo co
kutemerwa

Mu biranga ubuzima bwa Muhamadi mu gikorwa ciwe c'intumwa, twarabonye ingene yakumiriwe mu buryo bwinshi: mu muryango wiwe, mu kibano ciwe muri Maka, hanyuma ntiyemerwe n'abayuda b'i Medina.

Twabonye n'inyishu zinyuranye yatoreye ugukumirwa n'ukutemerwa. Mu bihe vya mbere, Muhamadi yerekanye inyishu kubijanye n'ukwikengera we nyene akabona ataco arimwo: kuri ibi, izo nyishu vyabaye iviyumviro vyo kwiyahura, ugutinya ko yari yatewe n'abadayimoni, hamwe n'ukwihebura.

Harabaye kandi n'inyishu zijanye n'ukwiyemera n'ukwiha agaciro zasa n'izari zigamije kumufasha kurengera akoba ko gukumirwa no kutemerwa⁹. Nkaha harabayemwo ukwemeza ko Allah azohana abansi biwe mu muriro udahera, ukwemeza ibimufasha kurengera aho yaba yatewe n'ibimaramare akabura ico akora n'ico areka, ari nka hamwe yavuga yuko intumwa zose mu gihe iki canke kiriya zari zarayobeshejwe na Satani ikazitesha inzira, n'imironko ya Korowani yururutse iva kwa Allah ivuga ko abantu bose bakurikiye ivyahishuriwe Muhamadi bazotahira intsinzi muri ubu buzima no mu buzokurikira.

Mu mpera, *inyishu ziganjemwo uguisorana n'ingwano* nizo zahavuye ziganza. Zahavuye zivamwo indinganizo ifatiye ku vyiyumviro vya *jihad* (ingwano nyeranda) ku mvo zo kurandurana n'imizi icaha ca *fitna* (uruhamo rw'aba isilamu, ubuhakanyi no kubangikanya Allah) mu kurwanya abatari aba isilamu n'ukubanesha akabigarurira.

Mu nyishu ziwe, Muhamadi yahereye ku kutiyemera akiha agaciro gato akikumira we nyene, hanyma aja ku nyishu zituma yiymera akiha agaciro agaha agaciro n'ivyo avuga akanarondera kubihesha agaciro ku gahato, hanyuma aherezza ku nyishu zirangwa n'ugusotorana n'ingwano. Muhamadi yabaye impfuvyi, yahindutse Muhamadi muterabupfuvyi (muremampfuvyi). Uwahora arangwa n'ukutiymera no kubona ko ataco amaze, yigeze nukwiyumvira kwiyahura kuko yatinya ko yari yuzuyemwo abadayimoni batigera bamurekera amahoro, ni we yahavuye ahinduka ukumira agahahaza abandi, yemeza ku nguvu abandi bantu ivyo we yemera abicishije mu ngwano ku mvo zo gusubiriza ayandi madini yose no kuyigarurira mw'idini ryiwe.

⁹ Kubivuga ugukumirwa n'inyishu bijanye nakwo, raba igitabu ca Noel na Phyl Gibson citwa *Ukwirukana abadayimoni bakwaritsemwo, no gucagagura ingoyi z'ubuja*.

Mu buryo Muhamadi yabona isi mubijanye n'ibishobisho vy'umutima, ugutsinda n'ugusubiza mu busa abatemera vyari "kuvura" intuntu z'abayoboke biwe, bigacuvya n'uburakari bwabo (bikabamara akanyota ko kwihora). Uku gukiza "amahoro ya isilamu", bitsindirwa biciye mu ngwano, kuvurwa mu buryo bukurikira muri Korowani:

Nimubarwanye kugira ngo Allah abahanishe amaboko yanyu, ateko abamaramaze, maze muhabwe intsinzi, kandi ahumurize ibikiriza vy'abantu bemera, anakure intuntu mu mitima yabo. (K9:14-15)

Koko, mu ntango, Muhamadi n'abayoboke biwe barahamwe n'abanye Maka bari basanzwe bemera ibimana vyinshi. Ariko rero, aho afatiye ubutegetsi muri Medina, Muhamadiyahavuye atangura gufata yuko ukutemera ko ari intumwa, yuko ari uguhama aba isilamu, hanyuma arimika ingwano n'uguhohotera abandi ku mvo zo guhana abatemera idini ryiwe n'abaritwenga—ari abasenga ibigirwamana, abayuda, canke abakristo—kugira ngo bahore kandi baterwe ubwoba bemere kuganzwa. Muhamadi yarashinze umugambi w'ivyiyumviro vya politike n'ivy'igisirikare yari igamije ukurandurana n'imizi ugukumirwa n'ukutemerwa uko ari ko kwose vyogirirwa we nyene ubwiwe, idini ryiwe, n'ihanga ryiwe. Mubihe vyakurikiye, yaremeje yuko intsinzi y'umugambi wiwe yemeje ikongera ikagaragaza yuko ari intumwa.

Mu gihe cose ibi vyariko biraba, Muhamadi yariko agenda na ntaryo arushirizaho urugero rwo gushobora kuganza imitima y'abayoboke biwe, aba isilamu. Naho ubwa mbere na mbere, mu ntango, Korowani yari yamenyesheje yuko Muhamadi yari "gusa umugabisha", hanyuma yo kwimukira i Medina, yahavuye ahinduka umugaba w'abemera, gushika aho Korowani yavuze yuko "iyo Allah n'intumwa yiwe" bafashe ingingo ku kintu, ntakindi kiba gisigaye ku bayoboke atari ukugamburuka atakwirirwa baragira n'ico babajje (K33:36), kandi uwugamburukiye intumwa, aba agamburukiye Allah (K4:80).

Ukwo kwiganzira imitima kwazanywe na Muhamadi mu kiringo c'i Medina, kurabandanya guhamura imitima ku ba isilamu benshi bo muri kino gihe, biciye ku mategeko ya *sharia*.. Akarorero kamwe, ni itegeko rimwe ryo muri *sharia*, ryazanywe na Muhamadi, rivuga ko igihe umugabo yahukanye n'umugore wiwe akarinda avuga gatatu ngo "Ndakwirukanye, turavanye", hanyuma yaho bagashaka

gusubirana, uwo mugore ategerezwa kubanza kurongorwa n'uwundi mugabo, bakagira imibonano mpuzabitsina nuyo mugabo mushasha, hanyuma bakahukana nuyo mugabo agira kabiri imbere yuko ashobora gusubira kwabirana na wa mugabo wa mbere. Iri tegeko ryaratunguye riratuntuza abakenyezi benshi b'aba isilamu.

Korowani iratwereka ingene Muhamadi yagiye aratera imbere mu buzima bwiwe bw'intumwa. Ni igitabu ciwe bwite ku mwihariko, urwandiko rwerekana ingene iviyiyumviro vyo kurwanya ikumirwa n'ukutemerwa biciye ku kurwana, hamwe n'ugushaka kwiganzira ubuzima bw'abandi bantu, vyagiye birakura muri we. Ibiranga ivyahavuye bitegekwa abatari aba isilamu—nk'agacerere, ukwiyumvamwo icaha, n'ubukengurutsi—vyandurutse ku buryo inyishu za Muhamadi ku gukumirwa n'ukutemerwa zagiye zirahinduka, nkukwemeza ku nguvu abo bose banka kuvuga ngo “Ndemera ko atayindi mana iriho atari Allah, Muhamadi nawe ni intumwa yiwe” yuko bazohomba, ata ntsinzi bazoshikira.

Aha niho dusozerereye umwihiwezo wacu w'ubuzima Muhamadi yaciemwo burangwa n'ugukumirwa, n'inyishu yahaye uko gukumirwa, ivyo bibiri rero akaba yarabibayemwo, ariko nawe agahava biba ari vyo ashira abandi ku gahato, hamwe n'uburyo yarondeye ku buryo bwose intsinzi ku bansi biwe, kugira ngo yumve mu mutima wiwe yuko afise agaciro kandi yemewe.

Akarorero “nyako” (ntagereranywa)

Muri kino cirwa, twabonye bimwe mu bikuru bikuru biranga Muhamadi. Naho muri isilamu bamufata nk'akarorero ntagereranywa ko gukurikira ku bantu b'isi yose, twabonye yuko yari yaraseserejwe, kandi yarasinzikajwe rwose n'ugukumirwa. Mu nyishu ziwe, harimwo ukwikumira n'ukutiha agaciro, ughuhava arondera kwiha agaciro no kwemerwa, ukuganza abandi, n'ukurondera gusotora abandi n'ingwano. Izi nyishu ku gukumirwa n'ukutemerwa vyaragize ingaruka mbi kuri we, kandi bibandanya kugoramira n'abandi bantu benshi gushika kuri uno musi.

Ubuzima bwa Muhamadi, ni ikintu gikomeye, kuko ingorane ziwe zahavuye zihinduka ingorane z'isi yose, biciye kuri *sharia* n'uburyo ayo mategeko atuma isi ibonwa. Ku bijanye n'ubuzima bw'umutima, u wese arabohewe ku kwisunga akamere n'akarorero vya Muhamadi. Izi ngoyi ziremezwa mu mugirwa wo kuvuga igisabisho ca *shahada*,

kandi zirakomezwa biciye mu migirwa y'idini rya isilamu igihe cose haverwa igisabisho ca *shahada*. Amajambo ya mbere uruyoya rw'u rwumva rukivuka, ni arya majambo ya *shahada* avugirwa mu gutwi kwarwo.

Igisabisho ca *shahada* kivuga ko Muhamadi ari intumwa ya Allah, navyo bikaba ari ukwemeza ko Korowani ari ijambo rya Allah ryarungikiwe Muhamadi ka ntumwa ya Allah. Kuvuga *shahada* ni ukwemeza ivyo Korowani ivuga kuri Muhamadi, harimwo n'ibwirizwa ryo gukurikiza akarorero kiwe, ukwemera uguhigirwa n'imivumo Muhamadi yageneye abatamuyoboka, n'itegeko ryo kurwanya, mu mvugo no mu ngiro harimwo no gukoresha ibirwanisho abatemera ubutumwa bwiwe bakanka kumuyoboka.

Nkako, *shahada* ni ibibwirwa isi y'impwemu—"abafise ububasha n'abaganza iyi si y'umuzimagiza" (Efeso 6:12)—yuko umuyoboke azirikiwe akazigitirirwa n'isezerano ku gukurikiza akarorero ka Muhamadi: si kubw'umubiri, "umutima wiwe niwo uziritse", uboheye kuri Muhamadi, ni "ingoyi z'umutima" (raba icirwa ca 7). Ibi, bica bihoma uyo muntu kuri Muhamadi kubw'impwemu (kubijanye n'umutima). Izi ngoyi zifatiye kw'isezerano ziha uburenganzira bene ububasha no kuganza (ya si y'umwijima) bwo gushira ku bayoboke b'idini rya isilamu ingorane zimwe nk'izahanamiye Muhamadi kandi nawe zamuboshe mu bijanye n'ubuzima bw'umutima n'imibereho, kandi bikaba ari vyo vyashizwe imbere bikanakomezwa mu mategeko ya *sharia* agenga aba isilamu, bikaba vyaciye biba navyo vyahavuye bilihinda intimatima y'imico n'imigenzo vy'ibihugu n'amahanga vy'aba isilamu.

Twavuze bimwe mu bintu atari vyiza namba mu biranga *Sunna* ya Muhamadi bisubira bikibonekeza mu buzima bw'aba isilamu bivuye ku bitegekanijwe bisabwa muri *shahada* na *sharia*. Nguru urutonde rw'ibantu atari vyiza namba mu vyaranze akarorero n'inyigisho vya Muhamadi:

- Uguhohotera abantu n'ingwano
- Ukugandagura abantu
- Ubuhake/uba
- Ukwihora n'ingere kuyindi
- Urwanko

- Urwanko rw'abakenyezi (uburyo bafatwa nabi)
- Urwanko rw'abayuda
- Uguhohotera abantu
- Ugutera isoni (ugutetagiza) no kurega (gushengeza) abandi ubashirako icaha
- Iterabwoba (ugukoresha igitugu n'igitsure)
- Ububeshi
- Ugushavuzwa n'ibidafashe
- Kwishiramwo yuko uhahazwa, uhamwa
- Kwisigura no kwihora
- Kwiyumva yuko uri hejuru y'abandi, ubarengeye
- Kwerekana no kuvuga Imana ukutari ko
- Kuganza abandi
- Uguhohotera no gufata ku nguvu (abakenyezi).

Iyo aba isilamu bavuze ya *shahada*, mu vy'ukuri baba bariko bemeza bakemanga ibivurwa na Korowani na *Sunna* kuri Kristo na Bibiliya. Na vyo ni ibi bikurikira:

- Guhakana urupfu rwa Kristo ku musaraba
- Urwanko rw'umusaraba
- Uguhakana ko Yesu ari Umwana w'Imana (n'imivumo kubavyemera)
- Ikirego ko abayuda n'abakristo bahinduye bagartyoza inyandiko (nyeranda)
- Icemezo cuko Yesu azogaruka gusambura idini ry'abakristo no guhindura ku nguvu isi yose ikayoboka amabwirizwa ya *sharia* ya Muhamadi.

Muvy'ukuri, ivyo bintu ni umutwaro ukomeye, uremereye. Kimwe mu bibangamira abavuye mw'idini rya isilamu bagakurikira Yesu Kristo, igihe bidatorewe umuti ngo babihebe ubudakebuka, uzosanga bigumana ikibanza mu mitima y'abantu. Ni na kimwe mu bituma aba isilamu bahindutse bagakurikira Kristo bashobora gusanga ibifashi

n'amahwa (ingorane n'ibindi bintu vyo kurwanya) mu nzira yabo yo kugendanira Kristo (mu buzima bwabo bw'ubukristo).

Igihe hatabaye ukwihakana ata gukebaguzwa Muhamadi nk'intumwa, muri ico gihe, imivumo n'imihigo biri muri Korowani, n'uburyo Muhamadi atemera canke ah'ubwo arwanya urupfu rwa Kristo nuko Kristo ari Umukama/Umwami, birashobora gutuma uwo yahindutse umukristo ahungabana mu mutima, bigatuma ashobora guterwa uwomba mu buryo bworoshe, bikamuzanira ukuba magara make no kujogajoga akumva adahagaze neza mu gukurikira Yesu. Ibi birashobora kuzingamika rwose uburyo umuntu aba umugendanyi n'umwigishwa wa Kristo.

Kubera ivyo, iyo umuntu avuye muri isilamu, birakwiye yuko yihakana ido n'ido akarorero n'inyigisho vya Muhamadi akavavanura navyo, hamwe mbere na Korowani, n'iragi n'imivumo yose ivurwa muri ca gisabisho ca *shahada*. Tuzokwiga ingene vyokorwa mu cirwa gikurikira, igihe tuzoba turiko twihweza ubuzima bwa Yesu Kristo n'umusaraba wiwe, twongere dutange ivyokorwa kugira ngo umuntu yigobotore ingoyi z'akarorero ka Muhamadi.

Bompi baragirijwe kuba abasazi no kuba bakoreshwa n'ububasha bw'umabadayimoni. Bompi baratwenzwe barartyertyezwa. Bompi barahemukiwe baragurishwa. Bompi ubuzima bwabo bwarageramiwe.

Ariko rero. Ivyo bintu bisa vyibonekeza kandi bikomeye ntivyitiranwa n'intete n'ibigize ubudasa bukomeye kurusha, bikaba ari navyo vyabaye ishingiro n'inzira ku buryo ayo madini abiri yashinzwe. Aho ubuzima bwa Muhamadi bwaranzwe n'urukurikirane rw'inyishu mbi ku gukumirwa kandi zisa n'izisanzwe zirangwa muri kamere k'abantu, harimwo ukwikumira, n'ukutiha agaciro, ukwiha agaciro no kwiyemeza, hamwe no gusotora abandi, ubuzima bwa Yesu bwafashe inzira ataho ihuriye na mba niyo. Yararengeye ugukumirwa, adaciye ku gukumira abandi nawe, ahubwo mukukwakira, hanyuma, muri ubwo buryo, turavye ivyo abakristo bizera, mu gutsinda ububasha bwakwo, no kuvura ububabare buterwa n'uko gukumirwa. Niba ubuzima bwa Muhamadi burimwo ibifasha gutegera iragi ry'ingoyi z'umutima zigizwe n'amategeko ya *sharia*, ni ku rugero uruhe, mu buryo burushirije, ubuzima bwa Kristo butanga inzira igeza ku mwidegemyyo n'ubugingo butekanye mu buryo bwose, bironka aba isilamu bahevye iredi dini, n'abakristo baba mu turere tuganzwa tukagengwa n'amategeko ya *sharia*.

Mu duce tw'icirwa dukurikira, turihweza ingene Yesu yategereye ugukumirwa afatiye ku butumwa bwiwe nka Mesiya n'Umukiza, n'uburyo ubuzima bwiwe n'umusaraba bishobora kudukiza inkurikizi zibishe z'ugukumirwa.

Kwakira ugukumirwa

Yesu yaratomoye yuko gukumirwa cari kimwe mu bikuru bikuru vyari bigize ubutumwa bwiwe nka Mesiya w'Imana. Imana yari

yategekanije gukoresha ibuye ryari ryatawe nk'irigumya imfuruka z'inyubakwa yose:

Ibuye abubatsi bagaye, niryo ryahindutse irigumya imfuruka ...
(Mariko 12:10, amajambo yakuye muri Zaburi 118:22-23; raba kandi Matayo 21:42)

Yesu yashushanijwe (akarorero: 1 Petero 2:21ff n'Ivyakozwe n'intumwa 8:32-35) na wa musuku wo muri Yesaya yakumiriwe, yahebewe mu bubabare, kandi muri bwa bubabare bwiwe, hakaba ari ho abantu bazokura amahoro n'urukiza rw'ivyaha vyabo:

Yarakengerwa agahebwa n'abantu; yari umunyamibabaro , yari azi intimba ico ari co.

...

Yamara yacumitiwe ibicumuri vyacu, yajanjaguriwe ibigabitanyo vyacu;
igihano kituronkesha amahoro cabaye kuri we , kandi imishishagu yiwe niyo idukiza. (Yesaya 53:3-5)

Umusaraba ni wo wari igice gikuru c'umugambi wiwe, kandi Yesu yaramenyesheje kenshi yuko azokwicwa:

Atangura kubigisha ati: "Umwana w'umuntu akwiye kuzobabazwa uburyo bwinshi, no kuzokwankwa n'abashingantahe, abakuru b'abaherezi, abanyabwenge b'ivyanditswe, no kuzokwicwa; maze ku musi ugira gatatu, akazuka." Avuga iryo jambo ataco ahinyitse ... (Mariko 8:31-32; raba na Mariko 10:32-34; Matayo 16:21; 20:17-19; 26:2; Luka 18:31; Yohana 12:23)

Ukwanka ugukoresha inguvu n'uguhotera abandi

Yesu yaranenze icese kandi kenshi ugukoresha inguvu ku nyungu ziwe, n'igihe ubuzima bwiwe bwari bugeramiwe:

"Subiza inkota ahayo," Yesu amubwira ati, "kuko ababanguye inkota bose bazokwicwa n'inkota." (Matayo 26:52)

Igihe Yesu ariko aja kubambwa ku musaraba, aranse ko hakoreshwia inguvu, aha kukaba ari ukugira ngo agaragaze ubutumwa bwiwe, naho ubuzima bwiwe bwari bugeramiwe agira yicwe:

Yesu avuga ati: “Ubwami bwanje si ubwo muri iyi si: iyaba ubwami bwanje bwari ubwo muri iyisi, abagendanyi banje baba barwanye ngo simpabwe abayuda. Ariko noneho, ubwami bwanje si ubwino.” (Yohana 18:36)

Igihe Yesu yariko aravuga imibabaro yo muri kazoza y'ishengero , yaravuze neza ko yazanye “inkota” aho yavuga ibikurikira:

Ntimwiyumvire ngo naje kuzana amahoro mw'isi, sinaje kuzana amahoro, atari inkota. (Matayo 10:34)

Aka kantu, hari aho hamwe hamwe gafatwa nk'akerekana yuko Yesu yatanze uburenganzira bwo gukoresha inguvu; ariko rero, ibi bivuga amacakubiri ashobora kwaduka mu miryango, ige abakristo bakumiriwe kubera ko ari abayoboke ba Kristo: mu Butumwa Bwiza bwa Luka, hakoreshwu ijambu “amacakubiri” aho kuvuga “inkota” (Luka 12:51). Hano, inkota ni ikimenyetso, cerekana igitera amacakubiri, kigateranya umunyamuryango n'uwindi munyamuryango wiwe. Iyindi nsiguro ishoboka, muri rusangi iyi mpanuro Yesu yariko atanga kubijanye n'uruhamo, ni uko ijambu “inkota” rikoreshwu ku mvo zo kumenyesha uruhamo rw'abakristo. Muri ico gihe, ni inkota igeramiye abakristo kubera ubutumwa n'intahe vyabo, si iyo bo bafata ngo baje kurwanya abandi bantu.

Uburyo Yesu yanse ugukoresha inguvu , ntibujanye n'ivyo abantu bari biteze ko Mesiya azokora ige yari kuza gukiza igihugu c'Imana. Abantu bari bizeye yuko uru rukiza rwari kuba urw'igisirikare, urwa politike (amatwaragihugu), n'urw'ubuzima bw'umutima. Yesu yaranse ivyo guca mu nzira ya gisirikare. Yarongeye aramenyesha yuko ubwami bwiwe butari ubwa politike , ige yavuga yuko “butari ubwo ngaha mw'isi”. Yarigishije ko abantu bategerezwa guha Kayisari ivya Kayisari, ivy'Imana navyo bakabiha Imana (Matayo 22:21). Yarahakanye yuko ubwami bw'Imana ushobora kuvuga ngo buri mu kibanza iki canke kiriya mw'isi tubamwo, kuko yavuga ati ubwami bw'Imana buri muri mwebwe, mu bantu (Luka 17:21).

Igihe yabazwa n'abigishwa biwe bariko baraharira kuwuzoronka ikibanza kinini c'ubutware mu Bwami bw'Imana—cogaragazwa n'aho icicaro cabo, inteve yabo, coba giherereye—Yesu ybabwiye ko Ubwami bw'Imana atari nk'ubutware bwo ngaha mw'isi bamenyereye, aho usanga abantu baganza abandi. Yavuze ati ushaka kuba uwa mbere, ni abe uwa nyuma (Matayo 20:16, 27), kandi abagendanyi biwe, bategerezwa kurondera kuba abakozi (abasuku)

b'abandi, aho kurondera gukorerwa (Mariko 10:43; Matayo 20:26-27).

Ishengero ryo mu ntango, abantu barashize ku muzirikanyi inyigisho za Yesu kubijanye n'ukudakoresha inguvu. Nk'akarorero, abayoboke b'ishengero ryo mu bihe nya mbere, mu kinjana ca mbere c'ishengero, ntibari barekuriwe kuja mu myuga imwe imwe, nk'igisirikare, bishitse umukristo akaba umusirikare, ntiyari arekuriwe kwica.

Kunda abansi banyu

Kimwe mu buryo bwo kwitwara mu gihe habaye ugukumirwa, ni ugushavura no gukoresha inguvu. Ibi biterwa n'urwanko ruturuka ku gukumirwa. Ariko rero Yesu yigishije ko:

- Ukwihora ntikucemewe—ibikorwa bibi bitegerezwa kwiturwa ivyiza: inyishu yavyo, ntibikabe ibikorwa bibi (Matayo 5:38-42)
- Ni bibi gucira imanza (kunegura) abandi (Matayo 7:1-5)
- Ni ugukunda abansi, si abo kwanka (Matayo 5:44)
- Abitonda (abatekereza) bazotorana isi (Matayo 5:5)
- Abaremeha amahoro bazokwitwa abana b'Imana (Matayo 5:9).

Izi nyigisho, ntiyari amajambo gusa abigishwa bumviriza hanyuma bakibagira. Intumwa za Yesu zaragaragaje mu makete yazo ari mw'Isezerano Rishasha yuko ivyo vyiyumviro arivyo bisunga, no mu bihe vy'amakuba no kurwanywa:

Gushitsa n'ubu twishwe n'inzara n'inyota, twambaye ubusa, dukubitwa ibipfunsi, tubura uburaro... Iyo badutuka, turabahezagira, iyo baduhama, turihangana, iyo batwambika ibara, turabahoyahoya. (1 Korinto 4:11-13; raba kandi 1 Petero 3:10; Tito 3:1-2; Roma 12:14-21)

Intumwa zareretse abizera akarorero ka Yesu we nyene (1 Petero 2:21-25). Ibi vyarisunzwe, gushika aho mu nyandiko z'ishengero ryo mu bihe nya mbere, aka karongo kavuga ngo "Kunda abansi banyu" ko muri Matayo 5:44 ari ko kaguma gasubirwamwo cane kurusha ibindi bice vyose nya Bibiliya.

Muritegurira uruhamo

Yesu yarigishije abagendanyi biwe yuko bategerezwa kuzohamwa: bazokubitwa, bazokwankwa, bazoshengezwa, n'ukwicwa bazokwicwa (Mariko 13:9-13; Luka 21:12-19; Matayo 10:17-23).

Yaragabishije abagendanyi biwe, igihe yariko abigisha uburyo bwo gushikiriza ubutumwa bwiwe abandi, yuko bazokumirwa ntibemerwe. Mu nyigisho ataho zitiranwa na mba n'inyigisho n'akarorero vya Muhamadi bitera intäge aba isilamu kwishura umubabaro batewe bakoresha inguvu, mbere no kwica bakica, Yesu yabwiye abigishwa biwe yuko ata kindi bogira atari ugukunkumura "umukungugu uri ku birenge vyabo" mu kuva aho hantu banse kubakira canke kubumviriza. Mu yandi majambo, ico bogira ni ukuhava bakibandaniriza, ata kintu kibi canke gihumanye bakuye aho hantu bavuye (Mariko 6:11; Matayo 10:14). Aha, nticari ikimenyetso cuko bagiye bashavuye mukuva aho hantu, kuko yababwiye ati mubigize nkuko, amahoro yanyu "azobagarukako" (Matayo 10:13-14).

Yesu we nyene yarabitangije akarorero igihe imihana imwe y'abasamariya yanka kumwakira. Abigishwa biwe bamubajije yuko yashaka ko babarira umuriro ngo utibuke uva mw'ijuru uyogeye ba basamariya, ariko Yesu yarakankamiye abo bigishwa biwe, hanyuma aca aribandaniriza, arirenganira (Luka 9:54-56).

Yesu yigishije abigishwa biwe yuko babahamye mu gisagara kimwe, boca bahungira mu kindi (Matayo 10:23). Ntibohagarika umutima, kuko Mpwemu Yera azobafasha kumenya ivyo bavuga (Matayo 10:19-20; Luka 12:11-12, 21:14-15), kandi ko batotinya (Matayo 10:26, 31).

Ikindi kiranga inyigisho za Yesu kandi zisangije, nuko yasavye abigishwa biwe yuko bohimbarwa bishitse bagahamwa, kuko bizobashushanisha n'abavugishijwe n'Imana (abahanuzi):

Muzoba muhiriwe abantu nibabanka bakabaca, bakabatuka, bakanegura izina ryanyu nkaho ari ribi, babahoye Umwana w'umuntu. Uwo musi muze munezerwe mwiterere hejuru, kuko impera yanyu ari nini mw'ijuru. Kuko ariko ba sekuruza babo bagize abavugishwa n'Imana. (Luka 6:22-23; raba kandi Matayo 5:11-12)

Hari vyinshi cane vyerekana yuko ubu butumwa bwakurikijwe n'umwete n'umwihariko mwinshi n'ishengero ryo mu ntango, bigirwa nk'uburyo bwo kuyoboka Kristo:

... yamara naho mwobabazwa muhowe ukugororoka, mwoba muhiriwe. (1 Petero 3:14; raba na 2 Korinto 1:5; Filipi 2:17-18; 1 Petero 4:12-14)

Yesu yaranateye intege abagendanyi biwe abasaba kwizigira yuko bazohabwa ingabirano y'ubugingo budashira; ariko rero kugira ngo baronke ibi basezeraniwe, bategerezwa kuguma bizera kandi bayoboka Imana muri ubu bugingo bw'ubu (Mariko 10:29-30, 13:13).

Kurekuriranira no gusubiza hamwe

Uko abakristo bategera ibantu, nuko ingorane nkuru ku bantu ari igicumuro kibigiza kure y'Imana, kikongera no hagati yabo kikabateranya ntibabe bacuzura. Ingorane y'igicumuro, nuko igicumuro atari gusa ubugaba bwo kugambarara. Ni nk'imanga yimburuka mu buuti dufitaniye n'Imana. Igihe Adamu na Eva bagambararira Imana, barayivuyeko. Bahisemwo kutizigira Imana, ahubwo kwumviriza inzoka. Barahindukiye baraheba Imana, barayihakana, bava mubucuti no mu migenderanire nayo. Inkurikizi, ni uko Imana nayo yabakumiriye, ikakura mu maso yayo ntibaba bakiri kumwe, Baciye bagirwa n'imivumo yo gucibwa kubera icaha.

Muri kahise k'ighugu ca Isirayeli, Imana yaratanz isezerano iciye kuri Mose kugira ngo isubizeho ubucuti n'imigenderanire hagati yayo n'abantu, ariko ihanga ryiwe ryaragambarariye amabwirizwa yayo, rirayoba. Mu bugambarazi bwabo, barihakanye ubucuti n'Imana, baca basanga ni abo gucirwa urubanza. Ariko Imana ntiyabahevye rwose: yari ifise umugambi wo kubagarura. Yari ifise umugambi wo kubacungura, no gucungura isi yose iyo iva ikagera.

Naho abantu bahevye Imana, impera n'imperuka yoyo ntiyabahevye. Umutima wayo wagumye unyotewe abantu yaremye, kandi yari ifise umugambi wo gusubira kwuzura na bo Ukwigira umuntu n'umusaraba vya Yesu Kristo nivyo bigize iranguka ry'ubo mugambi wo gusubiza abantu bose mu migenderanire yartyorowe hagati yabo n'Imana.

Umusaraba ni wo nzira ishikana ku kurengera ya ngorane itagira ntangere yuko abantu bikuye ku Mana bakaiheba, n'ugucirwa urubanza kugendana n'ico caha, kugikomokako. Yesu mu kwemera gukumirwa biciye ku musaraba, aratanga inzira yo kurengera uguhebwa no gukumirwa kwo nyene. Ubukomezi bwo gukumirwa bwibonekereza mu vyo hose abantu baca bumva mu mitima yabo bituruka kuri uko gukumirwa. Mu kurengera urwanko rw'abamurwanya no mu gutanga ubuzima bwiwe bukaba iciru c'ivyaha vy'isi, Yesu yaratsinze ububasha bw'ugukumirwa kwo nyene, mu kukurengera akoresheje urukundo. Uru rukundo Yesu yerekanye, si n'urundi, ni urukundo rw'Imana ifitiye isi yiremeye yo nyene:

Kuko urukundo Imana yakunze abari mw'isi, arirwo rwatumye atanga Umwana wayo w'ikinege ngo umwizera wese ntazopfe rubi, ariko ahabwe ubugingo budashira. (Yohana 3:16)

Mu gupfa kwiwe ku musaraba, Yesu yafashe we nyene igihano isi yari ikwiye kuronka kubera ukwikura ku Mana. Iki gihano, rwabaye urupfu, kandi Kristo yararurinze kugira ngo abantu bose bamwizera bahabwe ikigongwe n'ubugingo bwamaho. Gurtyo, Yesu na we nyene yararengeye uko gukumirwa n'ukwhakanwa, abicishije ku kwemera igihano kiguturukako.

Mu mategeko ya Mose (Tora) yagenga abayuda, ugusesa amaraso y'igikoko catanzweko ikimazi kwaratuma ivyaha birekurwa. Iki kimenyetso kirakoreshwa n'abakristo kugira ngo bategere ico urupfu rwa Yesu rwo ku musaraba rusigura . Ibi biravurwa mu ruririmbo rwa Yesaya ruvuga umusuku ababazwa:

... igihano kituronkesha amahoro cabaye kuri we, kandi imishishagu yiwe niyo idukiza... Yamara Uhoro yashimye kumujanjagura, yaramubabaje; aho azotanga ubugingo bwiwe kw'ikimazi co gukuraho ivyaha, azobona uruvyaro rwiwe, azoramba... kuko yasutse ubugingo bwiwe, akagezwa gupfa, agaharuranwa n'abanyabicumuro. Yamara ubwiwe yishizeko icaha ca benshi, kandi asabira abanyabicumuro. (Yesaya 53:5, 10, 12)

Mu gice gikomeye cane co mw'ikete yandikiye abaroma, Paulo yarasiguye ingene ikimazi ca Kristo gihagarika ugukumirwa n'ugucibwa mu kutuzanira igihushanye cakwo, ni ukuvuga ukwuzurizwa n'Imana:

Ko twujujwe n'Imana n'urupfu rw'Umwana wayo, tukiri abansi bayo, none tumaze kwuzura nayo, ubugingo bwiwe buzorushiriza kudukiza! Kandi si vyo vyonyene, ariko ikindi, tunezererwa Imana kubw'Umwami wacu Yesu Kristo, yaduhesheje kwuzura na yo. (Roma 5:10-11)

Uku kwuzuzwa kurasubira kukarengera uburenganzira bwose bwo kuturega no kudushengeza bushobora kugirwa n'abandi bose, ari abantu, abamarayika canke abadayimoni (Roma 8:38):

Ni nde azorega abo Imana yatoranje? Imana niyo ibatsindanishiriza ... [Ntakizoshobora] kudutandukanya n'urukundo rw'Imana ruri muri Kristo Yesu, Umwami wacu. (Roma 8:33, 39)

Si ibi gusa: ahubwo abakristo bashinzwe ubutumwa bwo kwuzuriza, mu kuja kwuzuriza abandi no mu gutangaza icese ubutumwa bw'umusaraba n'ububasha bwawo bwose gusambura ugukumirwa:

Ariko ivyo vyose biva ku Mana, yatwiyyujeko kubwa Kristo, ikaduha igikorwa c'umwuzozo, ni kwo kuvuga yuko Imana yari muri Kristo, yiyuzuza n'abari mw'isi, ntiyabaharurako ibicumuro vyabo, kandi yatubikije ijambo ry' umwuzozo. Nico gituma turi intumwa mu gishingo ca Kristo, Imana isa n'iyibingingira muri twebwe. (2 Korinto 5:18-20)

Ukuzuka

Kimwe mu vyiyumviro bikuru biguma bigaruka rw'"ivyahishuriwe" Muhamadi n'ivyo yavuze vyinshi, ni ukurondera kwerekana ko ivyo yakoze ari ivy'ukuri n'ukwiyemeza we nyene. Ivyo yabishikiriye mu gukoresha inguvu akazigitirira abansi biwe ku kwemera no kuyoboka ubutumwa bwiwe (guhinduka aba isilamu), kugira ngo bemere abe ari we abaganza akabayobora, bitagenze uko, bakemera kubaho nk'aba *dhimmi*. Ahandi ho, ica gatatu bashobora guhitamwo, rwari urupfu.

Mu buryo abakristo bategera ubutumwa bwa Kristo, ukurondera kwemeza ubutumwa, kubuvugira, biriho, ariko ntibikorwa na Kristo we nyene ubwiwe. Igikorwa ca Mesiya yababaye, kwari ukwicisha bugufi, akemera gukumirwa n'ukwihakanwa. Ukwemezwa vyaciye mu kuzuka kwa Kristo n'ukwurira mw'ijuru kwiwe, bikaba ari vyo vyanesheje urupfu n'ububasha bwarwo bwose:

... yuko atarekewe mu kuzimu, kandi n'umubiri wiwe ata ho wigeze ubora. Uwo Yesu Imana yaramuzuye, natwe twese turi ivyabona vyo gushingira intahe ivyo. Nuko amaze gushirwa hejuru n'ukuboko kw'iburyo kw'Imana, kandi ashikirijwe na Se isezerano, ari ryo Mpwemu Yera, none asutse ico muriko murabona kandi mwumvva.... Umwe Yesu...Imana yamugize Umwami na Kristo. (Ivyakozwe n'intumwa 2:31-36)

Hari igice rurangiranwa c'ikete Paulo yandikiye abafilipi kirangura ingene Yesu "yicishije bugufi", kubushake bwiwe yafashe ishusho y'umushumba. Yaragamburutse gushika no ku rupfu. Ariko Imana yaramushize hejuru mu bukuru bw'impwemu, ubukuru bw'ikirenga. Iyi ntsinzi, ntiyavuye kuri Kristo ngo yariyamamaje arayirwanira kugira ngo ayishikeko , ariko Imana niyo yerekanye ikimazi ntangere ca Kristo ku musaraba:

... mugire wa mutima muri mwebwe wari muri Kristo Yesu: we, naho yari asanganywe ishusho ry'Imana, ntiyiyumviriy e yuko kuringanira n'Imana ari ikintu co kwumirako; ariko yisiga ubusa, yakira ishusho y'umushumba, acika uwusa n'abantu.

Kandi abonetse afise ishusho nk'iy'umuntu, yicisha bugufi, aragamburuka no gushika ku rupfu— kandi urupfu rwo ku musaraba!

Nico catumye Imana imushira hejuru cane, ikamuha rya zina rirengeye ayandi mazina yose, kugira ngo amavi yose azopfukame mw'izina rya Yesu. (Filipi 2:4-10)

Ubugendanyi bw'umusaraba

Ku bakristo, gukurikira Kristo ni ukwishushanya n'urupfu rwiwe n'izuka ryiwe. Yesu, co kimwe n'intumwa ziwe, baravuga kenshi ko ari nkenerwa "gupfa" hamwe na Kristo—ni ukuvuga kwica uburyo bwa kera bwo kubaho—n'ugusubira kuvuka (kuvuka ubugira kabiri), kuzukira ubuzima bushasha bujanye n'uburyo bwa Kristo bwo gukunda no gusubira kwuzurizwa, ntitube tukibayeho ku nyungu zacu, ariko tubereyeho Imana. Abakristo babona ububabare nk'uburyo bwo gusangira ububabare na Kristo. Ibi, bica biha insiguro amageragezwa n'amakuba bacamwo, ababera inzira ijana mu bugingo bwamaho, bikongera bikaba ikimenyetso c'intsinzi izoza, aho kuba ikimenyetso c'ukuneshwa. Imana niyo izo kwemeza

igaha agaciro abizera, abayoboke bayo, aho kotanzwe n'ububasha bwo muri iyi si bushingiye ku nguvu:

Umntu niyagomba kunkurikira, niyiyanke, yikorere umusaraba wiwe, ankurikire. Kuko uwugomba gukiza ubugingo bwiwe, azobubura, ariko uwuzoheba ubugingo bwiwe kubwanje no kubw'ubutumwa bwiza, azobukiza. (Mariko 8:34-35; raba kandi 1 Yohana 3:14, 16; 2Korinto 5:14-15; Heburayo 12:1-2)

Muhamadi arwanya umusaraba

Turavye ivyo twize, tukaba tizi yuko tuba mw'isi y'impwemu, ntitwotangazwa n'ukwumva ko Muhamadi yazira imisaraba akayanka urunuka.. Hari *Ihadisi* (*hadith*) imwe ivuga yuko bishitse Muhamadi agasanga mu nzu iwe igikoresho gishushanijeko umusaraba , yaca agisambura canke akakimena¹¹.

Nkuko twabibonye mu cirwa ca 3, urwanko Muhamadi yari afitiye umusaraba rwamushikanye aho yigisha ko Isa, Yesu w'aba isilamu, azogaruka mw'isi ari intumwa ya isilamu izanywe no gusambura umusaraba, kugira ngo akureho burundu idini ry'abakristo muri iyi si, ntirisubire no kuvurwa.

Muri bino bihe tugezemwo, urwanko Muhamadi yari afitiye umusaraba, arusangiye n'aba isilamu benshi. Mu bice vyinshi vyo mw'isi y'iki gihe, imisaraba y'abakristo irankwa, ikabuzwa (yaraciwe), igasamburwa n'aba isilamu.

Kubera ivyo, Musenyeri Mukuru w'i Canterbury George Carey yarategetswe kwemera gukura umusaraba yari yambaye mw'izosi igithe indege yarimwo yasanga itegerezwa kurwa ikaruhukira muri Arabia Sawuditi bitari vyateguwé muri 1995. Ibi vyamenyeshejwe na David Skidmore mu Kigo kijejwe kumenyesha amakuru c'ishengero ry'aba Anglicani (Eglise Episcopale):

Indege Carey yarimwo yava i Kayiro ija muri Sudani yategerejwe kuruhukira akanya muri Arabia Sawuditi. Bagira bashikire igisagara ca Jedda kiri ku nkcombe y'Ikiyaga Gitukura,

¹¹ W. Muir, *Ubuzima bwa Muhamadi*, igitabu ca 3, p. 61, Insiguro ya (note) 47.

mu gihugu ca Arabiya Sawudit, Carey yasabwe gukura ibimenyetso vyose vy'idini, harimwo na kamwe abakozi b'Imana bambara mw'izosi mu kibanza c'ikaruvati kerekana amabanga bajejwe, mbere n'umusaraba werekana ko ari umwungere w'ishengero.

Ariko rero, naho umusaraba wankwa ukankirizwa n'aba isilamu, ku bakristo ho, ni ikimenyetso c'umwidegemvyo wacu.

Muri utu duce tw'icirwa, turihweza igisabisho co kwiyemeza gukurikira Yesu Kristo, intahe zimwe zimwe z'umwidegemvyo, n'igisabisho co gusaba kubohorwa tukavanwa mu bubasha bw'idini rya isilamu n'ubw'isezerano rya *shahada*. Ibi bisabisho bigenewe neza neza abantu bahisemwo kuva mw'idini rya isilamu bagakurikira Yesu w'i Nazareti, n'abantu bamaze guhitamwo gukurikira Yesu, bakaba bashaka kwemeza umwidegemyo wabo ku vyiyumviro vyose n'ububasha bwose vya isilamu.

Kurikira Yesu

Utumiriwe kwemeza yuko wishinze gukurikira Kristo, mugusoma uvuga cane iki gisabisho. Banza ukirabe ugisubiremwo neza imbere yuko ugisoma (ukivuga), kugira ngo utegere neza ivyo uriko uravuga.

Igihe uriko uraraba neza iki gisabisho, urabona yuko kigizwe n'ibantu bikurikira:

1. *Ivyirego* (ivyo gutura) bibiri:
 - Ndi umunyavyaha, kandi sinshobora kwicungura jewe nyene ubwanje.
 - Hari Imana imwe rudende, Umuremyi, yarungitse Umwana wiwe gupfa ngo ankize ivyaha vyanje.
2. *Guheba* (kugaya) ivyaha vyanje n'ibibi vyose.
3. *Ugusaba imbabazi*, umwidegemvyo, ubugingo bwamaho, na Mpwemu Yera

Akarorero ntanganyigisho: Wokora iki?

Mwe n'abagenzi bawe mwatumiwe gukurikira inama y'amasengesho mu kibanza c'umwiherero. Urifusa cane rwose kujayo, kandi uko muhura n'abandi bantu, uranezererewe kubona abakristo benshi gurtyo bo mu bahora ari aba isilamu.

Mu mpera y'igikorane ca mbere co ku mugoroba, murasabwe kuja mu mirwi mito mito y'abantu 10-12 guhanahana iviyumviro kuvyo mukeneye, no gusenga mu gihe c'iminota 30. Mu murwi wanyu, harimwo abayoboke benshi bahora ari aba isilamu. Abatari bake muri bo, barabugurukira barababwira ingene banezererewe guhura n'abandi bakristo. Ariko rero, abakristo bakeyi bo mu murwi batangura kuvuga ingene bababajwe, bagaterwa ubwoba, bakamaramamazwa, mbere bakankwa n'aba isilamu babahohoteye nk'abantu bo hasi bagayitse n'abapagani, hanyuma bakaba bari barabakumiriye mu kirwati cabo. Abahora ari aba isilamu barishura bavuga bati: "Turababajwe n'ukwumva ibintu nkivyo ni ukuri, ariko rero bagirire imbabazi; abo ba isilamu hari naho batari bazi ivyo bariko barakora."

Urabona yuko iyi nyishu yababaje abari bahejeje gushikiriza ingene bafashwe nabi.

Baca bahindukirira wewe n'abandi bo mu murwi, bababaza bati: "None ubwo nyene, sivyo ko hadakwiye gusa kuvuga ngo "Ndaguhamiye"? Twarabahariye, ariko tuguma twumva tumerewe nabi, dufise n'ubwoba, iyo tubonye u wese n'aho tumubonye hose" Hanyuma urabona yuko aya majambo yanyuma ahagaritse cane imitima y'abahora ari aba isilamu.

Wovuga iki ugakora iki?

Muri iki cirwa, turaja kwihweza ipolitike y'idini rya isilamu kubatari aba isilamu bigaruriwe n'intwaro ya ki isilamu, n'ingene bafatwa. Aba bantu (batari aba isilamu) bagizwe n'abakristo n'abayuda, bazwi mw'idini rya isilamu kw'izina rya *dhimmi*.

Isezerano rya *dhimma*

Mu mwaka wa 2006, igihe Papa Benedikto yatanga ikiganiro rurangiranwa i Regensburg, yarakoresheje amajambo y'umwami wa Byzance Manuel II Paleologue, yavuga itegeko rya Muhamadi ryo gukwiza hose idini yigisha hakoreshejwe inkota.”

Amajambo ya Papa yarakaje aba isilamu. Hanyuma y'iryo jambo rya Papa, abantu bashika hafi 100 barishwe mu migumuko yabaye kw'isi nzima. Imwe mu nyishu nkuru zibonekeje, yabaye iya Sheikh Abdul Aziz al-Sheikh, Umukuru w'aba isilamu (Grand Mufti) bo mu gihugu ca Arabiya Sawudite, yatanze ikiganiro mu bamenyeshamakuru yemeza yuko isilamu idakwiragizwa hakoreshejwe inguvu. Yavuze yuko bitari vyo kwagiriza idini rya isilamu ibantu nkivyo, kuko abapagani bari bafise ica gatatu bashobora guhitamwo. Ica mbere kwari uguhitamwo isilamu, ica kabiri yari inkota, hanyuma ica gatatu kwari “ukwemera kuganzwa hanyuma bagatanga ikori, bagaca bemererwa kuguma mu matongo yabo, bayoboka idini ryabo, bakingiwe n'aba isilamu”.

Uyo Grand Mufti yasavye abasoma ivyo yanditse kuraba akarorero ka Muhamadi. Yavuze ati: Abasoma Korowani na *Sunna* barashobora gutegeera ivyo bintu.”

Ivyo bintu bitatu uyo mukuru w'idini (Mufti) yavuga ni ibi bikurikira:

1. Guhinduka ukaba u;
2. Inkota—kwica canke kwicwa; canke
3. Kwemera kuganzwa n'inguvu za isilamu.

Ivyo bibiri vya mbere vyo guhitamwo, bituruka kuri Muhamadi, yavuze ati:

Naronse itegeko (rya Allah) yambwirije kurwanya abantu gushika bemeze ko ata n'umwe afise uburenganzira bwo gusengwa atari Allah, nuko Muhamadi ari intumwa ya Allah.... Nico gituma bakoze ivyo vyose, bazoba barokoye ubugingo bwabo namatungo yabo, sinzobikorako ...

Ariko rero, ivyo vyahavuye vyoroshwa n'ibindi vyavuzwe, muri vyo Muhamadi akaba yaratanzie ikindi ca gatatu co guhitamwo, ukuye

idini rya isilamu n'inkota, ico ca gatatu naco, ni ukwemera kuganzwa na isilamu, hanyuma ugamata ikori rizwi kw'izina rya *jizya*:

Rwana mw'izina rya Allah, kandi mu buryo bwa Allah.

Rwanya abahakana Allah. Gira ingwano nyeranda ...

Muhuye n'abansi banyu ari abanyeshirahamwe (babangikanya Allah), batumirire guhitamwo hagati y'ibantu biatatu.

Bishuye kuri kimwe ico arico cose muri ivyo bitatu, navyo muzovyemere, maze ntihagire ikintu kibi mubakorera.

Batumirire kwemera isilamu; babishuye, bibemerere, muce mureka kubarwanya...

Banse kwemera isilamu, batangishe kw'itegeko ikori rya *jizya*.

Bemeye kurtanga, ribemerere, ntihagire ico mubakorako.

Baramutse banse kuriha iryo kori, saba Allah abafate mu mugongo, maze mubarwanyo.

Itegeko ryo kuriha *jizya* rifatiye kandi ku karongo ka Korowani:

Nimurwanye abahawé igitabu—gushika aho baza gutanga ikori (*jizya*) ku gushaka kwabo, kandi bicisha bugufi (“bagizwe bato bagayitse”). (K9:29)

Ibibano vy'abantu bemeye kuganzwa n'intwaro ya ki isilamu bafatwa n'amategeko ya isilamu nk'abemeye isezerano rya *dhimma*, naryo rikaba ari isezerano ryo kwishikana rituma abantu batari aba isilamu bishinga kwemera ibantu bibiri:

- 1) kuriha uko umwaka utashe ikori rya *jizya* rihabwa aba isilamu, no
- 2) kuba abantu bacuvye, “bagizwe bato” bagayitse, barangwa n'ingendo yo kwicisha bugufi kw'abaneshejwe baganzwa.

Umwanditsi w'u Ibn Kathir niwe yagize ico avuga ku gace K9:29 ka Korowani: yavuze ati “Aba isilamu ntibemerewe kwubaha abantu bagengwa na *dhimma* canke kubaduza hejuru y'aba isilamu, kuko ni abantu bagowe, bagayitse, kandi bamaramajwe.” Aka kamere karangwa n'ugusubizwa hasi, nkuko yabivuze, gategerezwa kwubahirizwa n'amategeko ya *sharia*, atuma “babandanya guteterezwa, gusubizwa hasi, no gusuzugurwa.”

Kubera ko bemeye isezerano rya *dhimma*, amategeko ya *sharia* ararekurira abatari aba isilamu uburenganzira bwo kugumya idini bari bafise imbere yuko batsindwa (akarere kabu kigarurirwa n'aba isilamu). Abatari aba isilamu babayeho muri ubwo buryo nibo bazwi kw'izina rya *dhimmi*.

Intunganyo ya *dhimma*, ni ishirwa mu ngiro muvya politike ry'iviyumviro bibiri ngenderwako mu bijanye n'ukwemera ibiri muri Korowani:

1. Isilamu ritegerezwa gutsinda no kuganza ayandi madini yose:

Niwe yarungikanye intumwa yiwe ubugororotsi n'idini ry'ukuri kugira ngo ribe hejuru y'ayandi madini yose.
(K48:28)

2. Aba isilamu ni ngombwa ko baba ari bo batwara kugira ngo bashobore gutuma inyigisho za isilamu ku kumenya iciza n'ikibi zikurikizwe ku murongo:

Mwebwe muri ihanga ryiza ryagaragajwe mu bantu, kuko mutengeka gukora ivyiza, mukanabuza gukora ibibi, kandi mukaba mwemera Allah. (K3:110)

Jizya

Mu mategeko ya *sharia* y'iki isilamu, isezerano rya *dhimma* rifata abatari aba isilamu nk'abo ubuzima bwabo buba bwaratakaye (baba barapfuye) iyo aba isilamu batabirekera kubica. Ibi bifatira ku ciyumviro cariho imbere yuko idini rya isilamu ritangura, cavuga ko unesheje abantu (mu ngwano), hanyuma ukabarekera ubuzima ntubice, agatwe kabو kaguma ari ideni bagufitiye. Kubera ivyo, ikori ry'umutwe rya *jizya* ritangwa n'aba *dhimmi* bose b'igitsina gabu bakuze bakariha Reta y'iki isilamu, risigurwa muri iryo dini nk'iciru gitangwa n'aba *dhimmi* co gucungura amaraso yabo (kugira ngo babandanye babaho). Ijambo *jizya* risigura "ugutanga indishi" (réparation), "ugushumbusha" (compensation), canke "ikori". Abahinga mu majambo akoreshwa n'aba isilamu baha iryo jambo insiguro y'indangurakintu ikurikira:

... ikori ryakwa abatari aba isilamu baba ahatwarwa na Reta y'iki isilamu ryerekana ko bemeye isezerano rya *dhimma* rituma bakingirwa, rimeze nk'iryo kuriha kubera ko batishwe.¹²

¹² Edward W. Lane, *Kazinduzi y'icarabu n'icongereza* (Arabic-English Lexicon).

Muhamadi ibn Yusuf Atfayyish, umwanditsi m'umunya Aljeria wo mu kinjana ca cumi n'icenda, yarasiguye ico ciyumviro muvyo yavuze kuri surati ya K9:29:

Havugwa ngo: [jizya] ni iyo gukenguruka ku maraso yabo. Bivurwa ko rikwiye ... kugira ngo barihe ikiguzi co kubona batishwe. Ritangwa ku mvo zo gusubirira amabanga (*wajib*) yo kwica no gushira abantu mu buja (kubona batishwe canke ngo bagirwe abaja)... Ritangwa rihabwa aba isilamu.

Canke, nkuko vyasiguwe na William Eton mu myaka irenga ijana y'imbere y'uwo wa mbere, mu gitabu ciwe citwa *Survey of the Turkish Empire (Umwihwezo w'ubwami bw'abanye Turukiya)*, casohowe muri 1798:

Amajambo ari ku rwandiko ruhabwa abakristo iyo barishe ikori ryabo ry'umutwe [jizya], rwerekana ko amahera yakiriwe yatanzwe nk'ayo kuriha kugira ngo baronke uburenganzira bwo kugumana agatwe kabo (ntigacibwe) mu kiringo kingana n'uyo mwaka yarihiwe.

Igihano gihabwa abadakurikije isezerano

Mu mategeko ya isilamu, hagegekanijwe ibihano bikomeye cane kubadakurikije isezerano rya *dhimma*. Bishitse umu *dhimmi* ntarihe ikori rya *jizya*, canke ntakurikize amategeko yagenewe aba *dhimmi*, igihano cari uko ingwano nyeranda (*jihad*) yaca isubira kwaduka kuri we . Ni ukuvuga ibikorwa nk'ivyo mu gihe c'intambara vyaca bikorwa kuri we: amatungo y'aba *dhimmi* yarasagatwa bakayasabana, abagore bagirwa abaja bagasambanywa ku nguvu, abagabo na bo bagaca bicwa (canke bagahinduka aba isilamu ku nkon, icumu riri kw'izosi).

Akarorero rurangiranwa k'isezerano rya *dhimma* rifise ico ryiharije, rizwi kw'izina rya "Isezerano rya Umar", ryarimwo ingingo yategeka ko abakristo bo muri Siriya bemanga iki gihano ca *jihad* bakacihamagarira bo nyene:

Ngibi ivyo twishingiye biduhana twebwe nyene ubwacu n'abayoboke b'idini ryacu, kugira ngo dukingirwe kandi turonke umutekano. Bishitse tukarenga kuri ibi twemeye bifata twebwe nyene ku nyungu zanyu, muri ico gihe isezerano ryacu rya *dhimma* rizoba rifuswe, kandi muzoca mugira

uburenganzira bwo kutugirira ivyo murekuriwe kugirira abantu b'akankanze n'ubugumutsi.

Birongera bikavurwa na Ibn Qudama, yuko bishitse umuntu w'umu *dhimmi* atari u ntakurikize ibitegekanijwe n'isezerano rya *dhimma*, aba ahevye (asezeye) amatungo yiwe n'ubuzima bwiwe:

Umuntu akingiwe, iyo arenze kw'isezerano ryo gukingirwa ryiwe, ari mu kwanka kuriha ikori ry'umutwe [*jizya*] canke gukurikiza amategeko agenga ikibano...we nyene ubwiwe n'amatungo yiwe baca baba *halal* ['ntagifashi']—nta na kimwe kibuza ko yicwa canke afatwa mpiri n'aba isilamu uko bashaka kwose].

Kahise k'ibibano vyinshi vy'aba *dhimmi* karanzwe n'ibintu vyabaye bihamura, nk'ukugandagurwa, ugusambanywa ku nguvu, no gusagatwa kw'amatungo yabo. Ibi vyose bigirwa ku mvo zo kugumiza abatari aba isilamu mu cuka c'ubwoba butagira iherezo no kugumizaho no gukomeza ubuja bwa *dhimma* mu bijanye n'ubuzima bwo mu mutwe n'ubw'umutima mu kibano cose (muri bose). Hariho uburorero bubiri:

- Mu mwaka wa 1066, abayuda b'i Grenade bashika hafi 3 000 barishwe n'aba isilamu. Ico vyavuyeko, ni uko Samuel ha-Nagid, umuntu w'umuyuda yari yarabaye umushikiranganji wa mbere (Grand Vizir) wa Grenade, akorera umukuru w'aba isilamu (Sultan). Yasubiriwe muri ayo mabanga n'umuhungu wiwe, Joseph ha-Nagid. Uburyo aba bayuda bateye imbere, vyabonywe nko guhonyanga ibitegekanijwe mu mw'isezerano rya *dhimma*, ribuza yuko hagira utari u atwara canke aha amategeko aba isilamu. Harabaye isekeza ryo kugumura bifatiye kw'idini ryo kurwanya abayuda. Iryo sekeza ryari ryitwaje amategeko ya *dhimma*, rikaba ryatumye haba ubwicanyi. Umuhinga muvy'amategeko wo muri Afrika ya ruguru yitwa al-Maghili yahavuye yandika hanyuma yuko igihe cose abayuda baronse akazi ko hejuru cane bakorera umukuru wa isilamu (Sultan), baba bari "mu bugarariji bwamaho kw'isezerano rya *dhimma* ribagenge, muri ico gihe rero, bakaba batagikingiwe na ryo". Mu yandi majambo, amaraso yabo yari *halal* [ni ukuvuga 'ntagifashi']—nta na kimwe kibuza ko bicwa].

- Mu mwaka wa 1860 abakristo barenga 5 000 bo mu gisagara ca Damas baragandaguwe. Ico vyaturutseko, ni uko aba Ottoman bari barafuse icese amategeko ya *dhimma*. Ibi vyari vyagizwe ku gitsure ca politike c'ibihugu bikomeye vy'i Buraya. Abigisha b'ivy'Idini b'i Damas barashavujwe naka koyoko katanzwe, hanyuma baca batangaza yuko, kubera ko abakristo batari bagikora mu bugamburutsi bw'abaganzwa nk'aba *dhimmi*, ugukingirwa bahorana kwari kwahebwé, kwafuswe. Ubu bwicanyi bwakurikiye bwakurikije imigirwa yo kuva kera y'ingwano nyeranda (*jihad*): abagabo barishwe, abagore n'abana bagizwe abaja, abagore bafashwe mpiri barasambanijwe ku nguvu, amatungo yabo nayo yarasagaswe arasahurwa. Bamwe baracunguye agahanga kabu mu buryo bwo guhinduka bakaba aba isilamu.

Umuugirwa uteye agahinda

Ikori rya *jizya* ryategerezwa kurihwa uko umwaka utashe n'umuntu wese w'igtsina gabu akuze, kandi hari umugirwa vysisangije wategerezwa gukurikizwa. Abagabo b'aba *dhimmi* bategerezwa guca muri uyu mugirwa mu turere twose tuganzwa n'aba isilamu two kw'isi nzima, gushika mu kinjana ca mirongo ibiri.

Umuugirwa wo kuriha ikori rya *jizya* wajana n'ikimenyetso gikomeye cane , aho umuntu w'u yakubita umu *dhimmi* ku gikanu (inkota), hakaba hari n'ahandi hamwe hamwe bavuga yuko umu *dhimmi* yambikwa ikiziriko mw'izosi hanyuma bakagifata, bakamara umwanya bariko baramukwega bamushumitse. Iyi migirwa yasigura ko umu *dhimmi* yaba ariko aratanga iryo kori kugira ngo arokore ubuzima bwiwe, ntiyicwe canke ngo agirwe umuja. Uwo mugirwa kwari nkukwerekana mu gokino ukwicwa uciwe umutwe, bikaba ari vyo ikori rya *jizya* ryaba rikijje uwo muntu mu kiringo c'umwaka.

Amasoko y'amakuru yo mu ba isilamu n'ay'abatari aba isilamu aravuga henshi hibonekeje uwo mugirwa, kuva muri Maroc gushika i Bakhara, kuva mu kinjana c'icenda gushika muc'icum na kabiri. Uwo mugirwa warabandanije mu bihugu bimwe bimwe vy'aba isilamu nka Yemen na Afghanistan, gushika muri ca gihe co kwimuka ku bwinshi kw'abayuda baja muri Isirayeli mu mpera z'imyaka ya 1940 no mu ntango z'imyaka ya 1950, mbere no mu myaka ya vuba ,

harabayé intagondwa z'aba isilamu zasavye yuko uyo mugirwa wosubizwaho.

Nk'ikimenyetso co gucibwa umutwe, umugirwa ujanye no kuriha ikori rya *jizya* ushobora gufatwa nk'isezerano *rifatiye ku maraso*, canke nk'indahiro *ifatiye ku maraso* (twabonye mu cirwa ca 2), mu bantu nkivyo bene gutanga ikori n'ukugirirwa uwo mugirwa, bihamagarira urupfu bo nyene mu kwerekana nko mu gakino uburyo bwo kwicwa kwabo, igihe batokurikiza ibitegekanijwe mu masezerano. Indahiro nkizo zaramaze ibinjana vyinshi zikoreshwa mu birori n'imigirwa vyo kwakira abashasha mu mashirahamwe akorera mu kinyegero (sociétés secrètes)no mu turwi tw'amangetenete (groups occultes), kandi zifise ububasha bwo mu mutwe, no ku buzima bw'impwemu, bwo kubohera abagiriwe iyo migirwa kw'itegeko ryo kuganzwa no kugamburuka.

Umu *jizya ubwa kimenyetso risaba umu dhimmi* awugiyemwo yiyeje guheba agatwe kiwe bishitse akarenga iyo ari yo yose mu ngingo z'isezerano rya *dhimma*, ryarokoye ubuzima bwiwe. Aho ni ukwivuma, muvy'ukuri, nko kuvuga ngo "Murafise uburenganzira bwuzuye bwo ku gatwe kanje ndamutse ndenze kuco arico cose mu britegekanijwe mu masezerano yanje". Mu bihe bikurikira, iyo umu *dhimmi* arenze amasezerano yiwe, aba yamaze kwicira no kwisomera urubanza rwo gupfa mu kwemera guca muri uyu mugirwa w'icese, kandi aramutse yishwe, biba bigizwe ku ruhusha we nyene aba yaramaze gutanga.

Muri utu duce, turihweza ingaruka z'indinganizo ya *dhimma* ku buzima bwo mu mutwe bw'abantu batari aba isilamu.

Ubuengurutsi bujanye no guca bugufi

Uko bisanzwe bimeze, mu mategeko akurikizwa kuva kera muri isilamu, abantu batari aba isilamu bafatwa nk'abantu bakesha ubuzima bwabo aba isilamu babigaruriye mu ngwano. Basabwa kwerekana ingendo n'inyifato birangwa n'ubukengurutsi n'ukuba hasi cane biggeranije n'aba isilamu, kandi bakarangwa no guca bugufi. Ibi, abanditsi kw'idini rya isilamu barabivuga mu buryo butomoye.

Amategeko menshi ya *sharia* yarashinzwe kugira ngo ategereze abatari aba isilamu kwiyumva ko ari bato cane (bagayitse), kandi bama bageramiwe. Nk'akarorero:

- Intahe y'aba *dhimmi* nk'ivyabona ntiyari yemewe muri za sentare za *sharia*: ibi vyatuma bageramirwa n'ubwoko bwose bwo gukandamizwa.
- *Inzu z'aba dhimmi* zategerezwa kuba ngufi kurusha iz'aba isilamu.
- *Aba dhimmi* ntibari barekuriwe kugira ku mafarasi canke gukiriza umutwe ngo bawushire hejuru y'uwy'u (itegeko ryo kugenda bunamye).
- *Aba dhimmi* bategerezwa kubisira aba isilamu mu nzira icamwo bose, bagakebereza ku nkcombe y'ibarabara canke ku ruhande rw'inzira kugira bababisire barengane.
- *Aba dhimmi* nta burenganzira canke n'uburyo bari bafise bwo kwivuna, bikaba vyatuma bashobora guhohoterwa n'aba isilamu bitagoranye.
- Ntivyari birekuwe kweekana ahabona ibimenyetso vy'amadini atari isilamu, kandi n'imigirwa yayo madini yandi ntiyashobora gukorerwa ahabona.
- Nta mashengero (ingoro z'Imana) mashasha yashobora kwubakwa, kandi n'ayononekaye ntivyari birekuwe kuyasanura.

Indinganizo ya *dhimma* yari yagenewe gucuvya, gucinyiza no gutesha agaciro abatari aba isilamu baganzwa nayo. Umwanditsi w'umunya Maroc wo mu kinjana ca cumi n'umunani yitwa Ibn Ajibah ariko arasigura ico iyo ndinganizo yari igamije, yavuze yuko yari iyo kwica umutima:

[*Dhimmī*] igamije kwica umutima, amatungo n'ivyifuzo vyiwe. Ubwa mbere ho, yategerezwa kwica ugukunda no guhahamira ubuzima, no kwifusa ubutware n'icubahiro. [Umu *dhimmī*] yategerezwa guhindura ivyo umutima wiwe yifuza, akawupakiramwo ibintu vyinshi birengeye umutwaro ushobora kwikorera, gushika aho usigara urangwa no kwisemba no gukenguruka ubuja. Hanyuma y'ivyo, azosigara ata na kimwe adashobora kurinda, aba "rwemeramivumo". Uzosanga ugcinyizwa canke ukuganzwa ataco bikimubwira. Ubwinazi n'itunga bizosigara ari co kimwe kuri we; ukwikingira, ukwhagararako n'ubuhakwa azosanga ataho bitaniye., ugutakaza n'ugutora/gutombora bizosigara ari co kimwe. Impera n'imperuka, igihe ibantu vyose bisigaye ari co kimwe, umutima wiwe uzorangwa no kwemera ubuhakwa / ubuja no gutanga ataguhigimanga ico ategerezwa gutanga.

Kamere yo mu mutwe irangwa n'ukwikengera (kwishira hasi)

Ijambo '*dhimmitude*' rikoreshwa mu kwerekana ivyo vyose bigize ibiranga ubuzima bizanwa n'isezerano rya *dhimma*. Nka kurya bavuga akarenganyo gafatiye ku bitsina (sexisme) canke ku moko (racisme), *dhimmitude* ntiyigaragaza mu bisata vy'imibano n'ivy'amategeko (vy'ubutungane), ariko ni no mu karangamutima ko gukenguruka ukwicinyiza no kwicisha bugufi, n'ishaka ryo gukorera abandi nk'umuhakwa (umuja), usanga gakurikizwa n'abantu baganijjwe (bo "mu ngoma iganijjwe n'iyindi"), kugira ngo bikingire (kwemera kuba abaja kugira ngo baramuke).

Nkuko umuhinga w'umuyuda wo muri Iberiya yabivuze mu myaka yimbere cane y'ibi bihe tugezemwo (Moyen âge), "Twaremeye

twese, abasaza n'abakiri bato, kwakira no kumenyera ugucinyizwa no kuba abantu bagayitse ...”; hanyuma mu ntango z'ikinjana ca mirongo ibiri, umuhinga muvy'indondabihugu w'umunya Serbiya yitwa Jovan Cvijic yaradondoye ingene ubwoba bwo guhohoterwa n'aba isilamu b'abanya Albaniya bakomoka muri Turukiya buhererekanywa uko imvyaro zikurikirana, ubwo bwoba bwarahinduye uko abakristo bo mu karere ka Balkans babona kandi biyumvira ibintu mu mitwe yabo:

[Aba *dhimmi*] baramenyereye kuba mu murwi wo hasi, ukenguruka ubuja, urajwe ishinga no kurondera kwemerwa na ba shebuja, kwicisha bugufi bakigira ubusa imbere yabo ba shebuja, no kubanezereza. Aba bantu usanga bahindutse intavuga, agatinyashengero, n'abanyarwenge (amayeri yo kwikingira); usanga ata muntu numwe bagifitiye icizere; usanga bahava bamenyera kwiyorobeka, kugira inyifato igayitse yo kwitonesha, kuko ivyo vyose birakenewe kugira ngo bashobore kubaho no kwikingira ibihano vyobaboreza igufa.

Ingaruka mbi zo gukandamizwa n'uguohohoterwa ziribonekeza mu bakristo nka bose nko kwama biyumvamwo akoba n'umutima uri mu mutwe uva ku kwiyagiriza... Muri Masedoniya, narumvise abantu bivugira ngo “No mu ndoto, twama turiko turahunga abanye Turukiya n'abanye Albaniya.”

Ukwo gushirwa hasi kw'aba *dhimmi*, ico vyogereranywa, ni ugushirwa hejuru kw'aba isilamu, bemerwa ko barangwa n'ubuntu n'umutima wagutse utanga uitangiriy'itama, bashoboye kwemerera aba *dhimmi* kubaho bakanigumya ntibabatware utwo batunze. Nkuko nabibwiwe n'umunya Irani umwe yahevye isilamu agahinduka umukristo, “Idini ry'abakristo riracarbonwa nk'idini ry'abantu bari mu murwi wo hasi w'ingayiranwa. Isilamu nayo ni idini ry'abakama, abakuru b'abategetsi, nayo idini ry'abakristo rikaba iry'abaja.”

Ivyiyumviro bishingiye kuri *dhimmitude* bigirira nabi aba isilamu nkuko bimaramaza abatari aba isilamu bikabagira ubusa. Harya aba isilamu barigirira nabi igithe bashizeho indinganizo ituma batagira akaryo n'ibakwe vyo kwiga guhiganwa ku rugero rumwe n'abandi, ata wandya wangura. Impinyanyuro ngengantwaro na ngengabutunzi ifatiye ku gukingira bamwe no gukumira abandi, ishobora gutuma ubutunzi bw'ighugu kanaka buyongobera bugasubira inyuma; muri

ubwo buryo nyene ukwo gukingirwa mu bijanye n'idini bishingwa n'indinganizo ya *dhimma*, kватума aba isilamu bishimikiza ukwiyumvamwo ku buryo ataho buhagaze ko bari hejuru kwabasubije inyuma kukonona ubushobozi bwabo bwo gutegera neza uko bari, aho bahagaze n'isi ibakikije uko bimeze koko ata gufatira ku bihendo canke ku bitagira mvura.

Kuri izo mpande zibiri, indinganizo ya *dhimmitude* izana inyifato n'ingendo bifise imizi kure, kandi z'uruhererekane uko imvyaro zikurikirana. Nka kurya amacakubiri afatiye ku moko ashobora kubandanya mu bihugu mu myaka myinshi ikurikira igihe ubuja bufatiye ku moko bumaze bwarafuswe n'amategeko, niko n'indinganizo ya *dhimmitude* ibandanya kugira ingaruka ku migenderanire hagati y'aba isilamu n'abandi bantu, mbere ugasanga ari yo yiganje muri iyo migenderanire, naho ikori rya jizya risigaye riri inyuma kure cane mu vyo abantu bibuka, ryasa n'iryu maze kwibagirwa.

Akarorero ntanganyigisho: Wokora iki?

Uri ku rugendo mu modoka ya minibus hamwe n'abagenzi batatu b'abakristo bitwa Alexandre, Samweli, na Petero. Muriko muja mw'ikoraniro ryerekeye ukuba umugendanyi mu ba isilamu, Mumaze kuyaga kubijanye n'ishengero, umuryango n'amatwaragihugu (politike), Petero arabaza ico abandi biyumvira ku ndoto nyinshi aba isilamu bafise kuri Kristo n'uburyo isilamu iriko iraba idini ry'intagondwa. Ibi vyoba bisigura ko turi mu bihe vya nyuma? None, aba isilamu bahindutse boba bakeneye inzira y'ubutumwa bisangije bwo kubagira koko abagendanyi ba Kristo, nka kurya kw'abayuda bakurikira Yesu nka Mesiya?

Alexandre arabumviriza, aca azana iciyumviro ciwe avuga ati: "Muvy'ukuri ga yemwe, ni kuki aba isilamu bahindutse boheza bagakenera ubutumwa bisangije bwo kubagira abagendanyi ka Kristo, nk'akarorero budasa n'ubwogenerwa abayuda canke abayoboke ba Bouddha? Hoba harabaye igehe ishengero ryo muri kahise ryoba ryatanga ubutumwa bufise aho butaniye n'ubundi ukurikije idini bene kubuhabwa bahoramwo? None ga, twese ntidukoresha Bibiliya imwe tukavuga n'inama y'idini (credo) imwe? Ni igiki kigaragaza yuko aba isilamu baba "bakijewe" mu buryo budasa bisangije, bagakenera inyigisho bisangije n'ubutumwa bisangije vyo kubategurira ibatisimu?"

Samweli arishura ati: "Yesu yasezeranye ko amavi yose azokubita ibipfukamiro, kandi ndemera yuko ngaha harimwo amamiliyonu y'aba isilamu bahinduka bagatumbera Kristo, none ni ngombwa ko tubakira mu buryo budasanzwe, mu mashengero ya haziko adasanzwe, nka kurya tubigira ku bayuda. Paulo na Petero, bakoze ukumenyesha Ubutumwa Bwiza abayuda n'abapagani mu buryo budasa kuri iyo mirwi ibiri. Twari dukwiye gukora mu ba isilamu nka "benewabo b'abayuda" tukabaha ubutumwa bisangije bujanye n'ivyo ubuzima bwabo bw'impwemu bukeneye.

Petero arongerako ati: "Ariko rero Samweli, intumwa zose zakoresheje iviyumviro bimwe mu gutanga ubutumwa

mw'ishingerero ryo mw'Isezerano Rishasha. None, amakete yose y'intumwa, ntiyagenewe bose, abayuda n'abapagani? Aba isilamu bahindutse bagatumbera Kristo, usanga bakeneye ivyo abandi bose bakeneye: icirwa co kubategurira ibatisimu, insiguro, inyigisho zo kw'ishule ryo ku musi w'Imana, n'ivyirwa vyā Bibiliya. Muvy'ukuri, ukubafata ukwabo bisangije, bishobora kubabuza kwinjira koko mu mashengero yacu ahasantze".

Niho Samweli yakubaza ati: "Ubona gute ubutumwa kubahora ari aba isilamu?"

Wokwishura gute?

Umwidegemvyo ku bubeshi

Muri utu duce, turihweza inyigisho za isilamu kuvyerekeye ububeshi, hanyuma turaja guca duhitamwo guhakana ibinyoma.

Ukuri ni intabonwa

Umukozi w'Imana (Pasitor) Damanik, yapfunzwe bidaciye mu kuri mu gihugu ca Endoneziya kubera ko yavuze ibintu binegura ingwano *jihad* y'aba isilamu, yavuze ibikurikira ku kuri:

... naho ukuri kutoroshe kandi gufise agaciro gahanitse cane, ntakundi twobigenza namba. Dutegereza kwemera gutanga ico kiguzi c'ikirenga. Tutabigenjeje uko, ico twoba duhisemwo kwoba ari ugusezera burundi ukuri. Uwukunda ukuri, ategerezwa kurwana intambara ikomeye kurusha abandi kugira ngo abe umuntu arangwa n'ugushaka gukomeye nk'icuma, akongera akaba uwurangwa n'umutima wera utagira agatosi, kandi ubonerana (nka kurya kw'ikiyo). Ugushaka kumeze nk'icuma, gufise inkomezi: ntushobora kukugonda.

Ntikujogajoja mu buryo kwishinga gukurikirana ukuri Umutima w'ikiyo ni uwurtyoroye, udacafujwe n'inyungu na gahunda (imigambi) bihishije vyā nyenewo. Nka kurya bimeze ku kiyo, umuntu akunda ukuri ni magara make, kandi aroroshe kumeneka, amenwa n'akarenganyo n'ibinyoma vyo muri iyi si. Uko kumeneka kw'umutima, si ikimenyetso c'amagara make: ah'ubwo ni ikimenyetso c'inkomezi n'ububasha. Uwo muntu, afise ugushaka gukomeye, kandi umunwa wiwe udatinya ufise

ubushobozibwo kwamira ukiyamiriza ibinyoma n'ububeshi birangwa mu micungararo yaho aherereye. Umutima wiwe ntushobora kwijajara ngo wame utekanye. Umutima wiwe wama usazwe n'ukurwanya akarenganyo.

Ukubona Imana irangwa n'ukuri, ni ikintu gihambaye cane kuri twebwe mu kwinjira mu migenderanire nayo. Imana irangwa n'uburwaneza bwuzuye: yiyaniza mu migenderanire n'abantu, irangwa n'ubwo burwaneza nyene.

Imico yubakiye kuri *sharia*

Turavye ibivurwa na Korowani n'inyigisho za isilamu, ububeshi burarekuwe mu bihe bimwe bimwe. Twarabonye mu cirwa ca 3 ingene ububeshi burekuwe, mbere rimwe na rimwe rikaba n'itegeko mw'idini rya isilamu.

Muri Korowani na Allah bivurwa yuko abesha, agashobora no kuyovva abantu:

Kandi Allah arekera mu muzimiza uwo ashatse agashoboza kuzimuruka uwo ashatse. Ninawe Nyene inguvu, Nyene ubwitonzi. (K14:4)

Ubwoko bw'ibinyoma amategeko ya *sharia* yemera (arekura) ni ubu:

- Kubesha mu gihe c'ingwano
- Abagabo bahesha abagore babo
- Kubesha kugira ngo wikingire
- Kubesha kugira ngo ukingire/urwanire ihanga (ry'abayoboke ba isilamu)
- Ukubesha kugira ngo wikingire (*taqiyya*) igihe aba isilamu biyumvira yuko bageramiwe: mu bihe nkivyo, u ararekuriwe mbere no kwhikana idini ryiwe (K16:106) (igihe agoberewe).

Izo ngengagaciro zubakiweko n'idini zaragize ingaruka ku mico y'aba isilamu mu buryo bukomeye cane.

Uguhura n'ukuri

Ku mukristo ntibimeze nkukwo kwo muri isilamu: hoho, umukristo ntarekuriwe kwhakana idini ryiwe (Imana yiwe):

Umuntu wese azonyaturira imbere y'abantu, nanje nzomwaturira imbere ya Data wo mw'ijuru. Ariko uzonyihakanira imbere y'abantu, nanje nzomwihakanira imbere ya Data wo mw'ijuru. (Matayo 10:32-33)

Yesu yavuze ngo: “Ariko ijambo ryanyu ribe Ego, ego; canke Oya, oya ...” (Matayo 5:37)

Turavye ivyo dusoma mw'Itanguriro 17, ni igiki Imana ishinga hagati yayo na Aburahamu?

Kandi nshinze isezerano hagati yawe nanje, no hagati y'uruvyaro rwawe. Iryo sezerano rizohoraho kugira ngo mbe Uhoraho Imana yawe, hamwe n'uruvyaro rwawe ruzovuka hanyuma. Kandi wewe nzoguha iki gihugu wabayemwo uri inyambukira n'uruvyaro rwawe ruzovuka hanyuma, ni co gihugu c'i Kanani ngo kibe itongo ry'ibihe vyose, nanje nzoba Imana yabo. (Itanguriro 17:7-8)

Hanyuma uravye Zaburi 89, ni igiki Imana yashinze hagati yayo na Dawidi?

Wavuze ngo: “Nasezeranye isezerano nuwo natoranje, narahiye Dawidi umusavyi wanje nti: “Nzoshimangira uruvyaro rwawe gushitsa ibihe bidashira, intebé yawe y'ubwami nzoyikomeza, gushitsa ibihe vyose.”” (Zaburi 89:3-4)

Utwo duce tubiri uhejeje gusoma turerekana yuko Imana ishinga amasezerano n'ihanga ryayo, amasezerano arangwa n'ubudahemuka.

Ni ibihe bintu bibiri biranga imigenderanire n'Imana usanga muri utu dusomwa dukurikira?

Erega Imana si umuntu ngo ibeshe, kandi si umwana w'umuntu ngo yisubirekp. Ivyo yavuze mbega ntizobikora? Ivyo yashinze ntizobishitsa? (Guharura 23:19)

Nimushimire Uhoraho yuko ari mwiza; kuko imbabazi ziwe zamaho ibihe bidashira. (Zaburi 136:1)

[ariko avuga Abayuda] ... ariko ku kuvy'ugutoranya kw"imana, ni abakundwa kubw'aba sokuruza, kuko ingabire z'Imana no guhamagara kwayo itavyicuza. (Roma 11:28-29)

... ndabiherewe kwizera abo Imana yatoranje no kwigisha kumenya vy'ukukuri gufatanije n'ukwubaha Imana—nkora nizigiye kuzoronka ubugingo budashira, ubwo Imana itazi kubesha yasezeranye kera, ibihe vyose bitarabaho ... (Tito 1:1-2)

Nico catumye Imana, kuko igomba kurushiriza kwereka abaragwa b'ivyasezeranywe ingene imigambi yayo idahinduka, ishira hagati indahiro kuba umuhuza, kugira ngo bibiri bidahinduka, ivyo Imana itabasha kubesheramwo, biduheshe kurema cane, twebwe abashitse mu buhungiro, nibwo kugumya rwose ivyizigiro vyashizwe imbere yacu. (Heburayo 6:17-19)

Ariko nkuko Imana ari iyo kwizerwa, ijambo tubabarira ntituvuga ngo "ego", maze ngo "oya". Umwana w'Imana Yesu Kristo... ntiyari ego kandi ngo abe oya: ariko muri we harimwo "Egome." (2 Korinto 1:18-20)

Imana ntihinduka, kandi ntibesha mu migenderanire yayo. Ntiyigera irenga kuryo yavuze.

Turavye ibiri mu gitabu c'Abalewi, Imana ishaka iki ku bantu?

Uhoraho abarira Mose ati: "Barira ikoraniro ryose ry'Abisirayeri uti: "Mube abera, kuko ndi uwera , jewe Uhoraho Imana yanyu". (Abalewi 19:1-2)

Imana y'ukuri yo muri Bibiliya, ishaka ko tuba abera nkayo.

Uravye ivyanditse muri utu turongo dutatu dukurikira, twerekana gute ukwera kw'Imana mu bugingo bwacu?

... kuko imbabazi zawe ziri mu maso yanje, kandi ngendera mu kuri kwawe.¹⁴ (Zaburi 26:3)

Mu kuboko kwawe niho nshize ubugingo bwanje; warancunguye, Uhoraho, wewe Mana y'ukuri. (Zaburi 31:5)

Nawe ntunyime ukugira neza kwawe; ewe Uhoraho; imbabazi zawe n'ukuri kwawe bizokwame binzigama. (Zaburi 40:11)

¹⁴ Ijambo "ukuri" ryahinduve ngaha rishobora no gusigura "ubudahemuka"

Dushobora kwerekana ubweranda bw’Imana mukuba imvugakuri, no mukubaho mu kuri, kuko Imana ni iy’ukuri, kandi ntitirimuka kw’ijambo ryayo no kuvyo yasezeranye. Naho Satani akunda gushira ibinyoma mu mitima yacu, ukuri kw’Imana kuradukingira.

Ukuri kudukorera iki, turavye ibivurwa muri iyi Zaburi ya Dawidi?

Raba, nabumbanywe ukugabitanya, Mu vyaha ni ho mama yamvyariye. Raba, ugomba ukuri hirya mu mutima, Mubwigobeko bwawo uzomenyesha ubwenge. Unyuhagize ezobu, mbone kwera. Unyuhagire mbone kwera derere kurusha uko shelegi yera. (Zaburi 51:5-7)

Iyi Zaburi yemeza ko ukuri kudurtyorora.

Uravye ibiri muri aka karongo, ni igiki cuzuye ubugingo bwa Yesu?

... twitegerezza ubwiza bwiwe, ni ubwiza bumeze nk’ubw’Umwana w’ikinege ava kwa Se, yuzuye Ubuntu n’ukuri. (Yohana 1:14)

Yesu yari yuzuye ukuri.

Duhamagariwe kuba mu ki?

Ariko uwukora ivy’ukuri aza ku muco kugira ngo ibikorwa vyiwe biboneke ko vyakorewe mu Mana. (Yohana 3:21)

Duhamagariwe kuba mu kuri.

Turavye ibiri mu turongo tubiri dukurikira, ni igiki conyene dushobora gucako kugira ngo dushobore kumenya Imana?

Imana ni Mpwemu, kandi abayisenga bakwiye kuyisenga mu mpwemu no mu kuri. (Yohana 4:24)

Yesu aramubwira ati: “Ni jewe nzira, ukuri n’ubugingo; ntawushika kuri Data ntamujanye.” (Yohana 14:6)

Yesu atubwira ko kugira dushikire Imana, atahandi twoca atari mu kuri (Mu Butumwa Bwiza, Yesu avuga ngo “Ndababwiye ukuri” agashika 78.)

Ni igiki gihushanye n’ugukurikira Kristo, uravye ibi vyavuye mu vyanditswe na Paulo?

Turazi yuko ivyagezwe (amategeko) bitashiriweho umugororotsi, ariko vyashiriweho abagarariji n’ibigaba,

abatubaha Imana n'abanyavyaha, abanegura ivyayo n'abakora ibizira, abica ba se na ba nyina, abicanyi, abashurashuzi, abagabo basambana n'abandi bagabo, abanyaga abantu bakabashora, ababeshi, abarahira nabi, n'ibindi vyose birwanya ukwigisha kuzima guhuye n'ubutumwa bw'ubwiza bw'Imana ishimagizwa, ubwo najejwe. (1 Timoteyo 1:9-11)

Paulo yerekana yuko ububeshi budahuye na mba no gukurikira Kristo.

Iki gisabisho co gusaba kuvavanura n'ububeshi gitegerezwa gusomwa n'abitavye inyigisho bose, bahagaze hamwe.

**Icemezo n'igisabisho vyo kuvavanura
n'ububeshi**

Ndagukengurukira Data kuko uri Imana y'ukuri, yuko umuco wawe ukayanganira mw'ijoro ry'umuzimagiza ntangere. Uyu musi ndahisemwo kutaba mu muzimagiza, ariko ah'ubwo kuba mu muco wawe.

Ndagusavye imbabazi ku binyoma vyose navuze. Narahisemwo kenshi na kenshi inzira yo kuryoherwa, mpitamwo ivyoroshe, aho guhitamwo ibibereye biri mu kuri, Ndakwityeko, Mwami wanje ndagusaba gurtyorora umunwa wanje uwukize kuvuga ibiteye kubiri n'Imana. Umpe umutima uhimbarwa n'ukwumva ukuri, n'umunwa wama witeguriye kumenyesha abandi ukuri.

Mpezagiza ubutwari bwo kurondera ugutekanirwa mu kuri, no kwamirira kure ibinyoma.

Uyu musi, ndahakanye ugukoresha ibinyoma mu bugingo bwanje bwa misi yose, kandi ndavavanuye na kwo.

Ndahakanye inyigisho zose za isilamu zikoreshwa mu kwerekana ko ububeshi burekuwe, harimwo na taqiyya. Mpisemwo kuvavanura n'ibinyoma n'ububeshi muri vyose na hose. Mpisemwo kubaho mu kuri.

Ndemeje yuko Yesu Kristo ari we nzira, ukuri n'ubugingo. Ndahisemwo kubaho nkigiwe n'ukuri kwiwe.

Ndemeje yuko umutekano wanje uri muri wewe, kandi yuko ukuri kuzombohora nkaba uwidegemvyia.

Ndakwituyeko unyereke, Data wo mw'ijuru, uburyo bwo kugendera mu muco w'ukuri kwawe. Mpezagiza amajambo yo kuvuga, n'inzira yo gucamwo, ishingiye ku kuri kwawe.

Umwidegemvyo ku kwishira hejuru y'abandi ataho bifatiye

Muri kano gace, twihweza inyigisho za isilamu ku bijanye no gushira abantu bamwe hejuru y'abandi, hanyuma tubigereranye n'inyigisho zo muri Bibiliya. Tuzoboneraho guhakana ukwiyumvamwo ko hari abantu bari hejuru y'abandi bitagira aho bihagaze, maze tuvavanure navyo.

Ukwiyemeza kwa isilamu ko iri hejuru y'ayandi madini

Mw'idini rya isilamu, baremeza cane kukuba hejuru, ku kuvuga uri mwiza cane kurusha abandi. Korowani ivuga ko aba isilamu barengeye abakristo n'abayuda mu bwiza:

Mwebwe muri ihanga ryiza ryagaragajwe mu bantu, kuko mutegeka gukora ivyiza, mukanabuza gukora ibibi, kandi mukaba mwemera Allah. Nka hamwe abahawe igitabu bari kwemera, vyari kuba vyiza kuri bo. Muri bo harimwo abemera, ariko abenshi muribo ni abanyavyaha. (K3:110)

Kandi bavuga ko isilamu ariyo itegerezwa kuganza ayandi madini yose.

Ni we yarungikanye intumwa yiwe ubugororotsi n'idini ry'ukuri kugira ngo ribe hejuru y'ayandi madini yose. (K48:28)

Mw'idini rya isilamu, biratera isoni gufatwa nkuwuri musi y'abandi, Hariho ama *hadisi* menshi ya Muhamadi ashimagiza cane ukuba hejuru y'abandi. Nk'akarorero, muri *hadisi* imwe yatanzwe na al-Timirdhi, Muhamadi yemeje ko ari hejuru y'abandi bantu bose bamaze kubaho:

Nzoba umukama w'abana ba Adamu ku Musi w'Urubanza, kandi si ivyo kwishima. Kuri uyo musi, intumwa yose, harimwo na Adamu, bazoba ari abayoboke banje, Mbere ndi uwa mbere azokwugururirwa isi [ni ukuvuga uwa mbere mu kuzurwa mu bapfuye], kandi aha sindiko ndishima.

Idini rya isilamu ryarafatiweko cane rwose n'imico kama y'abarabu, irayibumba igenda ariyo iyiha akaranga n'intumbero mu kiringo kirenga imyaka ighumbi. Mu mico y'abarabu, uko icubahiro n'isoni bibonwa kandi bifatwa kurahambaye cane, izo ngengagaciro zibiri (icubahiro n'uguteterezwa) zigatuma abantu banka cane kubonwa nk'abari musi y'abandi. Iyo abantu bafise amatati canke ico bapfa, bashobora umwe wese kugerageza kumaramaza no gusubiza hasi (mu busa) uwundi, kandi babigira bafatiye ku gutwarwa n'ishavu bakumva bartyojwe vuba na vuba naho hoba ku tuntu duto.

Iyo umuntu avuye muri isilamu agafata ingingo yo gukurikira Kristo, usanga ari ngombwa yuko avavanura n'uburyo bwo kubona ibintu gufatiye ku bishobisho gutuma umuntu ategerezwa kwiyumva ko ari hejuru y'abandi basangiyе akarere canke ikibano, agaca yumva arabinezererewe, hanyuma akama agendana akoba ko yohava amaramazwa canke ashirwa musi y'abandi yohava asanga bamurengeye.

Uguhura n'ukuri

Mwitongo rya Edeni, inzoka yarahenze Eva mukumubwira ko yashobora guhinduka akamera "nk'Imana", kandi afatiye kuri ivyo, Eva yaciye akora ico ya nzoka yashaka. Ibi vyatumye Adamu na Eva bacumura bakirukanwa muri rya tongo. Aka gace kotwigisha iki ku bijanye n'impengamiro yo kurondera kuba hejuru?

Umagore yishura iyo nzoka ati: "Ivyama ku biti vyo muri iri tongo turemerewe kubirya; ariko ivyama ku gitit kiri hagati mw'itongo, nivyo Imana yatubujije, ngo ntitudiryeko, kugira ngo ntidupfe."

Iyo nzoka yishura uwo mugore iti: "Haba namba ntimuzopfa. Kuko Imana izi yuko umusi mwabiriyeko, amaso yanyu azokwihweza, mukamera nk'Imana kuvyo kumenya iciza n'ikibi." (Itanguriro 3:2-5)

Ukwifuza canke ukurondera kuba hejuru (y'abandi), ni umutego ku kiremwa muntu: abantu barondera kuba hejuru y'abandi barashobora gutera ingorane nyinshi n'imibabaro ikomeye muri iyi si.

Rimwe na rimwe, haravyuka ikibazo hagati y'abagendanyi ba Yesu, bashaka kumenya uwari, canke uwuzoba uwa mbere muri bo: Yakobo na Yohana bashaka kumenya uwuzoronka ikibanza c'iteka (c'imbere) mu Bwami bwa Yesu. Nka Yakobo na Yohana, abantu mw'isi yose barondera ibibanza vyiza kurusha ibindi, canke ibirimwo icubahiro n'iteka kurusha ibindi. None Yesu abivugako iki?

Yakobo na Yohana bene Zebedayo, begera Yesu baramubwira bat: "Mwigisha, turagomba ko uduha ico tugusaba cose."

Arababaza ati: "Mugomba ko ndabaha iki?" Baramwishura bat: "Uduhe tuzokwicare umwe i buryo bwawe, uwundi i bubamfu mu bwiza bwawe," ...

Bamwe icumi bavyumvise batangura kwitonganiriza ivya Yakobo na Yohana. Yesu arabahamagara, arababwira ati: "Murazi yuko abavurwa ko baganza amahanga bayatwaza amanyama¹⁵, kandi n'abakuru bayo bayagirako ububasha. Ariko muri mwebwe si ko biri. Yamara uwugomba kuba mukuru muri mwebwe, azobe umukozi wanyu. Kandi uwugomba kuba uwo imbere, azobe umushumba wa mwese. Kuko nanone Umwana w'umuntu, ntiyazanywe no gukorerwa, atari ugukorera abandi, no gutanga ubugingo bwiwe kw'incungu ya benshi." (Mariko 10:35-45)

Kugira ngo yishure ico cipfuzo, Yesu asiguye ko niba koko abigishwa biwe bashaka kumugendanira. Bategerezwa kwiga gukorera abandi.

Ukugeramirwa n'ukwiyumva ko uri hejuru kuranibonekeza muri wa mugani w'Umwana w'icangazi (Luka 15:11-32). Wa muhungu "mwiza" yiayumvisemwo ko yari hejuru, ko atashobora kwifadikanya n'abandi mu musi mukuru se wiwe yagiriye wa mwana wundi yari yarazimiye , igihe yagaruka. Kubera iyo ngendo, wa muhungu yaravugurujwe na se wiwe. Mu maso y'Imana, inzira ituma

¹⁵ Yesu avuze amahanga, ashaka kuvuga ibihugu vyose: gushaka kwumva yuko uri uhambaye, usanga biri muri kamere y'umuntu.

dushobora gushika ku co turondera, ni ukurondera gukorera abandi, si ukubasuzugura canke kubaja hejuru ukabaganza.

Muri aka gace keza ko muri Filipi 2, ni igiki gishikana ku kubohorwa ku mukandamizo wo kubona isi wisunga yuko haba abantu bamwe bategerezwa kuba hejuru y'abandi?

Nuko namba hari ukuremeshwa muri Kristo, namba hari uguhozwa kuva mu rukundo, namba hari ugusangira Mpwemu, namba hari imbabazi n'ikigongwe, mwuzuze umunezero wanje muhuje umutima, musangije urukundo rumwe, muhuje umutima n'Imana. Ntimugire ico mukora kubwo gukebana canke ukwifata uko mutari, ariko mwicishije bugufi, umuntu wese yiayumvire yuko uwundi amuruta, kandi umuntu wese ntiiyayumvire ivyiwe gusa, ariko yiayumvire n'ivyo abandi.

Mugire wa mutima muri mwebwe wari muri Kristo Yesu: Uwo naho yari asanganywe ishusho y'Imana, ntiiyayumviriye yuko kuringanira n'Imana ari ikintu co kwumirako; ariko yisiga ubusa, yakira ishusho y'umushumba, acika uwusa n'abantu.

Kandi abonetse afise ishusho nk'iyo umuntu, yicisha bugufi, aragamburuka no gushitsa ku rupfu—kandi urupfu rwo ku musaraba!

Nico catumye Imana imushira hejuru cane, ikamuha rya zina rirengeye ayandi mazina yose, kugira ngo amavi yose azopfukame mw'izina rya Yesu. Ay'ivyo mw'ijuru, ay'ivyo kw'isi, n'ayo ivyo i kuzimu, kandi indimi zose zize zature yuko Yesu Kristo ari Uhoro, ngo biheshe Imana Data wa twese icubahiro. (Filipi 2:1-11)

Ikidushikana ku kubohorwa ku vyiyayumviro birangwa n'agakandamizo vyo kwumva ko hari abari hejuru y'abandi, ni akarorero ka Yesu Kristo.

Umutima wa Yesu ntaho uhuriye n'ivyo vyo kurondera kuja hejuru y'abandi. Ntiyahisemwo kuganza abandi, ah'ubwo yahisemwo kubakorera. Ntiyishe, ah'ubwo yatangiye ubugingo bwiwe abandi. Mu buryo bwose bushoboka, Yesu yarerekanye ico ari co kwicisha bugufi: "yigize ubusa" (Filipi 2:7), no gushika ku rupfu rwo ku musaraba, urupfu rwari rugayitse kurusha ubundi buryo bwose bwo kwicwa bwakurikizwa mu gihe ciwe.

Umugendanyi w'ukuri wa Kristo, agira nkuko nyene. Ntanezerwa n'intete n'ukwiyumva ko ari hejuru y'abandi. Abagendanyi b'ukuri ba Kristo ntibatinya gutterwa isoni, canke ico abandi biyumvira, kuko bama bizeye yuko Imana ariyo ibavugira ikabakingira.

Iki gisabisho co gusaba kuvavanura n'agatima ko kwishira hejuru y'abandi ataho bifatiye gitegerezwa gusomwa n'abitavye inyigisho bose, bahagaze hamwe.

Icemezo n'igisabisho vyo gusaba kuvavanura n'ukwishira hejuru

Ndagukengurukiye Data, ko naremwe mu buryo bw'agatangaza, kuko ari Wewe wandemye. Ndakengurutse urukundo umfitiye, n'iteka untera ryo kunyita uwawe bwite. Ndagukengurukiye kw'iteka untera ryo kuba umugendanyi wa Yesu Kristo.

Ndasavye imbabazi ku kubona naremeye ukwifuzza kwumva ndi hejuru y'abandi. Ndahakanye nivuye inyuma ivyo vyifuzzo, kandi ndavavanuye na vyo. Ndanse ukunezerererwa ukwumva ndengeye abandi. Ndemeje yuko ndi umunyavyaha, nk'abandi bantu bose, kandi ntakintu na kimwe nshobora gushikako tutari kumwe nawe.

Ndigaye kandi ku caha co kwumva ko ndi uwo mu murwi uri hejuru y'iyindi, canke mw'ihanga riri hejuru y'ayandi mahanga. Ndemeje icese yukoabantu bose bangana mu maso yawe.,

Ndigaye kandi kuba naravuze amajambo arimwo agasuzuguro ku bandi no kuba narakumiriye abandi, nkaba nituye ku mbabazi zawe kuri ayo majambo.

Ndahakanye ukwiyumvira ko abantu agaciro kabo kari hasi kubera ubwoko bwabo, igitsina cabu, amatungo yabo, canke amashule bize.

Ndemejeko kubona nshobora guhagarara imbere yawe ndabikesha ubwiza bw'Imana. Ndavavanuye n'ugucirwa urubanza n'abantu, nkaba mpanze amaso urukiza rwawe rwo rusa.

Kumwihariko, ndahakanye inyigisho y'idini rya isilamu ivuga ko abayoboke baryo bari hejuru y'abandi bantu, ko isilamu ishikana abantu ku migisha no ku ntsinzi, nuko aba isilamu bari hejuru y'abatari abayisilmäu.

Ndahakanye ivyemezwa ko abagabo bari hejuru y'abagore, kandi ndavavanuye navyo.

Data wo mw'ijuru, ndakwituye nsaba imbabazi kuri aho hose niyumvisemwo ukuba hejuru y'abandi, kandi ahubwo mpisemwo kugukorera.

Mwami, mpisemwo kandi kunezerererwa imigisha n'intsinzi vy'abandi. Ndahakanye ukwipfuza ivy'abandi no kubagirira ishari, kandi ndavavanuye navyo.

Mwami, ndagutakambye umpezagize ukwimenya no kwiyumva ukwo ndi mu buryo bubereye muri Wewe, buzira indenzarugero. Nyiza ukuri ku buryo Wewe nyene ubwawe umbona. Mfasha kunezerererwa kubona ndi uko washatse ko mba mu kundema.

Amina.

Umwidegemvyo ku bijanye no kuvuma

Muri tuno duce, twihweza ibihora bikorwa mw'idini rya isilamu vyo kuvuma abandi, duhitemwo guheba n'ivyo bikorwa vyo kuvuma, twongere dusambure imivumo yose twagiriwe idufata.

Ukuvuma mw'idini rya isilamu

Bakoresheje inzandiko zo mu cirwa ca 2, abizera barashobora gutegura uburyo bwo kwisunga mugusenga bushobora gufasha abantu kubohorwa ku bwoko bwinshi bunyuranye bw'ingoyi, ari izituruka kw'idini rya isilamu canke ari n'izamuka ahandi. Hariho uturorero tw'ivyo bisabisho mu gace karimwo "Urwandiko rwo kwisunga ku mboneza" (Guide pour les leaders).

Muri kano gace k'icirwa, turihweza imigirwa (imitongero) y'iki isilamu ijanye n'uburyo bumwe bwo kuvuma, hanyuma duce dutanga igisabisho co kubwihakana no kuvavanura na bwo. Iki gisabisho categuwe kuko hari umukristo yahora ari u, yambwiye ko uyo mutongero wabaye kimwe mu bintu bikomeye bijanye n'idini

yacyiemwo, kandi akaba yarumvise ko wari umwe muyifise ububasha ku buzima bw'impwemu (bw'umutima).

Korowani isaba ishimitse yuko abizera yuko Kristo ari Imana bovumwa: “Dusabe twicishije bugufi kugira ngo imivumo ya Allah icuncubukire ku babeshi” (K3:61). Ariko rero ama *hadisi* avuga ibintu bivuguruzanya kubijanye no kuvuma. Ku ruhande rumwe, ama *hadisi* menshi avuga ko Muhamadi yavumye imirwi inyuranye y'abantu, harimwo abayuda canke abakristo, hamwe n'abagabo n'abagore bigana igitsina kitari iciwabo. Ku rundi ruhande, hariho *amahadisi* aburira abantu ku ngaruka mbi z'imivumo, zikavuga ko ata ykwigera avuma uwundi nkawe.

Kubera izo ntumbero zibiri zivuguruzanya, abahinga b'aba isilamu (incabwenge) usanga bafise iviyiumviro bidasa kuvyerekeye ivyo gufata ko birekuwe ko u avuma uwundi , abo bashobora kuvuma, n'uburyo bwo kubigira burekuwe n'idini rya isilamu. Ariko rero, ukuvuma abantu batari aba isilamu biba kenshi mu turere twose twiganjemwo imico n'imigenzo ishingiye kw'idini rya isilamu. Mu mwaka wa 1836, Edouard Lane yanditse ko abana b'abanyeshule bo mu gihugu ca Egiputa muvyo bigishwa harimwo imivumo yo kuvuga (gutongera) ku bakristo, abayuda, n'abandi batari abayoboke ba isilamu.¹⁶

Ukuvuma guciye mu mitongero (mu migirwa)

Twarayaze n'abahora ari aba isilamu baturuka mu bihugu binyuranye, bakaba bambwiye yuko kari karabaye akamenyero kurorera aho abantu bavumwa ikivunga mu musigit.

Umenzi umwe yaratonde uko ivyo bintu vyagenda mu mahuriro nkayo yo kuvuma, yaba arongowe n'umukuru (Imam) w'umusigit, akaba ari we mutegetsi ashinzwe kurongora amasengesho yama aba ku musi wa gatanu. Abagabo, barabashira ku mirongo, begeranye “ibitugu bikoranako”. Baca bagenda barakurikira imam, kandi bavugira rimwe bose: baravuma abo babona nk'abansi b'idini rya isilamu. Imivumo yakurikiza imigirwa (ugutongera), kandi igasubirwamwo kenshi. Uyu mugenzi yambwiye ko bene kuvuma wabona ko biyumvamwo ibishobisho bikomeye cane, vyo ku rugero

¹⁶ Edward W. Lane, *An Account of the Manners and Customs of the Modern Egyptians (Imico n'imigenzo y'abanye Egiputa ba none)*, p. 276.

rwo hejuuru, vy'urwanko n'ugukaburwa n'inkomezi zijanye n'ubuzima bw'impwemu (kwiyumvamwo ububasha bw'impwemu busa n'ubucuncubuka buva mu mibiri yabo). Nkuko yabibonye, uyu mugirwa warahererekawa, se akawandukiza umuhungu wiwe, maze ugaca ubafata bose hamwe. Yaca yumva umufatanya na se wiwe, hanyuma aciye kuri we ukongera ukamufatanya na sekuru, n'abandi yamukako babayeho imbere yabo: nabo bari baragize uyo mutongero wo guhagarara begeranye, "ibitugu bikoranako" kugira ngo bavume abandi kw'izina ry'idini rya isilamu.

Uwundi mugenzi akomoka muri Arabiya Sawudite , ubu asigaye ari umukristo, yama arindiranye igishika umusi umwe wo u mapfungo ya Ramadani (Ukwezi kwo kwisonzesha), igihe ibihumbi n'ibihumbi vy'abantu b'abagabo bahrira ku Musigitu Mukuru w'i Maka kugira ngo basengere hamwe. Siwe yabona harashitse igihe abantu batari aba isilamu bategerezwa kuvumwa n'iryo sinzi ry'aba isilamu. N'umwete ntangere, na we nyene yariyumvamwo ububasha bwo mu mpwemu igihe yifadikanya n'abandi mu gutanga iyo mivumo. Umukuru w'umusigitu (Imam) yaraheba akarira igihe yaba ariko arahamagarira imivumo kubatari abayoboke (ku bahakanyi ba Allah), hanyuma abari ngaho bagaca bahriza inguvu zabo n'urwanko rwabo muri ako kanya, bashimangira amajambo y'imivumo (imitongero) ya Imam.

Ibantu nkivyo biteye kubiri n'inigisho za Yesu zivuga ko kizira kuvuma abandi (Luka 6:28): abakristo bigishwa kutavuma abandi bantu, bagasabwa ahubwo guhezagira ababavuma. Umugirwa nkuyo w'imitongero ushiraho ubwifatanye bwo mu mpwemu (bw'imitima) buteye kubiri n'Imana hagati y'abo bayoboke bari mu gisabisho n'ubo mu imam, ariko rero no hagati y'umuvyeyi (se) n'umuhungu wiwe igihe babigiriye hamwe. Ivyo uwo mugenzi wanje yaciymwo vyo kuvuma vyaramugizeko ingaruka mbi zikomeye akiri muto, atarashobora kumenya Yesu.

Amajambo “”ubwifatanye bw'imitima” asigura iki? Asigura ko umutima w'umuntu uhura n'uwwundi: umwe wose usigara ugengwa n'uwwundi, ntuba ucidegemvy. Ubufatane bw'imitima, ni nk'umwango wuguruye , canke ca “cibare”, naho tutabicishijemwo mu cirwa ca 2. Uko biteye, ubufatane bw'imitima, ni isezerano rihuriza hamwe abantu babiri, hamwe ukubwiririkanya mu mpwemu gushobora kuva kuri umwe kugatembera mu wundi. Ubufatane bw'imitima bumwe bumwe burashobora kuba bwiza, kandi bukaba isoko ry'imihezagiro, nk'ubufatane bw'imitima ndoramana hagati

y'umuvyeyi n'umwana, ariko ubundi bushobora kuba inyanduruko y'ikibi.

Iyo umuntu afise ubufatane buteye kubiri n'Imana, harakenerwa cane ukugira imbabazi, kugira ngo umucisho wari ufashe ubwo bufatane ucike. Igihe umuntu yicaye atagiriye imbabazi uwundi, uwo mucisho uteye kubiri n'Imana ugumaho—aribwo bufatane bw'imitima—hagati yabo.

Ubufatane bw'imitima bushobora kuba buteye kubiri n'Imana. Iciza co kumenya, abakristo barashobora guhimbura canke gusambura ubufatane bw'imitima, bakabukuraho bisunze intambwe zitanu dusanga mu cirwa ca 2: gutura (kwirega) ivyaha, guhakana canke guheba ikintu, gusambura, kwirukana (bikenewe), hanyuma kukaba uguhereza ku guhezagira.

Uburyo bwo gusambura umuvumo

Nariko ndigisha mw'ikoraniro, hanyuma nja mbona umusore umwe aje angana, ansaba ko nomufasha. Be n'umuryango wiwe bari barimukiye mu gihugu kimwe co mu Buseruko bwo hagati (Moyen Orient), aho yariko arahabwa inyigisho zamutegurira kuba umukozi w'Imana (umumisyonari). Ariko rero, umuryango wari uhanzwe n'ingorane nyinshi, harimwo impanuka n'ingwara. Bari mu ngorane z'amananiza, gushika aho bariko biyumvira guheba ivyari vyabajanye ngo bisubirire imuhira. Wa musore yarabajije yuko inzu babamwo y'igice c'igorofa yashobora kuba yaravumwe, ariko ntiyabona ico yoshobora gukora. Ndamubwira uburyo bwo gusambura umuvumo. Iyo mpanuro ayifata nka nkama arayitahana, hanyuma yishinga gusengera muri ya nzu, asambura imivumo yose. Hanyuma y'ivyo, ingorane umuryango wari ufise zirazimangana, basanga bashobora kwigumira muri ya nzu mu mahoro yuzuye.

Benshi mu bakora ubutumwa mu ba isilamu, harimwo mbere n'abizera Imana bahora ari aba isilamu, basanze bakiboshwe n'imivumo y'aba isilamu. Yashobora kuba ari imivumo yatongerewe mw'izina rya Allah, canke ikoresha ibintazi vy'amangetengete.

Niba wiyumvira yuko umuntu ukunda ashobora kuba yaratongerejweko umuvumo, ngizi intambwe icenda zo kwisunga kugira ngo wirukane uyo muvumo umuveko:

- Ubwa mbere, tura (irege) ibigabitanyo vyose ubigaye (usabe imbabazi), wemeze ko ubugingo bwawe butwikiriwe n'amaraso ya Yesu.

Guhura n'ukuri

Aka karongo kavuga iki ku buryo tubohorwa tukaba abidegemvyo ku mivumo?

Muri we niho duherwa gucungurwa n'amaraso yiwe, niko
guharirwa ibicumuro vyacu, nkuko itunga ry'ubuntu bwayo riri
... (Efeso 1:7)

Tubohorwa imivumo kuko twacunguwe n'amaraso ya Kristo.

Ni ubuhe bukuru umukristo afise ku bubasha bw'ikibi (bwa Sekibi)?

“Ehe ndabahaye ububasha bwo gukandagira inzoka
nasikorupiyo (utumina) nubwo kunesha ubushoboz
bw'umwansi bwose, kandi ntakintu kizogira ico kibagira na
gatoya.” (Luka 10:19)

*Dutegerezwa kwemera ko Kristo ashobora kugira ubukuru ku bubasha
bwose bw'umwansi, harimwo mbere no ku mivumo yose.*

Turavye ivyanditse mu karongo gakurikira, ni kuki Yesu yaje mw'isi?

Icatumye umwana w'Imana ahishurwa ngiki: ni ukugira ngo
asangangure ibikorwa vyva Satani. (1 Yohana 3:8)

*Yesu yaje gusambura (“gusangangura}) ububasha bwa Satani,
harimwo n'imivumo y'ikibi.*

Ni mubuhe buryo ukubambwa kwa Yesu kurangura itegeko ryo mu
Gitabu co Gusubira mu vyagezwe (amategeko) 21:23?

Kristo yaducunguye umuvumo w'ivyagezwe, yacitse ikivume

Aka karongo kavuga iki ku bijanye n'umuvumo w'ubusa (umuvumo
umuntu atongerwako ataco yacumuye)?

Nkuko akanyoni kayerera, n'intamba iguruka , niko
n'umuvumo w'ubusa atawe wokora. (Imigani 26:2)

Aka karongo katwibutsa ko dukingirwa kandi tubohorwa (turonka umwidegemvyo) ku mivumo iyo twemeje icese ugukingirwa n'amaraso n'umwidegemvyo uva ku musaraba, hanyuma tukaca tubiroresha ku vyo tubayemwo (imivumo iri kuri twebwe).

Akarongo gakurikira kavuga iki ku bubasha bw'amaraso ku mivumo?

Ariko mwegereye umusozi Siyon ... mwegereye na ... Yesu, umuhuza w'Isezerano rishasha, mwegereye n'amaraso amijagirwa, avuga ivyiza kurusha aya Abeli. (Heburayo 12:24)

Amaraso ya Yesu avuga amajambo meza kurusha umuvumo wa Kayini, uva ku maraso yasesetse ya mwene wabo Abeli. Amaraso nayo rero avuga ivyiza kurusha imivumo twagiriwe.

Ni irihe bwirizwa ryiza n'akarorero keza vyahawe abakristo muri Luka 6, no mu makete ya Paulo?

Ndababwire: "Nimukunde abansi banyu, mugire neza ababanka, muhezagire ababavuma, musabire ababagirira nabi." (Luka 6:27-28)

Ababahama mubahezagire; mubahezagire, ntimubavume. (Roma12:14)

Dukoresha amaboko yacu tukaruha. Iyo badutuka turabahezagira; iyo baduhama turihangana ... (1 Korinto 4:12)

Abakristo bahamagarirwa kuba abantu batanga imihezagiro, ku bagenzi babo no ku bansi babo.

Akarorero ntanganyigisho: Wokora iki?

Uri umukozi w'Imana (umupasitor) w'inzobere amaze kurongora neza no gukomeza amashengero menshi, kandi uzwi hose nk'umuntu ugira inama kirumara abandi bapasitor. Wagiye kuramutsa umuntu w'incuti yawe mu kindi gisagara, kandi hari uwagusavye kurondera no kuvugana n'umugenzi wiwe wo ku mutima yitwa Reza, umuyobozi w'ishengero, yamuka mu gihugu ca Irani. Reza, arongoye ishengero ry'abantu bashika nk'ijana b'abanya Irani bahindutse bava mw'idini rya isilamu, ariko bakubwiye yuko ishengero ryiwe rifise ingorane: hariyo amatati menshi, kandi abayoboke benshi bakomeye baheruka gusokora barava mw'ishengero, bamwagirije ngo atwaza umukazo; amaturo yaragabanutse, none ishengero ntirikironka n'ayo guhemba pasitori. Wagiye kuraba Pasitori Reza, uramushikiriza indamutso y'uwamukurangiy, hanyuma mumaze akanya muyaga musangira n'agakawa, uramubaza ingene vyifashe mw'ishengero ryiwe. Yishura ngo: "Neza cane rwose! Vyose bigenda neza cane, ni ntamakemwa, Imana ishimwe cane".

Wokwishura iki?

Iki cirwa kiratanga iviyumviro kuvyokorwa ku mvo zo gushigikira inzira nyayo y'ubutumwa no gukomeza icuka kibereye ishengero riremye ku bayoboke bahindutse bava mw'idini rya isilamu: abantu bahisemwo guheba idini rya isilamu kugira ngo bakurikire Kristo. Ni vyiza ku mugendanyi wese kurondera kwitegurira no gushobora koko gukorera ivyo Imana irondera (intumbero zayo) (2 Timoteyo 2:20-21); ariko ivyo kugira ngo bishoboke, bose bakeneye ishengero rikorera mu cuka kibereye gishobora kubafasha gutera imbere mu buyobokamana. Imbere yuko twihweza uburyo bwo gushika kuri ivyo, tubanza kuraba intambamyi zitatuzihanga abahindutse bava mw'idini rya isilamu: guhuna bagasubira mw'idini rya isilamu, ubutumwa ataco buvamwo, n'amashengero ataremye (ajogajoga).

Guhuna bagasubira mw'idini bahoramwo

Abantu bamwe bamwe bava mw'idini rya isilamu bagakurikira Yesu Kristo baruhira gusubira muri isilamu. Ibi bituruka ku mvo nyinshi. Imwe yo, ni umubabaro umuntu yiyumvamwo wo gutakaza abo mwari musanganywe mumenyeranye, igihe umuryango n'abagenzi bo mw'idini yahoramwo rya isilamu bakumiriye uyo nyene guhinduka umukristo bakamuha akato. Iyindi mvo, ni intambamyi nyinshi n'ibigogero usanga idini rya isilamu ryateze abo bose boshaka kurivamwo. Iyindi mvo, ni uguhamwa bimwe vyenuje.

Hari mbere n'iyindi mvo ishobora guturuka ku guteshwa agatima n'inyifato nyene guhinduka asanganye abakristo n'ishengero. Igihe abantu bariko bagerageza kuva muri isilamu, begereye abakristo babazeyeko ukubarongora no kubafasha, barashobora kwumva ko hariho akantu ko gukumirwa n'inxitizi batari biteze mukwakirwa n'ihanga ry'abakristo; hariho mbere na benshi bahevye bagasubira iyo bahora kubera amashengero. Ibi biva ku bwoba, buturuka kw'itegeko rya isilamu risaba ko ata mu *dhimmi* yogira uwo afasha kuva mw'idini rya isilamu. Gufasha umuntu kuva muri isilamu bituma ihanga ry'abakristo rigeramirwa, kuko bifuta "ugukingirwa" kugirirwa abatari aba isilamu.

Kugira ngo ishobore guhindura ubu buryo abakristo usanga bakumiriye abahindutse bushobore guhinduka, ni ngombwa ko ishengero ritegera kandi rigahakana isezerano rya *dhimma* n'umutwaro iryo sezerano rishira ku bantu. Mu gihe amashengero n'abakristo bazoguma bazirtswe mu bw'impwemu n'impengamiro za *dhimma*, bazoguma bumva ku mutima ikibafata gikomeye kibabuza gufasha abava mw'idini rya isilamu. Kugira ngo haboneke umuti w'iyo ngorane, ni ngombwa ko ishengero rirwanya, rigahakana indinganizo ya *dhimma*, kandi rikavavanura nayo.

Iyindi mvo ituma abantu bahuna bagasubira ibuti, ni uko ivyo bamenyereye muri isilamu bibandanya gukwegakwega no kwosha imitima yabo, bikaremaza uburyo biyumvira n'imigenderanire bagiranira n'abandi. Ibi bishobora gutuma kuri bo vyoroha gusubira mw'idini rya isilamu kurusha ukubandanya bakaguma ari abakristo. Ni nka kurya bigenda umuntu aguze ibirato bishasha: rimwe na rimwe, ibirato vya kera (wahorana) bisa n'ibigukwiye neza wambara bitakugoye kandi ukumva bituma umererwa neza mu birenge kurusha iyo wambaye ivyo bishasha.

Ubutumwa ataco bushikako

Ingorane ya kabiri, ishobora guturuka ku butumwa ataco bushikako. Abantu bahora mu kiyisilamu bakimenyereye bashobora kwiyumvamwo intambamyi n'ugufunikwa bikomeye mubijanye n'ibishobisho, bigaca bituma badatera imbere ngo bisununure bakure mu bijanye n'ubuzima bw'umutima (bw'impwemu). Ingorane zikunda kwibonekeza, ni nk'ubwoba, kwiyumvamwo yuko utagira umutekano, no gukunda amahera, kwumva ko bakumiriwe, kwumva ko bahahazwa, ukubakirwa ugashavuzwa n'ibantu bidahambaye namba, ukudashobora kwizigira abandi, ububabare bwo mu bishobisho (bwo ku mutima), icaha c'ubusambanyi, ubujambo bw'insaku, n'ububeshi. Ivyo vyose bishobora kuba abantu gutera imbere ngo ukwizera kwabo gukomere gushinge imizi.

Ariko rero ico izo ngorane zose zubakiyeko kizituma, ni uburyo idini rya isilamu rimera nkuko ari ryo ritanga urugero n'uburenganzira muri vyose. Nk'akarorero, mw'idini rya isilamu, hariho ugushira imbere iciyumviro cuko iryu dini ari ryo riri hejuru y'ayandi madini yose, kandi aba isilamu biyumvira yuko bari hejuru y'abatari aba isilamu. Ahantu harangwa ako gatima ko kwiyumvira yuko abaho bari hejuru y'abandi, abantu barahimbarwa no kwumva ari beza kurusha abandi. Mw'ishengero, ibi bishobora gutuma haba ukurushanywa. Akarorero, hari umuntu umwe agenyewe kuba umuyobozi, abandi bumva babakiwe, bakagira ishari kuko atari bo bagenyewe. Ugukenera kwumva ko uri hejuru, biranatsa n'agacanwa k'utujambojambo n'insaku, navyo bigatanga inzira ku gucuvya abandi, babasubiza hasi. Abantu bashobora kuvuga ubujambojambo bw'insaku kuko bashobora kwiyumvira ko ari beza canke bashoboye kurusha abariko baravurwa. Iyindi ngorane ishobora kuba agatima ko gushavura ata mvo ifadika iriho, gashobora kwunyurwa n'uburyo Muhamadi yatoreye inyishu ugukumirwa.

Hari umusore aturuka mu gihugu ca Iraki yahindutse akaba umukristo, hanyuma akaronka ubuhungiro muri Kanada. Yaragerageje kuja mu mashengero, ariko rero igihe cose yaja gusenga mw'ishengero rishasha rimwe, yasanga hatabuze akantu kamushavuza, agasanga ariko aranebagura abandi bakristo baje mu masengesho, avuga ko ari abiyorobetsi. Uyu muntu yahavuye asigaye abaho yikumiriye rwose, yibana ari nyamwigendako atagira uwo bavugana; yagumye ari umukristo, ariko ata hanga ry'abakristo na

rimwe yegukira. Ibi bisigura ko ugutera imbere mu butumwa kwayongobeye kugahava guhagarara: ntiyashoboye gutera imbere mu butumwa ngo ashikire urugero rushemeye rw'ukwizera no kuja mu butumwa.

Amashengero ataremye (ajogajoga, atari mazima)

Imwe mu ngorane nkuru nkuru zihanga abayoboke bashasha, ni ughoshobora kuronka ishengero rizima. Ishengero, si ingoro y'abera, ahubwo ni ibitaro vy'abanyavyaha—canke nico yotegerejwe kuba. Abanyavyaha, ni ab'ishengero, ariko nkakurya abarwayi bashobora kurwarira mu bitaro (kuvyanduriramwo), igihe abayoboke b'ishengero batariko baratera baja imbere mu gukomeza ubukristo, ivyaha n'ingorane vyabo bishobora kwunyuka bigakura kurusha, maze bikononera ihanga ryose. Ivyo bishobora gutatura amashengero akarangwa n'ukutumvikana, biagca bituma atarangura ubutumwa mu buryo bubereye, ahubwo bikananka rwose bigahagarara. Nka kurya abakristo bagoyagoya usanga batuma ishengero ryabo rigoyagoya, maze amashengero agoyagoya nayo agatuma bigorana kubayagize gutera imbere ngo bashikire urugero ruzima rubereye rw'ubutumwa.

Igihe abayoboke bariko bavuga utujambojambo tw'insabu ku mupasitoru wabo, impera n'imperuka bazosanga bafise umupasitoru yononekaye, canke basange ata n'uwo basigaranye. Bose bazobabara. Ibi navyo bizozana amacakubiri mu bayoboke b'ishengero, kandi uzosanga ari bake bemera kuba abarongozi mw'ishengero nkiryo. Akandi karorero, igihe abayoboke b'ishengero bafise imforo yo kwiyumvira gufatiye ku kurusharushanya, birangwa no kurondera kuja hejuru y'abandi, bshobora gutuma amashengero yo mu gisagara kimwe ariko aranegurana akuranako agashambara, aho kwuzuzanya, rimwe ryose rivuga ko ari ryo ryiza kurusha ayandi mashengero. Aho ayo mashengero yorangwa n'umuhezagiro ntangere wo gukorera hamwe, rimwe ryose ribona irindi (ayandi) nk'intambamyi irigeramiye, aho yoyabonye nk'abavukanyi mu Butumwa Bwiza basenyera ku mugozzi umwe.

Ingene ari nkenerwa kuguma dufise umwidegemvyo

Twibuke ibiri mu cirwa ca 2, yuko Satani ari umwagiriji, kandi yuko umukenyuro wiwe mukuru ari ukwagiriza abayoboke ba Kristo. Mukubagiriza, akoresha “uburenganzira bwose butangwa n’ivyagezwe (n’amategeko” afise ashobora gukoresha mu kubarega no kubagiriza, nk’ivyaha bitatuwe ntibisabirwe imbabazi, ukutagirira imbabazi abandi, amajambo adufata (nk’indahiro, indagano n’amasezerano), ibikomere vyo ku mutima, n’imivumo ihererekana hagati y’imvaro (ituruka ku bo dukomokako). Kugira ngo baronke umwidegemvyo, abagendanyi ba Kristo ni ngombwa ko bafuta ubwo “burenganzira bukomoka ku mategeko (ku vyagezwe)”, bakikuramwo vya vyibare vy’uburuhukiro bwa Satani, kandi bakugara imyango irangaye.

Muri Matayo 12:43-45, Yesu araca umugani uvuga uburyo n’igihe impwemu ihumanye yirukanywe mu muntu, ishobora kugaruka igasubira muri uyo muntu, izanye izindi mpwemu indwi ziyirusha ububi, maze ivya nyuma vyuyo muntu bikarushirizaho kuba bibi kurusha ca gihe idayimoni yirukanwa ubwa mbere. Imvugo y’ingereranyo Yesu akoresha muri uyu mugani, ni inzu ikubuye, igaragara, iteguritse, ibereye gusubira kugererwamwo. Mbega izo mpwemu zisubira kugerera iyo nzu gute? Ubwa mbere ho, hategerezwa kuba hari umwango wagumye wuguruye, ica kabiri naco inzu “iragaragara” (Matayo 12:44).

Ni uko rero, hariho ingorane zibiri:

1. Hari umwango batugaye.
2. Inzu bayiretse igaragara.

Kugira ngo dushobore kwubaka ishengero rizima, dukeneye abakristo bazima. Kandi kugira ngo abe muzima koko mu kwizera, umukristo akenera umwidegemvyo. Ibi bisigura ko ategerezwa kwugara imyango yose yuguruye Satani ashobora gucamwo, kandi umutima wiwe utegerezwa kuba wuzuye ivyiza vyo gusubirira ibibi vyirukanywe muri we.

Ni ngombwa ko imyango yose iba yugaye. Yose ata numwe uvuyemwo. Ikintu gihambaye ku bijanye n’umwidegemvyo w’umutima (w’Impwemu), ni uko bidakwiye kwugara umwango umwe gusa

wuguruye.. Ni ngombwa yuko yose yugarwa. Ntaco bimaze kugira ingufure ikomeye kurusha izindi zose zo kw'isi ukayishira ku mwango w'inyuma w'inzu (ukugara agasimbaryango) ukawuhindira neza, igihe umwango w'imbere wawuretse utaburuye. Duhakanye uburenganzira burekuwe n'amategeko bumwe Satani yahora yikorako mu kwagiriza umuntu, ariko ntidutorere inyishu ubundi busigaye, uwo muntu ntaba araba uwidegemvya.

Kubohoka ukaba uwidegemvya, ni ikintu kimwe. Kuguma widegemvya, naco ni ikindi kintu. Nkuko kwugara imyango, ari ukuba mu nzu (ukayigumamwo) ntuyisige igaragara. Ibi birimwo gusengera umuntu ngo yuzure Mpwemu Yera. Bisigura kandi gukomeza uburyo ndoramana bwo kubaho, hamwe usanga umutima w'umuntu wuzuye ivyiza biwusaga.

Dufate yuko ingoyi ziboshe umuntu zifatiye ku binyoma bemeye nivyo bavuze bo nyene. Birakenerwa guhakana no guheba ivyo binyoma akavavanura na vyo, kandi, vyongeye, uwo muntu ni ngombwa yuko yakira ukuri, akiyumvira neza ico ari co, kandi kukamuryohera akakwinovora. "Ikinyoma ni kimvireho ndagisezeye, mpaye ikaze ukuri!"

Dufate ibindi bidasa nivyo: umuntu yashegeshwe n'idayimoni y'urwanko, ryatumye akora ibikorwa bibi, harimwo n'imivumo yuzuye urwanko yavuze ku bandi bantu. Igihe iyи dayimoni y'urwanko yirukanywe, uyu muntu ntakenera gusa guhakana no guheba urwanko, ariko ni ngombwa yuko akomeza n'ingendo n'inyifato birangwa n'ugukunda no guhezagira abandi, kwubaka umutima wiwe aho kuwusambura. Akenera guhindura utumenyero twiwe n'uburyo bwiwe bwose bwo kwiyumvira. Ihanga ry'ishengero riragira uruhara ntasubirizwa mu gufasha umuntu kuguma mu mwidegemvyo. Abagize ishengero barashobora gufasha umuntu gusubira kugira umutima mushasha no kuwubaka, guhinduka umuntu mushasha.

Uru rugendo rwo guhinduka, Paulo yararwanditseko kenshi mu makete yiwe. Yama ariko arasengera kandi akorera abayoboke ba Kristo, abasabira kwubakwa no gukomera mu kuri no mu rukundo. Yama ariko aribuka abizera ico bari kera, kandi rimwe na rimwe arabibutsa, kugira ngo abatere intege zo kwama bariko baratera imbere mu bukristo:

Kuko natwe nyene kera twari ibipfu, turi intabarirwa, tuzimizwa, tujakariye ukwipifuza n'ukwinezereza vy'uburyo bwinshi, twama mu kugira nabi n'ishari, turi abo kwankwa natwe twankana. (Tito 3:3)

Ariko abagendanyi ba Kristo ntibategerezwa gusubira kubaho nkuko. Twarahinduwe, kandi tugenewe kubandanya guhindurwa kugira ngo duhinduke buhoro buhoro gushika aho dushusha na Yesu, wewe atagira icaha, atigeze arekera Satani uburenganzira na bumwe burekuwe n'amategeko. Ngibi ivyo Paulo yandikiye Ab'i Filipi:

... kandi ico nsengera, ni ukugira ngo urukundo rwanyu rurwire rongerekane mu bwenge no mu kumenya kwose. Murobanure ibidahwana, kugira ngo mugire imitima y'ukuri, kandi ntimubeko umugayo gushitsa ku musi wa Kristo, mwuzuye ivyamwa vyo kugororoka bihesha na Yesu Kristo— ngo muheshe Imana icubahiro n'ishimwe. (Filipi 1:9-11)

Ngiyo ishusho nziza y'umugendanyi muzima, yama agenda atera imbere mu rukundo, ubumenyi, no mu bwitonzi, artyoroye kandi atagira icaha, kandi yuzuye ivyamwa bihesha Imana icubahiro n'ishimwe! Uyo muntu ntiyabohowe gusa ngo aronke umwidegemvyo, ariko inzu y'umutima wiwe, aho kuguma "igaragara", iriko yuzuzwa ivyiza vya Yesu Kristo.

Uruhara rukuru rw'ishengero, n'iry'umupasitor ni urwo gufasha abayoboke kubaho nkuku gukurikira: kwugara imyango yose yuguruye Satani ntaronke aho aca, no gufasha abizera kwuzuzwa ivyiza vyose vya Kristo.

Kwigisha abagendanyi, ni umuhamagaro munini, kandi hari vyinshi vyo kwiga bijanye nuyo muhamagaro. Ngaha turaja kwhiweza uburyo bwo gushigikira ugutera imbere no gukomera mu kwizera abagendanyi babohowe bakaronka umwidegemvyo ku ngoyi z'idini rya isilamu.

Ugukira n'ukubohorwa

Twagarutse cane ku buryo ari ngombwa kwugara imyango yose no gukuraho ivybare vyose (ubwugamo bwose) vya Sekibi. Mu buzima bw'uwo ari we wese mu mu bagendanyi, bimwe muri ivyo

birashobora guterwa n'impengamiro ya isilamu, kandi ibisabisho vyatanzwe ngaha bishobora gukoreshwa mu kwugarana inzugi idini rya isilamu.

Ariko rero, abagendanyi ba Kristo barafise izindi ngoyi mu bugingo bwabo, zidashunguruka ziva kw'idini rya isilamu. Zishobora guturuka ku co arico cose mu bintu vyashikirijwe mu cirwa ca 2: ivyaha bitatuwe, ukutatanga imbabazi, ibikomere vyo ku mutima, amajambo n'ibikorwa vy'imigirwa y'imitongero, ibinyoma, n'imivumo ihererekanywa hagati y'imvyaro (ituruka ku bo twamukako). Mu bugingo bw'abahora ari aba isilamu, umuntu arashobora kubona inkurikizi mbi z'ibi bikurikira:

- Ukudaharira abandi
- Ba se b'abana barangwa n'uguohoterwa abana
- Uguusambuka kw'imiryango (ukwahukana, uguharika)
- Ukwiganzirwa n'ibiyayuramutwe
- Ukwemera ibintazi n'amagetengete
- Uguhahamuka bifatiye ku bitsina (guturuka ku guhohoterwa, uguusambanya ku nguvu, imibonano mpuzabitsina hagati y'abo kizira)
- Ugukoreshako inguvu no guhohoterwa
- Imivumo ituruka ku bo umuntu yamukako (ihererekanywa n'imvyaro uko ziza zirakurikirana)
- Ishavu (ukurakara)
- Ugukumirwa no kwikumira (kutiha agaciro)
- Abagore batizigira abagabo bagasigara babanka
- Abagabo basuzugura abagore.

Vyinshi muri ivyo birashobora guturuka ku nkurikizi z'idini rya isilamu ku mico n'imigenzo, no ku buzima bw'imiryango, ariko rero n'abantu barifitiye imitwaro yabo bagiye bararundarunda muri bo uko bagiye barabaho. Kugira ngo dushobore gutera imbere ngo dushikire urugero ruzima rw'ubukristo, ni ngombwa ko tubohorwa kuri ivyo bintu vyose, atari kw'idini rya isilamu gusa.

Umusore umwe, yari afise ingorane zo mu muryango zatuma arwara umushishito: mu ncuti ziwe, benshi ni abari bahitanywe n'ingwara ya kanseri y'umushishito. Abaganga bo muri Irani na Ositraliya, bari bamubwiye yuko yari afise ibimenyetso vyerekana ko ari mu nzira zo kurwara na we kanseri y'umushishito, bikaba vyari ngombwa ko yama afata imiti. Haraje igihe, yiyumvira yuko ivyo bintu bishobora kuba vyava ku muvumo wagiriwe umuryango wiwe. Yahavuye ahakana uyu muvumo waturuka kubo yamukako, aravavanura na wo, hanyuma asubira kwitura Imana. Yasanze yakize rwose, aca arahagarika na ya miti yahora yamako. Ikindi kintu gikomeye, ni uko muri ico gihe nyene, hamwe nukwo gukira ivyo mu nda, yasanze yakize n'iyindi ngorane yari asanganywe yo kuza arumva umutima uri mu mutwe, abuze amahoro muri we, ata mvo ziboneka zibimutuma. Yaciye yumva asigaye ari umuntu yama atekanye kurusha, kandi yizigiye Imana ku bijanye n'ubuzima yari abayemwo. Uku gukira no kubohorwa yabaye intambwe ikomeye cane mu kumutegura kurinda imitwaro yo gukorera abandi nk'umupasitoru (Umukozi w'Imana).

Kugira ngo hashobore kuboneka ishengero rizima, ubutumwa burafasha kwugara bwoko bwose bw'imyango yuguruye n'ivyibare vy'uburuhukiro bwa Sekibi butegerezwa kuba mu bikorwa bisanzwe vya misi yose vy'uwushinzwe ihanga ry'abizera Imana. Gumiza ku muzirikanyi yuko uriko uratekanya inzu, bidakwiye kwugara umwango umwe gusa, canke umwango w'amasezerano ya isilamu gusa: imyango yose yuguruye ni ukuyugara, co kimwe n'ahandi hose harangaye hashobora gushika mu nzu.

Gutanga inyigisho zizibira ibihengeri (kugira ngo ntikube "ukuvomera mu biva")

Iyumbire inzu ishaje, iri mugusenyuka. Irava, uri muri yo uravye hejuru n'ijuru uraribona ucishije mu rushwi. Amadirisha yahora agizwe n'ibyo, ariko vyose vyaramenaguritse, umuyaga uhinze ucumwo ukabasanga mu nzu. Imyango yaravunjutse, ntigifashe mu mapata, yarakorotse isigaye iri hasi. Mu nzu imbere, impome zararaze ziriyatira imigaga, zuzuyeko n'ibitoboro. Hasi ku musezero haraboze. Umushinge waratataguritse urasambuka. Ubu hasigaye habayo ba maribobo batari beneyo. Ntibotegerejwe kuba ngaho, kandi muvy'ukuri, ahubwo bariko barayiheraheza kuyisambura.

Ugusanura iyo nzu, hakenewe gukorwa ibantu vyinshi. Ica mbere, ni ugutekanya iyo nzu: gusanura urushwi no guha iyo nzu amadirisha mashasha n'imyango ikomeye, Yugara n'urupfunguruzo, gurtyo nta ba maribobo (abadayimoni) bazosubira kugaruka guca muri umwe muri ya myango yuguruye.

Inzu imaze gutekanywa gurtyo, ibindi bikorwa birashobora gutangura: gusanura umushinge, gusanura impome, no kuryohora inzu kigasubira kuba ikibanza co kubamwo kibereye.

Igihe abahora ari aba isilamu batumbereye Kristo, bashobora kuza bazanye “ingoroji” ku mutima, zituruka kw’idini rya isilamu n’imico y’iryo dini, zikeneye gusanurwa.

Umutima w’uwizera, umeze nk’indobo. Dutegereza kugumiza amazi ari meza, umusarara, aryoshe kunywa: ni amazi y’ubugingo, ava kuri Yesu Kristo. Uku niko ubuzima bwacu butegerezwa gusa.. Ariko rero igihe iyo ndobo ifise ibitoboro ku ruhande—nka kurya kw’ingeso mbi muri kamere kacu—muri ico gihe, iyo ndobo ntishobora kugumya amazi yose. Ayo ishobora kugumya, ni ayo gushika ku gitoboro ca mbere co ku ruhande. Kugira ngo iyo ndobo ishobore kugumya amazi menshi kurusha, dutegereza kuzibira ca gitoboro.

Mw’isi yose, uko kwononekara ku mutima kwama gukurikira inzira imwe aho hose idini rya isilamu ryashinze imizi. Nkuko Don Little yavyanditse, “Ingaruka za isilamu mu bibanza binyuranye zizana intambamyi zisa ku bizera bahora ari aba isilamu barondera kubaho muri Kristo”.¹⁷¹⁷

Ubundi buryo bwo kuvyyiumvira, ni ukuraba ibishika iyo umuntu agize impanuka ikomeye, hanyuma kugira ngo akire bigatwara umwanya mure mure. Mubisanzwe, imwe mu mitsi yiwe azosanga isigaye igoyagoya (itagikomeye) canke mbere yanyunyutse, kubera ukudakoreshwa. Kugira ngo ashobore gukira rwose, uyo muntu ashobora gufashwa n’imyimenyerezo ibigenewe yo gusubira gukomeza ya mitsi (physiothérapie). Iyo myimenyerezo ishobora gufata umwanya muremure, kandi akanasanga ibabaza, ariko rero irakenewe cane (ni ntasubirizwa) kugira ngo umubiri uzobashe

¹⁷ Don Little, *Effective Discipling in Muslim Communities (Uburyo kirumara bwo kurangura ubutumwa mu ba isilamu)*, p. 170.

gusubira gukora nkuko bisanzwe. Ushobora kugera kuri vyinshi gushika ku rugero imitsi yawe yazingamye kurusha iyindi igushoboje.

Insiguro y'ibi, ni uko urutonde rw'inyigisho kw'ishengero ry'abakristo bahora ari aba isilamu rutegereza kuba urutorera inyishu urutonde ku rundi kandi mu mwanya ukwiye izo ngorane bakuye mw'idini bahoramwo. Ibi tuyvita "gutanga inyigisho zizibira ibihengeri": kuvuga ukuri kwo mu vyanditse vyera mu bice vyahora vyiganziwe n'ibinyoma. Hari ibice vyinshi bikeneye gutorerwa inyishu.

Kimwe muvvo Muhamadi yashimikirako, kwari ukuvuga yuko usanga hari umuntu ari hejuru y'uwundi, nk'akarorero ko aba isilamu bari hejuru y'abatari aba isilamu. Yabona yuko biteye isoni kurutwa n'uwundi canke kuba musi y'uwundi muntu. Mu turere tw'aba isilamu, mu bisanzwe ni kimwe mu vyiyumviro bifatiye ku bishobisho bituma umuntu ashaka kuba mwiza kurusha abandi bantu. Umukristo umwe yavuze yuko mu mico n'imigenzo yo muri Irani, abantu barahimbarwa babonye uwundi muntu atemvye mw'ibarabara, canke bumwise ko umuntu yayobewe ikibazo. Banezerwa, kuko atari bo batemvye canke bayobewe, maze uwo vyashikiye bagaca bumva bamuruta.

Uburyo bwo kuraba agaciro k'umuntu burashobora gutera ingorane nyinshi mu mashengero. Nk'akarorero, mw'ishengero rimwe abantu baho urashobora gusanga bemeza yuko ishengero ryabo riri hejuru y'ayandi mashengero. Iyi nyifato iratera ishavu, gushika hamwe amashengero yo mu karere kamwe usanga asigaye yanka gukorana, gusenyerwa ku mugozzi umwe. Kubera iyo ngendo nyene, hagize umuntu agenwa mu kibanza c'uburongozi, ushobora gusanga uwundi muntu aca yumva ko yakumiriwe, maze agaca agira ishari, abaza ngo: "Ni kuki atari jewe bagenye (bahisemwo)? Biyumbira yuko ntari mwiza, ntobishobora?" Iyi ngorane ishobora kuba mbi ikunyuka gushika aho abantu banka kwemera amabanga y'ubuyobozi, kuko batinya kuzonegurwa no kuzovurwa nabo n'abandi bantu bo mw'ishengero.

Kubera iyo nyifato, kenshi usanga abantu batazi uburyo bwo gutanga iviyumviro vyubaka baciye bugufi vyofasha kuryohora no guteza imbere ubuzima bw'ishengero. Ahubwo, usanga bavuga nkuko umengo ni abahinga, bavugana ukwiyemera, bacosora abandi bantu n'invugo itabereye, isesereza.

Inyifato nkiyo, ituma haba ubujambojambo n'insaku, kuko usanga abantu banezerwa no gusambura abandi.

Kugira ngo iyi ngorane ikomeye cane itorerwe umuti, ni ngombwa rwose kwigisha ibijanye no gukomeza umutima wo gukorera abandi: abantu barakeneye kumenya igituma Yesu yogeje ibirenge vy'abagendanyi biwe, no kwumva ibwirizwa yatanze ko nabo ari ukugira nkukwo nyene. Abantu usanga kandi bakeneeye kwigishwa kwishushanya na Kristo, aho kwibona muvvo bakora canke ivyo abandi bantu babavugako canke babiyumvirako. Bakeneeye kwigishwa "kwirata" no "kunezerererwa" intäge nke zabo (2 Korinto 12:9-10). Barakeneye kwigishwa yuko gukunda abandi bisigura kunezeranwa nabo iyo banezerewe no gushika ku co barondera, no kubabarana na bo igihe bari mu mubabaro canke mu gahinda (Roma 12:15; 1 Korinto 12:26). Abantu baranakeneye kwigishwa ku bijanye n'ukuvuga ukuri mu rukundo. Abizera barakeneye kandi kwigishwa uburyo ubujambojambo n'insaku bisambura, n'uburyo bwo kwishura neza hari uwitwariye canke yidogeye umuvukanyi (musazawe canke mushikiwe).

Iyindi ngorane ku bantu bavuye mw'idini rya isilamu bagatumbera Kristo, bashobora kwiga, ni ukuvuga ukuri. Mu mico n'imigenzo y'aba isilamu, abantu bashobora kwigishwa kudakora ibintu ku mugaragaro canke kutuguruka bikwiye muvvo bavuga (raba mu cirwa ca 7 ibivurwa ku bubeshi), kenshi na kenshi kugira bikingire guterwa isoni.

Akarorero, dufate yuko ubonye umukristo nkawe ari mw'ishengero, hanyuma ukiyumvamwo asa nuwuriko ararwanya ikintu muri we, hanyuma urabaza uti: "Ni amaki? Wumva umeze gute?" Muvy'ukuri, hariho ingorane, kandi uyo muntu ntamerewe neza, ariko yishura ati "Ni amahoro. Nta ngorane. Vyose ni amarame". Gurtyo, aguma ameze nkuwambaye ikimuhisha mu maso (isogisi), akenyereyeko. Ingendo nkiyo yo guhisha ingorane umuntu afise (gukenyererako) iribonekeza kenshi mu bantu bahindutse bava mw'idini rya isilamu. Satani irabikoresha mu gufunika abagendanyi ngo ntibatere imbere mu kwizera, mukubabuza gusaba gufatwa mu mugongo.

Kugira ngo iyi ngorane itorerwe inyishu, abagendanyi bakenera kwama baja barahabwa inyigisho ku kamaro ntangere ko kuvugana ukuri, no ku gituma ari ngirakamaro kandi bihambaye kugira ngo umuntu atere imbere mu kwizera kandi aronke umwidegemvyo.

Hariho ibindi bice vyinshi vy'imico n'imigenzo ya kiyisilamu usanga hakenewe “gutanga inyigisho zizibira ibihengeri”, nko mu bikurikira:

- Ingene ari ngombwa guharira abandi (gutanga imbabazi) n'uburyo bwo kubishira mu bikorwa
- kurengera inyifato n'ingendo yo kwumva ukumiriwe ata mvo zibigutuma, no gushavurira abandi ku bintu bidafashe
- kwiga kurangura ubutumwa mu buryo bwubaka ukwizerana hagati y'abantu
- guheba no kwihekana imigirwa y'ibintazi n'amagetengete
- abagore n'abagabo biga kwubahana, bakongera bakiga kuvuga ukuri mu migenderanire yabo, mu buryo burangwa n'urukundo n'ukwicisha bugufi, ata kwiyemeza
- abavyeyi biga guhezagira abana babo aho kubavuma.

(Raba urutonde rw'ingorane ziterwa n'idini rya isilamu no gukurikiza akarorero ka Muhamadi, mu mpera z'icirwa ca 4.)

Ni ngombwa kwerekana cane ko “gutanga inyigisho zizibira ibihengeri” bitegerezwa gukorwa mu buryo bwateguwe neza, kandi ido n'ido, mu gushikira koko intimatima y'ibibazo, kugira ngo abantu bashobore gusanura iviyumviro vyabo vyose ku bijanye n'ibishobisho n'ubuzima ndoramana.

Mu duce dukurikira, turihweza uburyo bwo kwigisha abizera n'indongozi.

Tangura neza

Don Little agereranya abakozi b'Imana b'abamisiyonari babiri bakora mu ba isilamu muri Afrika yo mu buraruko. Bose nyene bari barakozeyo igihe c'imyaka myinshi.¹⁸

Steve (Stefano) yarashoboye adatevye namba gushikana aba isilamu ku kwiyegurira Kristo, amaze imisi bayaze ubwa mbere. Ariko rero, nka bose muri abo bakristo bashasha barahuna bakisubirira iyo

bahora , kenshi hanyuma y'indwi nkeyi baba bamaze bafashe ingingo yo gukurikira Kristo. Ni bake bamara ikiringo c'umwaka batarasubira i buti. Steve uburyo yakoresja, kwari ugushikana abantu ku kwizera Kristo vuba na vuba, ahandi ibisigaye akabihebera Mpwemu Yera, ngo abafashe kumenya vyinshi kurusha no gukomera (“gutsimbatara”) mubijanye n’ukwizera kw’abakristo.

Umukenyuro wa Cheri n’ibiboneka bishimishije yashitseko vyabaye igihushanye n’ivyo vyva Steve. Imbere yo gushikana abantu kuri Kristo, yakoresha umwanya muremure, rimwe na rimwe imyaka. Kugira ngo ashikire intambwe yo guhamagarira abakenyezi bakorana guhinduka abagendanyi ba Kristo, yabanza kuraba yuko bamaze gutegera neza rwose ico guhinduka ukaba umukristo bizoba bisigura, harimwo nuko vyashobora gutuma bahamwa kandi bahukana n’abagabo babo. Umwe wese mu bakenyezi yashikanye kuri Kristo yahindutse umuyoboke atajogajoga, wawundi ukwizera kwiwe kwabandanya no hanyuma yaho Cheri yirukaniwe muri Afrika y’uburaruko.

Igihe co kujana aba isilamu kuri Kristo no kubigisha ngo babe abagendanyi koko, ni ngombwa gukora ibikenewe vyose kugira ngo ubategure. Ibutsa za ntambwe zitanu zo gucako mu gukurikira Krsito, zashikirijwe mu cirwa ca 5:

1. Gutura: ivyirego bibiri:

Ni nkuko Steve yoba yafashe abayoboke bashasha akabacisha kuntambwe ya 1 n'iya 2, kumbure no kuya 3, ariko akabasimbisha iya 4 gushika kuya 6. *Ukwishikana no kwiyegurira rwose kuri Kristo* (*Intambwe ya 4*) bisaba gucagagura imicisho yose yari igufatanije n'idini rya isilamu, ukayisubiriza ukwiyegurira Yesu kwuzuye, ni ukuvuga kutagabanije. *Gusezerana no kwegurira ubugingo bwanje* ukuyoboka no gukorera Kristo (*Intambwe ya 5*) bitegerezwa kubamwo ukwemera uruhamo, navyo bigasaba ugutegera ivyo ingendo n'inyifato vyubakiyeko muri Bibiliya: kugira ngo ugire ukwo "kwiyegurira", ni ngombwa ko ubanza kumenya ubwo buzima wishinze kubamwo. *Ukwemeza yuko ufashe ishusho n'indondoro nshasha* (*Intambwe ya 6*) bisaba ugutegera neza y'ishusho y'umukristo, nico bisigura kuba umwana w'Imana muri Yesu Kristo, aho kuba "uwuganzwa" na Allah (umuja wa Allah). Ibi bisigura kandi gutegera ico ari co gutakaza ishusho n'indondoro yawe ya kera mu gufutwa mw'ihanga ry'aba isilamu (*Umma*), harimwo mbere no gushobora gutana n'abagenzi n'umuryango.

Vyongeye, intambwe ya 3 isaba ugutegera bihagije ico bisigura ukwidegemvya muri Kristo, ico ari co guharira abandi, na kamere k'ubugingo muri Mpwemu.

Kugira ngo umuntu afate icemezo kitanyiganyiga co gukurikiza izo ntambwe abanje kuzitegera bihagije, harakeneye igikorwa ubutumwa bwo kuzimwigisha zikamunyura koko. Muri urwo rugendo rwo kunyurwa n'izo ntambwe, uyo muntu ashobora kwiga ido n'ido kuvavanura rwose n'iviyiyumviro ngenderwako vya kiyisilamu, akabisubiriza ibishingiye kuri Bibiliya Yera.

Iyo umuntu ahindukiriye Kristo akishinga kumukurikira, muvy'ukuri aba asose igitero kuri Satani, yinjiye mu ngwano nayo. Aba yishinze gutabatanga uburenganzira bwa Satani no gushira uburenganzira bwose ku bugingo bwiwe mu minwe ya Yesu Kristo. Iyi, si ingingo isanzwe canke yo gufata mu buryo bwo kujandajanda. Itegerezwa gushigikirwa n'ugutegera neza n'ishaka vyuzuye vya nya muntu.

Kuri izo mvo, abigisha b'Ubutumwa Bwiza bahabwa impanuro yo kwitondera igikorwa co kujana abantu gushika ku gisabisho co kwiyemeza gukurikira Yesu, ntibabikore biruka. Ivyo bobikora gusa igihe uwo muntu ategera bihagije ico bisigura kuri bo, no kubo bakunda.

Birasabwa kandi kudaha ibatisimu uwo ari we wese ataravuga “*Icemezo n'igisabisho co kwhihakana Shahada no gusambura ububasha bwayo*” (raba mu cirwa ca 5), agitegera rwose kandi yemeza akishinga koko ibiri muri co. Imbere yuko haba iki gikorwa, hobanza kuba inyigisho zo gusigura ibiri muri ico cemezo n'igisabisho, n'imvo n'imvano yaco. Ibi vyokorwa mu bihe biri imbere y'ibatisimu. Igisabisho co guhakana gishobora no gushirwa mu biri mu mugirwa wo gutanga ibatisimu. Ukwo kwhihakana (*shahada*) gufasha ukwishinga bikwiye ibiri mu ntambwe ya 4: *Ukwishikana no kwiyegurira* Kristo ngo abe Umwami w'ubugingo bwanje, nako kukaba ari ukwhihakana uburenganzira bwose idini rya isilamu ryitwa ko rifise ku bugingo bw'uyo muntu.

Ugufata mu mugongo indongozi nshasha

Kimwe muvvo abizera bahindutse bava mw'idini rya isilamu bakenera kurusha ibindi muri ibi bihe tugezemwo, ni abapasitori babushitse, nabo nyene bo mu bahindutse bava mw'idini rya isilamu. Abayobozi batari bazima, usanga bavyara amashengero atari mazima. Kugira ngo haboneke ishengero rizima, rituma abantu bakura bagakomera mu kwizera no mu mwidegemvyo, iryo shengero rikenera abayobozi bazima. Ni ngirakamaro cane rwose kurondera gutegura indongozi zituruka mu bahindutse bahora ari aba isilamu, bashobora kurongora amashengero mazima. Ico gikorwa co kubategura neza gisaba imyaka yo kubigisha, kubakurikirana no kubafata mu mugongo.

Imbere yuko utangura igikorwa co gutegura abashobora kuzoba indongozi, ni ngombwa yuko ubanza kubatora! Kimwe mu vyiuyumviro ngenderwako ni iki: fata umwanya ukwiye, witonde mugushira abantu mu bo ushaka gutegurira kurongora abandi. Ufashe umuntu ukamushiramwo igihutihuti, urashobora gusanga uriko uricuza mu bihe bikurikira, uciye ubona uwundi abikwiye kuruta. Abantu bahora ari aba isilamu ushobora gusanga babangamirwa n'ugukumirwa no kuniganira ukuja imbere canke hejuru y'abandi; ni naco gituma, imbere yuko uduza umuntu ukamugira indongozi, wobanza ukaraba neza yuko:

- yiteguriye guhamagarwa
- arangwa no guca bugufi bikwiye kugira ngo yakire igikorwa c'uburongozi

- ari umuntu yoroshe kwigisha
- arangwa n'ukwihangana mu burwaneza gukwiye kugira ngo ashobore kuzomenya ingene yitwara ata gutirimuka imbere y'amahinyu atazobura kwibonekeza y'abazomunebagura.

Niba uri umuntu yahora ari u yumva afise umuhamagaro wo kurongora ishengero, ntukarondere uburyo bwiuhuta cane canke bworoshe cane kurusha ubundi bwo kuvyitegurira. Ca bugufi, utegere yuko ugutegurirwa ayo mabanga bizokenera kandi bizofata umwanya. Emera kwigishwa. Itonde ugenze buhoro buhoro. Ugurukira nyigisho.

Indongozi z'abakristo bahora mw'idini rya isilamu zirashobora kwononwa no kuduzwa ighutihuti. Badugijwe ighutihuti, bishobora gutuma batiga kwicisha bugufi: bashobora kwiyumvira yuko bazi ivyo bakeneye kumenya vyose. Ata zindi nyigisho n'ukumenyerezwa bagikeneye. Ku bashobora kuzoba indongozi, ni vyiza guhera kukubagena kenshi mu burongozi bw'ibiringo bito bito bikurikirana, ku mvo zo kubagerageza, kubihweza, no kubamenyereza, hanyuma hakazoza igihe ubemeza yuko ayo mabanga abegukiye ubutayegayezwa, bamaze kwerekana imbere y'ishengero yuko bafise koko uyo muhamagaro kandi babereye koko ayo mabanga. Abantu badugijwe ighutihuti, bataronse akaryo ko kwereka ishengero yuko ayo mabanga bayakwiye kandi bafise umuhamagaro w'ubutumwa, ushobora gusanga batangura gukumirwa bataranashobora kwitegurira ingene bobitorera inyishu, hanyuma bigaca bibononera ntibashobore kumenyera ngo bareme mu butumwa bashinzwe muri ayo mabanga.

Igikorwa co gutegura neza indongozi nzima gisaba umwanya munini, nkuko kugira ngo ushobore gushikira urugero rw'imboneza z'abakristu zibushitse, hakenerwa umugambi w'igihe kirekire. Ku wemeye gukurikira Kristo akiri mushasha, akaba ari mubashobora kuzoba indongozi, gutera imbere gushika aho baba abakristo babushistse bifata imyaka n'iyindi. Hari vyinshi vyo kwiga, kuko ku bantu bahora mw'idini rya isilamu, uburyo bwo kwiyumvira no kwumva ubuzima n'imigenderanire mu bantu, usanga ari ivyo gusubira kwubaka canke gusanasana.

Ngibi ibintu 12 bikuru bikuru vyo kwisunga mu kwigisha indongozi no kuziherekeza gushika ku rugero rwo kwatirwa:

1. Umwigishwa ni ngombwa ko yama ahura na nyene kumwigisha n'imiburiburi rimwe ku ndwi.
2. Abariko barategurirwa uburongozi, bigishe ubereke uburyo bwo gupanga no gutanga iviyumviro ndoramana, kuroranya ivyo umuntu acamwo mu buzima n'ukwizera Imana. Aha, ni ukwiga kwisunga ukwemera n'ibiru muri Bibiliya Yera, mu gutorera inyishu ibishobora kuduhanga mu buzima bwa misi yose no mu butumwa. Biciye ku buryo bwo kwiyumvira ndoramana biva ku gushaka kwa muntu, uca usanga ariko atumbera ukuri, kandi agaca ashobora buhoro buhoro kuja arahinduka ikiremwa gishasha cubakiye ku karorero ka Yesu Kristo.
3. Tanga inyigisho ku mugaragaro kandi mu buryo buzira akanenge ko kubeshabesha , uvuge ibintu uko biri: abigishwa, bereke yuko nabo ariyo nyifato n'ingendo ubazeyeko. Uwo uriko urigisha niba umutwe yawurokeje mu gisogisi kimuhisha mu maso (masque), muri ico gikorwa cawe, ico kintu kimupfutse mu maso (ico gisogisi) ni co kizogenda gikura, si nyene kucambara! Umusi uri izina, wa muntu w'ukuri ashobora kuja ahabona, agakura ca gisogisi kimuhishije mu maso. Niho uzoja ubona yuko atari wa muntu wahora wiymvira, ahubwo ari uwundi.

Ni na ngombwa cane yuko umwigisha atanga / aba akarorero k'ico bisigura gukora ku mugaragaro ata guhishahisha canke gucenkana, kugira ngo indongozi iriko irategurwa ibone yuko itegerezwa kuba umuntu yisanzuye kandi yugurutse kubijanye nivyo azoba ariko araharanira.

Igihe natangura ubwa mbere ubutumwa bwo kwigisha umugabo n'umugore wiwe bashobora kuzoba abapasitoru b'ishengero ry'abantu bahora ari aba isilamu, aho twahura ubwa mbere, nababajije nti: "Hari ingorane mwoba mufise?" Banyishura ngo "Oya."

Indwi ikurikira, turasubira turahura, hanyuma ndasubira ndababaza nti: "Hari ingorane mwoba mufise?"

Inyishu yabaye yayindi nyene, ngo "Oya."

Duhuye ku ndwi igira gatatu, ndasubira kandi ndababaza ca kibazo nti: "Hari ingorane mwoba mufise?"

Naha nyene, inyishu yabaye “Oya.”

Niho nababwira nti: “Biranteye amakenga kwumva iyo nyishu. Nciye nibaza nti mwoba mufise ingorane, ariko ntimumenye yuko muzifise”. Aho nafo ntivyoba ari vyiza. Canke murafise ingorane, ariko ntazo mushaka kumbwira, navyo nyene bikaba atari vyiza. Ni ikihe muri ivyo bibiri?

Aha rero, baciye batangura kunyugurukira: bari bafise ingorane, ariko imico kama yabo ya kiysisilamu yari yabigishije yuko vyari biteye isoni kubwira abandi aho uhobahoba canke ingorane ufise. Ariko rero guhera uyo musi, imigenderanire yacu yarahindutse, barugurutse batangura kuja baranyagira ingorane n’izindi ntambamyi zari zibabangamiye. Kuva ico gihe, vyaciye binyorohera kuza ndabafasha. Biciye muri iyo nzira, ukwizigirana kwarakomeye, maze ba bantu baboneraho gutera imbere badatevye gushika ku bukristu bwuzuye.

4. Umwigisha n’abategurwa kuba indongozi bose nyene ni ngombwa yuko buguruka kandi bakumva yuko bose nyene boja barazana ibikenewe kuyarwa no gutorerwa inyishu. Tera intenge umwigishwa gushira ishaka mu gutora ibibazo bozana mu mahuriro yanyu vyofatirwako ku biyago ntanganyigisho.
5. Umwigishwa n’umwigisha bakeneye gukorera hamwe mu gutorera inyishu ibibazo no mu gufata ingingo zijanye n’ubuzima bw’ishengero. Muri ubwo buryo, ya ndongozi iriko irategurwa ishobora kwiga uburyo bwo gutorera umuti ingorane n’ibibazo bijanye n’ubutumwa bw’umupasitori mu buryo bdateye kubiri n’Imana canke n’ibiri muri Bibiliya.
6. Mu gihe uriko urategura uwujejwe kuzoba indongozi, mu nyigisho umuha, mufashe kugendera mu mwidegemvyo. Hafi ya bose barafise ico bakenye kubohorwa mu nyigisho zibategurira ubutumwa. Izo ngoyi zitahavuye ngo ibikomere bivurwe bikire, uko kudakira no kubura umwidegemvyo uzosanga bizingamika uburyo uwo muntu yokwamye ivyamwa muri kazozza. Hibonekeje ikibazo cerekana yuko hoba habuze umwidegemvyo wa muntu, torera inyishu ico kibazo ukoresheje uburyo dufise, muri Kristo. Ubwo nabwo buri mu cirwa ca 2. Vyongeye, umuntu yaciye ku ntambwe

zose zo kubohorwa niwe azotegera neza kurusha uburyo bwo gufasha abandi kubohoka no gushikira umwidegemvyo.

Abantu uzosanga babaza bat: “Ashobora gute gutunganya neza ishengero, adashoboye no gutunganya neza umuryango wiwe (n’umuryango wiwe umunaniye)”?
8. Igihe izo ndongozi ari umugabo n’umugore wiwe, bazokenera gufatwa mu mugongo kugira ngo batere imbere mu gutegera ico bisigura kwubaka rukristo no kugira urugo rwubakiye ku rukundo no kwubahana bitatswe n’umutima wo gukorera abandi, atari rumwe rwubakiye ku muntu umwe aganza akagaba uwundi.
9. Shimikira ku buryo mu gikorwa c’ubutumwa, bihambaye kwimenza neza uko uri. Igihe abantu barangwa no kurushanywa, ukudakorera ku mugaragaro, ugasanga umwe wese aronderra kwumva ari hejuru y’abandi, uca usanga batiyizi uko bari. Ibi birashobora kuba kimwe mu bikomere bituruka kw’idini rya isilamu. Kugira ngo ashobore gutera aja imbere, nyene kwigishwa no gutegurwa ngo azobe indongozi ategerezwa kwiga guha agaciro ivyo abandi bamubwira ko yoryohora mu buryo akora, akabifata nk’impano n’igikoresho ngirakamaro. Ibi bisigura ko ari ukwiga kutama uriko uriregura, wumva ugeramiwe, ugizweko igitero canke ukumiriwe igihe ubwiwe ibantu bikunegura kandi vyubaka. Vyongeye, umwigisha ategerezwa gutanga akarorero ko kuba umuntu yumviriza abandi kandi abugurukiye (umutima w’uburwaneza) mu buryo bwiwe bwo gukora, agatanga akarorero ko kwimenza uko umuntu ari mu buryo basaba iviyiyumviro n’uburyo bishura ivyo bahawe. Umwigisha abona yuko umwigisha amukurikirana ashobora kwakirana umutima mwiza iviyiyumviro bimwunganira, nawe bituma arushirizaho kwitegura kuzokora nkuko nyene.

10. Fasha umwigishwa kwakira ibitajanye n'ivyo bari biteze, maze bavyakire mu buryo budateye kubiri n'Imana, kugira ngo bashobore kuzoja barashobora guca mu ngorane no kuzirengera.
